AUTHORITY FOR THE ISSUANCE OF THE 2026A BONDS

General Legal Authority

The 2026A Bonds are being issued by the Division on behalf of the Board of Governors, pursuant to Article VII, Section 11(d) and Article IX, Section 7(d) of the Florida Constitution, the State Bond Act, Section 1010.62, Florida Statutes, and other applicable provisions of law. Article VII, Section 11(d), of the Florida Constitution provides that revenue bonds payable solely from funds derived directly from sources other than State tax revenues may be issued by the State of Florida or its agencies, without a vote of the electors, to finance or refinance capital projects. Section 215.59(2), Florida Statutes, authorizes the issuance of revenue bonds by the Division pursuant to Article VII, Section 11(d), of the Florida Constitution. The Division is also authorized to issue refunding bonds on behalf of any State agency by Section 215.79, Florida Statutes.

Division of Bond Finance

The Division, a public body corporate created pursuant to the State Bond Act, is authorized to issue bonds on behalf of the State or its agencies. The Governing Board of the Division is composed of the Governor, as Chairman, and the Cabinet of the State of Florida, consisting of the Attorney General, as Secretary, the Chief Financial Officer, as Treasurer, and the Commissioner of Agriculture. The Director of the Division serves as an assistant secretary of the Governing Board of the Division and directs the day-to-day operations of the Division, including the issuance of bonds.

State Board of Administration of Florida

The State Board of Administration of Florida (the "Board of Administration") was created under Article IV, Section 4 of the Florida Constitution, as revised in 1968 and subsequently amended, and succeeds to all the power, control and authority of the State Board of Administration established pursuant to Article IX, Section 16 of the Constitution of the State of Florida of 1885. It will continue as a body at least for the life of Article XII, Section 9 (c) of the Florida Constitution. The Board of Administration is composed of the Governor, as Chairman, the Attorney General, and the Chief Financial Officer. Under the State Bond Act, the Board of Administration determines the fiscal sufficiency of all bonds proposed to be issued by the State of Florida or its agencies. The Board of Administration also acts as the fiscal agent of the Board of Governors in administering various funds and accounts. See "SECURITY FOR THE 2026A BONDS – Flow of Funds" herein for a more detailed description of the funds and accounts managed by the Board of Administration.

Board of Governors

The Board of Governors of the State University System of Florida (the "Board of Governors") was established by Article IX, Section 7 of the Florida Constitution to operate, regulate, control, and manage the State University System, which is comprised of all public universities within the State (collectively, the "State Universities"). The responsibilities of the Board of Governors include defining the mission of each State University, ensuring the coordination and operation of the State University System, and avoiding wasteful duplication of facilities or programs. The Board of Governors' management of the State University System is subject to the power of the Florida Legislature to appropriate funds.

The Board of Governors provides fiscal policy guidelines to the State Universities. State Universities must engage in debt management practices that are consistent with the Board of Governors' Debt Management Guidelines. The Debt Management Guidelines address types of debt that may be issued, the amount of debt that may be incurred, and the purposes for which such debt may be issued. State Universities are also statutorily required to receive approval from the Board of Governors prior to the issuance of revenue bonds.

The Board of Governors consists of 17 members, with 14 appointed by the Governor and three ex officio members. The appointed members must be confirmed by Florida Senate and serve staggered seven-year terms as provided by law. The Board of Administration approved the fiscal sufficiency of the 2026A Bonds, as required by the State Bond Act, on June 9, 2026.

DESCRIPTION OF THE 2026A BONDS

The 2026A Bonds are being issued as fully registered bonds in the denomination of $1,000 or integral multiples thereof. The 2026A Bonds are payable from the Pledged Revenues as described herein. The 2026A Bonds will be dated the date of delivery thereof

and will mature as set forth on the inside front cover. Interest is payable semiannually on May 1 and November 1 of each year, commencing November 1, 2026, until maturity or redemption. Interest on the 2026A Bonds will be calculated on the basis of a 360-day year of twelve 30-day months.

The 2026A Bonds will initially be issued exclusively in "book-entry" form. Ownership of one 2026A Bond for each maturity (as set forth on the inside front cover), each in the aggregate principal amount of such maturity, will be initially registered in the name of "Cede & Co." as registered owner and nominee for the Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the 2026A Bonds. Individual purchases of the 2026A Bonds will be made in book-entry form only, and the purchasers will not receive physical delivery of the 2026A Bonds or any certificate representing their beneficial ownership interest in the 2026A Bonds. See Appendix J, "Provisions for Book-Entry Only System or Registered Bonds" for a description of DTC, certain responsibilities of DTC, the Board of Governors, and the Bond Registrar/Paying Agent, and the provisions for registration and registration of transfer of the 2026A Bonds if the book-entry only system of registration is discontinued.

REDEMPTION PROVISIONS

Optional Redemption

The 2026A Bonds maturing in the years 2027 through 2036, both inclusive, are not redeemable prior to their stated dates of maturity. The 2026A Bonds maturing in the year 2037 and thereafter (including any Term Bonds) are redeemable prior to their stated dates of maturity without premium, at the option of the Division (i) in part, by maturities and/or Amortization Installments to be selected by the Division, and by lot within a maturity and/or Amortization Installment if less than an entire maturity and/or Amortization Installment is to be redeemed, or (ii) as a whole, on May 1, 2036, or on any date thereafter, at the principal amount of the 2026A Bonds so redeemed, together with interest accrued thereon to the date of redemption.

Mandatory Redemption

The successful bidder on the 2026A Bonds has the option of specifying that all of the principal amount of the 2026A Bonds scheduled to mature in any two or more consecutive years will, in lieu of maturing in each of such years, be considered to comprise a single maturity of such 2026A Bonds (a "Term Bond") scheduled to mature in the latest of such years. Any Term Bonds specified pursuant to the Term Bonds option will be subject to mandatory redemption from the Sinking Fund by lot at par, plus accrued interest, without premium in each of the years and in the principal amounts set forth on the inside front cover (each an "Amortization Installment"). The successful bidder may exercise the above option one or more times. The final Official Statement will reflect which 2026A Bonds, if any, will be Term Bonds, subject to mandatory redemption by completion of the following paragraph and amortization table for each Term Bond:

> The 2026A Bonds maturing on May 1, 20__ (the "20__ Term Bonds"), are subject to mandatory redemption in part, by lot, on May 1, 20 _ , and on each May 1 thereafter to and including May 1, 20 , at the principal amount of the 20__ Term Bonds to be redeemed, without premium, plus accrued interest, from Amortization Installments in the years and amounts as follows:

Year	Principal Amount	Year	Principal Amount
_____	$_____	_____	$_____

Notice of Redemption

Notices of redemption of 2026A Bonds or portions thereof will be mailed by first class mail at least 30 days prior to the date of redemption to Registered Owners of record as of 45 days prior to the date of redemption. Such notices of redemption will specify the serial numbers and the principal amount of the 2026A Bonds to be redeemed, if less than all, the date fixed for redemption, and the redemption price. Interest on the 2026A Bonds called for redemption will cease to accrue upon the redemption date. In lieu of mailing, the Bond Registrar/Paying Agent may elect to provide such notice of redemption by electronic means to any Registered Owner who has consented to such method of receiving notice.

Failure to give, or any defect in, any required notice of redemption as to any particular 2026A Bonds will not affect the validity of the call for redemption of any 2026A Bonds in respect of which no such failure has occurred. Any notice mailed as provided in the Resolution will be conclusively presumed to have been given, whether or not the Registered Owner receives the notice.

PURPOSE OF THE ISSUE

The proceeds of the sale of the 2026A Bonds will be used to pay a portion of the cost of the 2026A Project, to refund all or a portion of the outstanding State of Florida, Board of Governors, Florida State University Dormitory Revenue Bonds, Series 2014A and 2015A, and to pay costs of issuance.

2026A Project

The 2026A Project consists of the construction of a 1,200-bed residence hall on the University's main campus. The 2026A Project will include a combination of double, single, and mixed suites, with shared bathrooms and common living areas. The building will also include an academic resource center, study spaces, program rooms, kitchens/social lounges, and learning common areas. The University also plans to construct a dining facility adjacent to the 2026A Project. The dining facility is not part of the 2026A Project or the Housing System and will be funded with a cash contribution from the University in the estimated amount of $40 million ($20 million from unrestricted Housing System reserves and $20 million from other University sources).

The University's Planning, Construction, and Design Office developed the construction budget for the 2026A Project of $284.4 million, which is comprised of construction costs and services reimbursement ($221.8 million); professional fees ($21.5 million); furniture, fixtures, and equipment ($9.6 million); inspections, surveys, tests, and permits ($5.6 million); and contingencies and escalation ($25.9 million). The 2026A Project will be funded by proceeds of the 2026A Bonds and a cash contribution of $6 million from unrestricted Housing System reserves.

Construction of the 2026A Project will be coordinated by a construction manager selected in accordance with the applicable Board of Governors requirements, which include public advertisement; review of credentials, references, qualifications; confirmation of bonding capabilities; and a presentation interview. The University entered into a contract with Culpepper Construction to serve as construction manager for the 2026A Project. Oversight of the 2026A Project will be conducted by the construction manager and the University's Planning, Design, and Construction Office. In addition to compliance with all applicable codes and standards, permits have been approved by the Division of State Fire Marshal. The University has indicated that there are no known environmental risks present at the site. Design and preliminary engineering work are substantially complete, and construction on the 2026A Project commenced in June 2026. The University expects the 2026A Project will open for occupancy in August 2028 for the start of the fall 2028 semester. The 2026A Project is fully insured by the construction manager's Builder's Risk Policy for the duration of the construction of the 2026A Project.

Refunding Program

A portion of the proceeds from the sale of the 2026A Bonds, along with other legally available funds, will be used to pay a portion of the costs of issuance of the 2026A Bonds and to refund all or a portion of the outstanding State of Florida, Board of Governors, Florida State University Dormitory Revenue Refunding Bonds, Series 2014A, maturing in the year 2028* in the outstanding principal amount of $3,215,000* (the "Refunded 2014A Bonds") and the outstanding State of Florida, Board of Governors, Florida State University Dormitory Revenue Bonds, Series 2015A, maturing in the years 2030* through 2034* in the outstanding principal amount of $24,570,000* (the "Refunded 2015A Bonds" and together with the Refunded 2014A Bonds, the "Refunded Bonds"). This refunding is being effectuated to achieve debt service savings.

Simultaneously with the delivery of the 2026A Bonds, the Division will cause to be deposited a portion of the proceeds of the 2026A Bonds, along with other legally available moneys, into an irrevocable escrow account (the "Escrow Deposit Trust Fund") under an Escrow Deposit Agreement to be entered into among the Board of Governors, the Division, and the Board of Administration (the "Escrow Agent"). It is expected that the Escrow Agent will invest the proceeds in the Escrow Deposit Trust Fund in direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by the United States of America (the "Federal Obligations") or other legally authorized investments or will hold those moneys uninvested.

The amount of monies initially deposited in escrow, together with interest earnings thereon, if any, will be sufficient to redeem the Refunded Bonds on the redemption date. The Refunded Bonds will be considered legally defeased, will no longer have any claim upon the Pledged Revenues, and will have a claim only upon the Escrow Deposit Trust Fund.

The Refunded Bonds will be called for redemption (by separate redemption notice) following the sale of the 2026A Bonds at a redemption price equal to the principal amount thereof with interest due thereon through the redemption date. No funds held in the Escrow Deposit Trust Fund will be available to pay debt service on the 2026A Bonds.

* Preliminary, subject to change.

SECURITY FOR THE 2026A BONDS

Pledge of Housing System Revenues

The 2026A Bonds and the interest thereon constitute obligations of the Board of Governors on behalf of the University and are payable solely from and secured as to the payment of principal and interest by a first lien on the Pledged Revenues on a parity with the Outstanding Bonds which are expected to be Outstanding in the aggregate principal amount of $349,345,000* subsequent to the issuance of the 2026A Bonds. Pledged Revenues are derived from the room rental income and charges for services or space provided by the Housing System. The Housing System consists of the student living facilities of the University, as set forth in the Resolution, and such additional housing facilities as may be added to the Housing System, all as more fully described in "THE HOUSING SYSTEM" herein. The Pledged Revenues consist of the revenues of the Housing System, as defined in the Resolution, after deducting the Current Expenses, the Administrative Expenses and the Rebate Amount, if any. Pledged Revenues resulting from the operation of the Housing System and the related debt service coverage ratios are set forth in "THE HOUSING SYSTEM - Historical Pledged Revenues and Debt Service Coverage" herein.

The 2026A Bonds are "revenue bonds" within the meaning of Article VII, Section 11(d), of the Florida Constitution, and are payable solely from funds derived directly from sources other than State tax revenues. T**he 2026A Bonds do not constitute a general obligation or indebtedness of the State of Florida or any of its agencies or political subdivisions, including the Board of Governors or the University, and the full faith and credit of the State is not pledged to the payment of the principal of or interest on the 2026A Bonds.** The issuance of the 2026A Bonds does not, directly or indirectly or contingently, obligate the State of Florida to use State funds, other than the Pledged Revenues, to levy or to pledge any form of taxation whatsoever or to make any appropriation for payment of the principal of or interest on the 2026A Bonds.

*Preliminary, subject to change

No Funded Reserve Account

The Resolution provides that the Reserve Account for the 2026A Bonds may be funded in an amount determined by the Director, which may be zero. The Reserve Requirement for the 2026A Bonds has been determined to be zero. No deposit will be made to the Debt Service Reserve Account from the proceeds of the 2026A Bonds.

Flow of Funds

Collection of Pledged Revenues – Upon collection, Housing System Revenues are deposited into the University's bank account and accounted for in a separate fund (the "Revenue Fund") to be administered in accordance with the provisions of the Resolution and applicable laws. After providing for the payments required below, the University may use the Pledged Revenues for optional redemption or purchase of Bonds or any lawful purpose of the University.

Application of Revenues – All revenues on deposit in the Revenue Fund will be applied only in the following manner and order of priority:

(A) First, for payment of Current Expenses of the Housing System;

(B) Second, the remaining moneys not needed for the purposes in (A) above are transferred to the Board of Administration to be used as follows:

(i) for payment of the Administrative Expenses;

(ii) for deposit into the Sinking Fund, an amount sufficient to pay the next installments of principal and interest to become due during the then current fiscal year, including Amortization Installments for any Term Bonds;

(iii) for the maintenance and establishment, if necessary, together with other moneys available for such purposes, of the Reserve Account, or subaccounts therein, in the Sinking Fund in an amount equal to the Debt Service Reserve Requirement; and

(iv) for deposit to the Rebate Fund, an amount of moneys sufficient to pay the Rebate Amount; and

(C) Third, into the Building Maintenance and Equipment Reserve Fund, the amounts required by the Resolution.

Covenants of the Board of Governors

The Board of Governors has additionally covenanted in the Resolution as follows:

(A) That it will punctually pay the Pledged Revenues in the manner and at the times provided in the Resolution and that it will duly and punctually perform and carry out all the covenants of the Board of Governors and the duties imposed upon the Board of Governors by the Resolution.

(B) That in preparing, approving and adopting any budget controlling or providing for the expenditures of funds for each budget period it will allocate, allot and approve from the Housing System Revenues and other available funds the amounts sufficient to pay the Pledged Revenues as provided in the Resolution.

(C) That it will from time to time recommend, fix and include in budgets such revisions in the amounts of rentals and other fees to be levied upon and collected from each person housed in or using the facilities of the Housing System and will collect such amounts, which will produce sums sufficient to pay, when due, 100% of the amounts required under the Resolution.

(D) That it will continue to collect the fines, fees, rentals and other amounts charged all individuals served by the Housing System.

Additional Parity Bonds

The Resolution provides that Additional Parity Bonds may be issued, but only upon the following terms, restrictions, and conditions:

(A) the proceeds from such Additional Parity Bonds will be used to acquire and construct capital additions or improvements to the Housing System or to refund Outstanding Bonds;

(B) the Board of Governors must request the issuance of the Additional Parity Bonds;

(C) the Board of Administration must approve the fiscal sufficiency of such Additional Parity Bonds;

(D) certificates will be executed by the Board of Governors and/or the University setting forth (1) the average amount of Pledged Revenues from the two fiscal years immediately preceding the issuance of the proposed Additional Parity Bonds, and (2) the Maximum Annual Debt Service on the Bonds then Outstanding and the Additional Parity Bonds then proposed to be issued;

(E) the Board of Governors and the University must be current in all deposits into the various funds and accounts and all payments theretofore required to have been deposited or made by it under the provisions of the Resolution and the Board of Governors must be currently in compliance with the covenants and provisions of the Resolution and any supplemental resolution thereafter adopted for the issuance of Additional Parity Bonds, unless upon the issuance of such Additional Parity Bonds, the Board of Governors will be in compliance with all such covenants and provisions; and

(F) the average amount of Pledged Revenues for the two immediately preceding fiscal years, as adjusted as provided for in the Resolution, will be at least equal to 130% of the Maximum Annual Debt Service on the (i) Bonds then Outstanding, and (ii) the Additional Parity Bonds then proposed to be issued. Additional Parity Bonds issued in accordance with the Resolution will be on a parity as to lien on the Pledged Revenues with the Outstanding Bonds and the 2026A Bonds.

The Bonds may be refunded in whole or in part as long as the Additional Parity Bond requirements are complied with, except that refunding bonds with a lower Annual Debt Service Requirement than the Bonds they are refunding do not have to comply with the coverage provisions of the preceding paragraph.

The Resolution provides that for purposes of the Additional Parity Bond test, Pledged Revenues may be adjusted to reflect rate increases and additional Housing System facilities.

All of the above terms, conditions and restrictions being complied with, the 2026A Bonds will be issued on a parity with the Outstanding Bonds.

Springing Amendment to Additional Parity Bonds Test

The Governing Board, on behalf of the Board of Governors, seeks to amend Section 5.01(G) of the Original Resolution governing the issuance of Additional Parity Bonds to reduce the average annual amount of Pledged Revenues required to issue Additional Parity Bonds from 130% to 120% of the Maximum Annual Debt Service on the Bonds then Outstanding and the Additional Parity Bonds then proposed to be issued. The amendment would become effective in the future, in accordance with Section 8.02 of the Original Resolution, upon receipt of the written consent of the Registered Owners of more than fifty percent in principal amount of the Bonds then Outstanding. The amendment is expected to become effective upon the next issuance of Additional Parity Bonds. **Initial Registered Owners of the 2026A Bonds, by virtue of their purchase and acceptance of the 2026A Bonds, shall be deemed to have consented in writing to and approved the amendment.**

THE HOUSING SYSTEM
(Source: Florida State University)

Introduction

Florida State University (the "University") is a comprehensive, graduate-research university, offering undergraduate, graduate, advanced graduate, and professional programs of study. The main university campus is spread over approximately 474 acres in Tallahassee, Florida. The University also has a branch campus in Panama City, Florida, on approximately 26 acres. The total student body exceeds 46,000, of whom approximately 72% are undergraduates and approximately 81% are full-time students. Additional information regarding the University is provided in Appendix E.

The University Housing Department, within the Division of Student Affairs, supports the mission of the University by providing student housing to the University community; it operates the University's housing program through a central housing office which has responsibility for general oversight and management, and through on-site management at each residential facility.

Staffing

The Housing System employs over 444 full-time and part-time staff. The staff, which includes students and non-students, is comprised of clerical staff and administrators. Selected staff members are trained to assess the development of students and to provide a comfortable environment that promotes and supports the education mission of the University.

Housing Facilities

The Housing System currently provides facilities to accommodate 6,709 students, the vast majority being undergraduate students. The housing facilities are comprised of four apartment style residence halls and fourteen traditional residence halls, of which ten currently offer suite-style living arrangements (a bath adjoining two living units). The residence halls that currently comprise the Housing System are outlined below, including details on their original construction and renovation dates and their current design capacity.

Capital Improvement Plan

The Department of University Housing develops a ten-year capital plan, identifying major capital projects required to maintain the quality of the housing units. Since 2015, the University has completed several major capital improvements, including the razing and rebuilding of Dorman and Deviney Halls, completed in 2015, and the construction of Magnolia and Azalea Halls, which opened in 2017. In 2025, the University purchased two townhouses in Washington, DC, for its FSU DC Study Away program, which will add 15 beds to the Housing System. The capital improvements were funded with bond proceeds and cash contributions from the Housing System. Other improvements common to all residence halls such as air conditioning, roof replacement, new elevators, masonry repair, furniture replacement and fiber optic wiring have also been completed. Capital expenditures over the past five years, other than those funded from bond proceeds, have averaged approximately $5.0 million per year. Annual repair and replacement expenditures are funded by Housing operating revenues.

Future plans include construction of another 1,339-bed residence hall that is planned to open in fall 2033 to replace McCollum, Rogers, and Salley Halls and a dining facility. That residence hall is expected to be funded through the issuance of Additional Parity Bonds and will be the second phase of the University's plan to update infrastructure on the northwest campus. The timing of the start of these projects is dependent on approval by the Board of Governors, and the issuance of bonds will be subject to the provisions of the Original Resolution. The University also purchased and is renovating Champions Hall, previously owned by the Seminole Boosters, which is expected to be added to the Housing System and open in spring 2028 with 130 beds. Additional priority projects not included in the capital improvement plan are identified and undertaken annually as funding becomes available.

Insurance on Facilities

All University facilities, and the contents thereof, are insured under the State Risk Management Trust Fund as required by Chapter 284, Florida Statutes. Rental value insurance is also provided to cover any loss of revenue from any facility. For projects under construction, prior to acceptance by the University, and throughout the duration of construction, the State University System requires that the construction manager insure the project, including materials, equipment, vehicles, and personnel.

Demand for On-Campus Housing

The University Master Plan includes a goal to house 20% of both undergraduate and graduate students; however, the focus for on-campus housing is to provide accommodations to primarily first-time-in-college ("FTIC") undergraduate students. The Housing System currently provides facilities to accommodate approximately 6,700 students, with the vast majority being undergraduate students. Total enrollment for Fall 2025 was 46,184, including 33,068 undergraduates, of which 4,117 were FTIC students. Approximately 90% of undergraduates attend full-time, and although 80% of students are from Florida, a majority of in-state students are from central and south Florida rather than the Tallahassee area.

The current on-campus capacity of approximately 6,700 is enough space to accommodate all FTIC students and approximately 18% of the University's full-time students; however, existing demand for on-campus housing by students exceeds the number of beds available. The University does not have a policy requiring any students to live on campus, so students are free to choose living accommodations. Even though the University does not mandate that students live on campus, there has been strong demand for participation in its on-campus residence experience. Over the past ten years, the number of applications for housing in the undergraduate halls exceeded capacity each fall term. When applications exceed capacity, waiting lists are developed for students until permanent assignments can be identified through attrition. The waiting list for the fall 2026 semester exceeded 409 students at the end of April. Due to the length of the waiting list, housing applications were not accepted after May 1st. The University estimates several hundred students are turned away from applying for on-campus housing each year due to this deadline.

The table below sets forth the occupancy rates for the last five years as of the official opening day for the fall semester of the residence halls comprising the Housing System.

Housing System Occupancy Statistics

Fall Semester	Total Housing Capacity	Total Occupancy	Occupancy as % of Total Capacity	Total Housing Applications Received	Total Full-Time Students	% of Full-Time Students Living On Campus
2021	6,695	6,654	99.4%	8,791	37,018	18.0%
2022	6,707	6,639	99.0%	8,479	36,278	18.3%
2023	6,675	6,641	99.5%	10,036	35,847	18.5%
2024	6,707	6,657	99.3%	9,655	36,215	18.4%
2025	6,702	6,675	99.6%	9,896	37,223	17.9%

On-Campus Rental Rates

Rental rates for residence halls at the University are reviewed on an annual basis. The Assistant Vice President in charge of University Housing meets with student leadership to inform them about potential rate increases for the subsequent fall semester. According to regulations of the University's Board of Trustees, the rental rate must be annually set at the cost to the University, and any recommendation for a rental rate increase will be based on any increased operational costs to the University. If an increase is recommended, student government leaders, resident assistants, and all resident students are informed through meetings and written communications but do not have the opportunity to vote on the rental rate proposal. In compliance with the standard practice established within the State University System concerning housing rental rates, the University Department of Housing submits the recommendation to the Auxiliary Service Board for approval prior to April 1 of each year. Pursuant to Article IX, Section 7(e) of the Florida Constitution, any increase in Housing System rental rates must be approved by a super-majority (9 of 13 members) of the Board of Trustees.

The following table lists the predominant types of living accommodations in the Housing System available to students and the related historical and projected rental rates on a per student, per semester basis for each academic year. For the academic year 2025-26, the Housing System consisted of 5,506 suite-style beds, 196 townhouse spaces, and 1,007 spaces in apartment facilities.

The projected rental rates are for illustration purposes only, and management of the University makes no representation as to whether any rental rate increases will be made in the future. Rental rate increases are based on annual market surveys and needs analyses. Rental rates for all beds were increased by approximately 4.5% for the current 2026-27 academic year, and an increase of up to 4.5% has been approved by the Board of Trustees and is expected to be adopted for academic year 2027-28. The projected rates shown below

reflect annual increases of approximately 10% for semester rates for all facilities in academic years 2028-29 through 2031-32, with these additional rate increases subject to approval by the Board of Trustees. These rental rates were used in the calculation of projected Housing System Revenues set forth in "Projected Pledged Revenues and Debt Service Coverage." The Board of Governors has covenanted in the Original Resolution to recommend, fix, and include in its budget rental rates that will produce sufficient revenues to pay amounts due with respect to the Outstanding Bonds and the 2026A Bonds.

The on-campus rental rates shown include all utilities, wireless internet, campus mailboxes, residential academic curriculum, and supervisory staff.

Comparison of Housing Rates

A survey of certain comparable off-campus facilities is included in the following table. The off-campus facilities selected for this survey are primarily student apartment facilities. The average monthly rental rate for these off-campus, two-bedroom apartments as of January 2026 was approximately $1,090 per person. The off-campus rental rates do not include utilities or any required deposits and generally require a 12-month lease commitment. On-campus rental rates for the 2026-27 academic year for a suite-style double with shared bath is $4,275 per semester (approximately 4 months), or $1,069 per month, per student. The on-campus rates include all utilities, wireless internet, campus mailboxes, residential academic curriculum, and supervisory staff.

The above analysis includes only a sampling of the many off-campus alternatives available to students. While the off-campus student housing market in Tallahassee is very large, the on-campus housing facilities owned and operated by the University provide a unique student residential experience that is fundamentally different from any other living environment available in the Tallahassee off-campus student housing market. Many parents want their children to reside on campus, particularly during their first year for quality of service, convenience, and safety. Additionally, national studies have shown that students who live on campus are more connected to the institution, do better academically, and are more likely to persist to graduation.

Student Housing Payments and Collection

University housing rental rates are determined for each academic year. Residence hall rates are the same for fall and spring semesters. A pre-payment is required at the time an application is submitted to the University for housing. Upon assignment of a room, the unpaid balance is due on the same due date as tuition, which is the second Friday of each semester. Rent is placed on the University-wide accounts receivable system for collection. Students with unpaid balances above $500 are precluded from registering for a subsequent semester and from receiving a transcript or diploma until their account is paid. The average collection rate for the last five fiscal years is set forth below.

Fiscal Year	Average Collection Rate
2020-21	97.63%
2021-22	98.31%
2022-23	97.40%
2023-24	97.47%
2024-25	98.14%

University housing agreements are issued for the entire academic year (fall and spring semesters). Separate housing agreements are issued for the summer semester. Release from the housing agreement is limited to circumstances which involve a student's withdrawal from the University. Students withdrawing from the University may receive a partial refund of their housing fees based on the specific period of time the student resided in a University housing facility. The housing agreement clearly describes each student's obligation to adhere to all University and housing policies.

Budgetary Process

The budgetary process for University Housing follows the guidelines issued by the Budget Office at the University. These guidelines provide a standardized format, setting forth prior fiscal year information by budget categories uniformly for all University departments. Included with the auxiliary guidelines are various salary and benefit information, and various insurance cost estimates. Housing rental rates have previously been established for the new fiscal year at the time of the rental rate increase process. Based on a thorough review of the current fiscal year's operation, revisions are made, if necessary, to the projected budget which was prepared as a part of the rental rate increase proposal. Various expenditure projections may be modified as updated information is made available; however, revenue projections are based on the approved rental rates. Projections are summarized by budget category, by department and are submitted to the Budget Office.

The following table sets forth the Housing System operating budgets and actual results for Fiscal Years 2023-24 and 2024-25 and the budgets for 2025-26 and 2026-27. This information has been prepared by the University on a cash basis for internal management purposes only and has not been audited. Ending cash balance excludes non-operating cash transfers to and from the Housing System.

The variance in Fiscal Year 2023-24 revenues was due to increased investment earnings and increased rental income due to higher occupancy than budgeted. The variance in Fiscal Year 2023-24 expenditures is primarily due to Housing having multiple unfilled, vacant positions, which reduced salary and benefit expense below budget. The large variance in Fiscal Year 2024-2025 in operating capital outlay was due to the purchase of 232 Hayden Road (Champions Hall) at the end of Fiscal Year 2024-25 for $11 million from the Seminole Boosters, and two townhouses in Washington, DC for $3.5 million to house the new FSU DC Study Away program.

The variances in non-operating expenses in the years shown are primarily the result of expenditures being categorized as operating expenditures for budgeting purposes and then being re-categorized as non-operating expenditures once actual expenditures are made due to refinements made in the reporting of those items.

Discussion and Analysis of Financial Condition and Results of Operations for Fiscal Years 2020-21 through 2024-25

The operation of the Housing System depends primarily on revenues collected from room rentals. Interest income, laundry commissions, and other miscellaneous fees provide additional income. Operating expenses include costs associated with salaries, utilities, daily maintenance functions, supplies, and cashiering/accounting. Non-operating expenses include those costs necessary for capital improvements of the facilities. As the above schedules show, changes in Housing System operating revenues from Fiscal Years 2020-21 to 2024-25 varied. The changes were primarily due to rental rate increases, opening and closures of residence halls, and the COVID-19 pandemic, as discussed further below.

The decrease in Operating Revenues in Fiscal Year 2020-21 was attributable to the closure of residence halls during the summer 2020 semester and less density in on-campus student housing in response to COVID-19.

University Housing's operating revenue totaled $49.4 million for Fiscal Year 2021-22, representing a 49.3% increase over Fiscal Year 2020-21. The increase resulted from the full re-opening of residence halls and a return to pre-pandemic occupancy levels. Operating expenses totaled $31.6 million for Fiscal Year 2021-22, representing an increase of less than 1 percent as compared to Fiscal Year 2020-21. Services and supplies decreased by $616.7 thousand due to COVID cleaning and noncapitalized construction expenses in the prior fiscal year. This was partially offset by an increase in utilities and communications expenses of $556.6 thousand as residence halls were fully operational during Fiscal Year 2021-22.

For Fiscal Year 2022-23, operating revenue totaled $51.6 million for the 2022-23 fiscal year, representing a 4.3% increase over Fiscal Year 2021-22. The increase was due to scheduled residence hall rate increases. Operating expenses totaled $34.5 million for Fiscal Year 2022-23, representing an increase of 8.9% from Fiscal Year 2021-22. Salaries and employee benefits increased by $1.3 million, or 12.1%, due to filling outstanding vacancies leftover from the pandemic as well as increases in staff salaries and minimum wage. Services and supplies increased by $1.2 million due to increases in repairs and maintenance of $695,000 and the rental of building space of $349,000. University Housing's net nonoperating revenues totaled $1.2 million, representing an increase of $10.2 million. Unrealized gains resulting from the change in the fair value of underlying securities held in the State Treasurer's Investment Pool of

$8.7 million was the primary driver to the overall increase followed by an increase in investment income of $1.2 million due to higher interest rates.

For Fiscal Year 2023-24, operating revenue totaled $54.3 million, representing a 5.3% increase over Fiscal Year 2022-23. The increase was due to scheduled residence hall rate increases. Operating expenses totaled $37.5 million for Fiscal Year 2023-24, representing an increase of 8.9% from the prior year. Salaries and employee benefits increased by $1.1 million, or 8.9%, due to increases in staff salaries, minimum wage, and filled vacancies. Services and supplies increased by $914.3 thousand, or 20.9%, primarily due to increases in expendable equipment, occupancy software, and supplies. Utilities and communications expenses increased by $266.8 thousand, or 4.2%. University Housing's net nonoperating revenues totaled $4.2 million, representing an increase of $2.9 million. The increase to net investment income of $1.8 million combined with a decrease of $1.5 million in interest expense were the primary drivers to the overall increase.

For Fiscal Year 2024-25, operating revenue totaled $56.8 million, representing a 4.7% increase over Fiscal Year 2023-24. The increase was due to scheduled residence hall rate increases. Operating expenses totaled $40.3 million for Fiscal Year 2024-25, representing an increase of 7.6% as compared to the prior year. Salaries and employee benefits decreased by $4.7 million, or 35.5%, which was mainly offset by an increase in services and supplies of $6.5 million resulting primarily from a reclassification of service level agreements for custodial and maintenance services. Utilities and communications expenses increased by $859.4 thousand, or 13.1%. The Housing System's net non-operating revenues and expenses totaled $3.8 million representing a decrease of $380 thousand, or 9.1 percent, as compared to the 2023-24 fiscal year. Unrealized gains in the fair value of investments decreased due to a significant reduction in the allocation to the State Treasurer's investment pool. The increase to other nonoperating revenues was driven by the removal of the compensated absences liability due to the implementation of a university-wide fringe benefit pool.

The total net position of the Housing System has increased by approximately $68.3 million, or 34.9%, from the beginning of Fiscal Year 2020-21 to the end of Fiscal Year 2024-25, including an increase of $5.8 million, or 8.4%, in Unrestricted Net Position over the same five-year period to $75.4 million as of June 30, 2025.

[1] Revenue and expenditures information was provided by the University and has not been audited.
[2] Total current expenses are net of depreciation and administrative overhead. Includes services and supplies expenses, and fluctuations in such expenses are normal from year to year based on the timing of maintenance and improvement projects throughout the year.
[3] Investment income presented in this table includes only interest earned on the operating account of the Housing System.
[4] Includes accrued debt service on bonds that were refunded during a Fiscal Year through the issuance date of the refunding bonds.
[5] Decreases in revenue attributable to the impacts of the COVID-19 pandemic. In Fiscal Year 2020-21, the Housing System utilized unrestricted cash and investments to support debt service, and all Fiscal Year 2020-21 debt service payments were made by their respective payment due dates.

Projected Pledged Revenues and Debt Service Coverage

The following table shows the projected debt service coverage for the current and next four Fiscal Years for the Outstanding Bonds and the 2026A Bonds based on projected Housing System revenues and expenses which have been prepared by the University. Projected revenues are based on approved rental rate increases of 4.5% for Fiscal Year 2025-26 through Fiscal Year 2027-28, and a projected increase of 10% in Fiscal Years 2028-29 and 2029-30 that is subject to approval by the Board of Trustees. Additionally, projected revenues are expected to increase in Fiscal Year 2028-29 following the addition of the 2026A Project to the Housing System, with the new revenues partially offset by the planned closure of Rogers Hall.

Operating expenses for the Housing System during the forecast period are based upon the University's past experience in operating the Housing System. The operating expenses include a 4.5% increase in Fiscal Year 2025-26 and 5% increases in Fiscal Years 2026-27 and 2027-28. In Fiscal Year 2028-29, operating expenses on the existing facilities are projected to grow by 5%, and the projections also include the impact of the planned closure of Rogers Hall and anticipated opening of the 2026A Project. Operating expenses are then projected to grow by 5% in Fiscal Year 2029-30.

The projections of future operating results have been prepared by the University based on the most recent available information, which is believed to be accurate. Projections are statements of opinion and are subject to future events which may cause the actual results to differ materially from those set forth herein. Undue reliance should not be placed on these projections.

[2] Fiscal Year 2026-27 includes approximately $429,000 of accrued deposits to the Sinking Fund for the payment of debt service on the Refunded Bonds. Fiscal Years 2027 through 2034 exclude debt service on the Refunded Bonds.

PROVISIONS OF STATE LAW

Bonds Legal Investment for Fiduciaries

The State Bond Act provides that all bonds issued by the Division are legal investments for state, county, municipal or other public funds, and for banks, savings banks, insurance companies, executors, administrators, trustees, and all other fiduciaries and also are securities eligible as collateral deposits for all state, county, municipal, or other public funds.

Negotiability

The 2026A Bonds will have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code - Investment Securities Law of the State.

TAX MATTERS

Federal Tax Treatment of the 2026A Bonds

The Internal Revenue Code of 1986, as amended (the "Code") establishes certain requirements which must be met subsequent to the issuance and delivery of the 2026A Bonds in order that interest on the 2026A Bonds be and remain excluded from gross income for purposes of federal income taxation. Non-compliance may cause interest on the 2026A Bonds to be included in federal gross income retroactive to the date of issuance of the 2026A Bonds, regardless of the date on which such non-compliance occurs or is ascertained. These requirements include, but are not limited to, provisions which prescribe yield and other limits within which the proceeds of the 2026A Bonds and the other amounts are to be invested and require that certain investment earnings on the foregoing must be rebated on a periodic basis to the Treasury Department of the United States. The Board of Governors, the Division, the Board of Administration, and the University have covenanted to comply with such requirements in order to maintain the exclusion from federal gross income of the interest on the 2026A Bonds.

In the opinion of Bond Counsel, assuming compliance with certain covenants, under existing laws, regulations, judicial decisions and rulings, interest on the 2026A Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Code and is not an item of tax preference for purposes of the federal alternative minimum tax; however, interest on the 2026A Bonds may be taken into account for the purpose of computing the alternative minimum tax imposed on certain corporations.

Except as described above, Bond Counsel will express no opinion regarding other federal income tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of 2026A Bonds. Prospective purchasers of 2026A Bonds should be aware that the ownership of 2026A Bonds may result in collateral federal income tax consequences, including (i) the denial of a deduction for interest on indebtedness incurred or continued to purchase or carry 2026A Bonds; (ii) the reduction of the loss reserve deduction for property and casualty insurance companies by fifteen percent (15%) of certain items, including interest on 2026A Bonds; (iii) the inclusion of interest on 2026A Bonds in earnings of certain foreign corporations doing business in the United States for purposes of the branch profits tax; (iv) the inclusion of interest on 2026A Bonds in passive income subject to federal income taxation of certain Subchapter S corporations with Subchapter C earnings and profits at the close of the taxable year; and (v) the inclusion of interest on 2026A Bonds in "modified adjusted gross income" by recipients of certain Social Security and Railroad Retirement benefits for the purposes of determining whether such benefits are included in gross income for federal income tax purposes.

As to questions of fact material to the opinion of Bond Counsel, Bond Counsel will rely upon representations and covenants made on behalf of the Board of Governors, the Division, the Board of Administration, and the University, certificates of appropriate officers and certificates of public officials (including certifications as to the use of proceeds of the 2026A Bonds and of the property financed or refinanced thereby), without undertaking to verify the same by independent investigation.

PURCHASE, OWNERSHIP, SALE OR DISPOSITION OF THE 2026A BONDS AND THE RECEIPT OR ACCRUAL OF THE INTEREST THEREON MAY HAVE ADVERSE FEDERAL TAX CONSEQUENCES FOR CERTAIN INDIVIDUAL AND CORPORATE BONDHOLDERS, INCLUDING, BUT NOT LIMITED TO, THE CONSEQUENCES DESCRIBED ABOVE. PROSPECTIVE PURCHASERS AND BONDHOLDERS SHOULD CONSULT WITH THEIR TAX SPECIALISTS FOR INFORMATION IN THAT REGARD.

Information Reporting and Backup Withholding

Interest paid on tax-exempt bonds such as the 2026A Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the 2026A Bonds from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of 2026A Bonds, under certain circumstances, to "backup withholding" at the rate specified in the Code with respect to payments on the 2026A Bonds and proceeds from the sale of 2026A Bonds. Any amount so withheld would be refunded or allowed as a credit against the federal income tax of such owner of 2026A Bonds. This withholding generally applies if the owner of 2026A Bonds (i) fails to furnish the payor such owner's social security number or other taxpayer identification number ("TIN"); (ii) furnished the payor an incorrect TIN; (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code; or (iv) under certain circumstances, fails to provide the payor or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the 2026A Bonds may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

Other Tax Matters

During recent years, legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the 2026A Bonds. Similar proposals may also be considered by the State legislature. In some cases, these proposals have contained provisions that altered these consequences on a retroactive basis. Such alteration of federal tax consequences may have affected the market value of obligations similar to the 2026A Bonds. From time to time, legislative proposals are pending which could have an effect on both the federal tax consequences resulting from ownership of the 2026A Bonds and their market value. No assurance can be given that legislative proposals will not be enacted that would apply to, or have an adverse effect upon, the 2026A Bonds.

Prospective purchasers of the 2026A Bonds should consult their own tax advisors as to the tax consequences of owning the 2026A Bonds in their particular state or local jurisdiction and regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

Tax Treatment of Original Issue Discount and Premium

The 2026A Bonds maturing in the years 20__ through 20__, both inclusive (collectively, the "Discount Bonds") were offered and sold to the public at an original issue discount. Under the Code, the difference between the maturity amount of the Discount Bonds and the initial offering price to the public, excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers, at which price a substantial amount of the Discount Bonds of the same maturity and, if applicable, interest rate, was sold is "original issue discount." Original issue discount will accrue over the term of the Discount Bonds at a constant interest rate compounded periodically. A purchaser who acquires the Discount Bonds in the initial offering at a price equal to the initial offering price thereof to the public will be treated as receiving an amount of interest excludable from gross income for federal income tax purposes equal to the original issue discount accruing during the period he or she holds the Discount Bonds, and will increase his or her adjusted basis in the Discount Bonds by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or disposition of the Discount Bonds. The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of the Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those above.

The 2026A Bonds maturing in the years 20__ through 20__, both inclusive (collectively, the "Premium Bonds") were offered and sold to the public at a price in excess of their stated redemption price (the principal amount) at maturity. The difference between the principal amount of the Premium Bonds and the initial offering price to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at which price a substantial amount of such Premium Bonds of the same maturity and, if applicable, interest rate, was sold constitutes to an initial purchaser amortizable bond premium, which is not deductible from gross income for federal income tax purposes. The amount of amortizable bond premium for a taxable year is determined actuarially on a constant interest rate basis over the term of each of the Premium Bonds, which ends on the earlier of the maturity or call date for each of the Premium Bonds which minimizes the yield on such Premium Bonds to the purchaser. For purposes of determining gain or loss on the sale or other disposition of a Premium Bond, an initial purchaser who acquires such obligation in the initial offering is required to decrease such purchaser's adjusted basis in such Premium Bond annually by the amount of amortizable bond premium for the taxable year. The amortization of bond premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining various other tax consequences of owning such Premium Bonds.

PROSPECTIVE PURCHASERS AND BONDHOLDERS OF ANY SUCH DISCOUNT BONDS OR PREMIUM BONDS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO DETERMINATION FOR FEDERAL INCOME TAX PURPOSES OF ORIGINAL ISSUE DISCOUNT AND AMORTIZABLE BOND PREMIUM, AS APPLICABLE, THE TREATMENT UPON THE SALE, REDEMPTION, OR OTHER DISPOSITION OF DISCOUNT BONDS OR PREMIUM BONDS, AS APPLICABLE, AND THE STATE AND LOCAL TAX CONSEQUENCES OF OWNING AND DISPOSING OF DISCOUNT BONDS OR PREMIUM BONDS, AS APPLICABLE.

State Taxes

The 2026A Bonds and the income therefrom are not subject to any taxation by the State or any county, municipality, political subdivision, agency, or instrumentality of the State, except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

Florida laws governing the imposition of estate taxes do not provide for an exclusion of state or local bonds from the calculation of the value of the gross estate for tax purposes. Florida's estate tax is generally calculated on the basis of the otherwise unused portion of the federal credit allowed for state estate taxes. Under Chapter 198, Florida Statutes, all values for state estate tax purposes are as finally determined for federal estate tax purposes. Since state and local bonds are included in the valuation of the gross estate for federal

tax purposes, such obligations would be included in such calculation for Florida estate tax purposes. Prospective owners of the 2026A Bonds should consult their own attorneys and advisors for the treatment of the ownership of the 2026A Bonds for estate tax purposes.

The 2026A Bonds and the income therefrom are subject to the tax imposed by Chapter 220 on interest, income, or profits on debt obligations owned by corporations and other specified entities.

MISCELLANEOUS

Investment of Funds

Funds Held Pursuant to the Resolution – The Resolution directs the manner in which funds held in the various funds may be invested. At closing, the net proceeds of the new money portion of the 2026A Bonds will be deposited into the 2026A Project Construction Fund to pay the costs of the 2026A Project, and the net proceeds of the refunding portion of the 2026A Bonds will be deposited as described under the heading "PURPOSE OF THE ISSUE – Refunding Program." After collection, the Pledged Revenues are transferred to the Revenue Fund, which is held by the University, and amounts required for debt service are transferred to the Sinking Fund held by the Board of Administration. Monies remaining in the Revenue Fund may be invested pursuant to the University's investment management policy, which includes, but is not limited to, being invested in the State Treasury's special purpose investment account.

Investment by the Chief Financial Officer – Funds held in the State Treasury are invested by internal and external investment managers. As of December 31, 2025, the ratio was approximately 43% internally managed funds, approximately 55.6% externally managed funds, approximately 0.4% in Certificates of Deposit, and approximately 1% in an externally managed Securities Lending program. The total portfolio market value on December 31, 2025, was approximately $60.6 billion.

Under State law, the Treasury is charged with investing funds of each State agency and the judicial branch. As of December 31, 2025, approximately $54.9 billion of the investments in the Treasury consisted of accounts held by State agencies that are required by law to maintain their investments in the Treasury; additionally, approximately $5.2 billion as of this date consisted of moneys held by certain boards, associations, or entities created by the State Constitution or by State law that are not required to maintain their investments with the Treasury and are permitted to withdraw these funds from the Treasury.

As provided by State law, the Treasury must be able to timely meet all disbursement needs of the State. Accordingly, the Treasury allocates its investments to provide for estimated disbursements plus a cushion for liquidity in instances of greater than expected disbursement demand. To this end, a portion of Treasury's investments are managed for short term liquidity and preservation of principal. The remainder is managed to obtain maximum yield, given the safety parameters of State law and Treasury's Comprehensive Investment Policy. Investments managed for short term liquidity and preservation of principal are managed "internally" by Treasury personnel. The majority of investments managed for a maximum return are managed by "external" investment companies hired by the State.

The Externally Managed Investment Program provides long term value while limiting risk appropriately and provides a backup source of liquidity. External investment strategy focuses on medium- and long-term fixed income securities, rather than money market instruments, in order to take advantage of higher returns historically achieved by such securities. Portfolio managers are hired to actively manage funds. These funds may be invested in U.S. Treasury government agency obligations, investment grade corporate debt, municipal debt, mortgage-backed securities, asset backed securities, and U.S. dollar denominated investment grade foreign bonds that are registered with the Securities and Exchange Commission. The managers may also use leveraging techniques such as forward purchase commitments, and interest rate futures.

Investment by the Board of Administration – The Board of Administration manages investment of assets on behalf of the members of the Florida Retirement System (the "FRS") Defined Benefit Plan. It also acts as sinking fund trustee for most State bond issues and oversees the management of FRS Investment Plan investment options, Florida Hurricane Catastrophe Fund moneys, a short-term investment pool for local governments, and smaller trust accounts on behalf of third-party beneficiaries.

The Board of Administration adopts specific investment policy guidelines for the management of its funds which reflect the long-term risk, yield, and diversification requirements necessary to meet its fiduciary obligations. As of December 31, 2025, the Board of Administration directed the investment and administration of 30 funds.

As of December 31, 2025, the total market value of the FRS (Defined Benefit) Trust Fund was approximately $222.5 billion. The Board of Administration pursues an investment strategy which allocates assets to different investment types. The long-term objective is to meet liability needs as determined by actuarial assumptions. Asset allocation levels are determined by the liquidity and cash flow requirements of the FRS, absolute and relative valuations of the asset class investments, and opportunities within those asset classes. Funds are invested internally and externally under a Defined Benefit Plan Investment Policy Statement.

The Board of Administration uses a variety of derivative products as part of its overall investment strategy. These products are used to manage risk or to execute strategies more efficiently or more cost effectively than could be done in the cash markets. They are not used to speculate in the expectation of earning extremely high returns. Any of the products used must be within investment policy guidelines designed to control the overall risk of the portfolio.

The Board of Administration invests assets in 29 designated funds other than the FRS (Defined Benefit) Trust Fund, including sinking funds for State bond issues. As of December 31, 2025, the total market value of these funds equaled approximately $71.8 billion. Each fund is independently managed by the Board of Administration in accordance with the applicable documents, legal requirements, and investment plans. Liquidity and preservation of capital are preeminent investment objectives for most of these funds, so investments for these are restricted to high quality money market instruments (e.g., cash, short term treasury securities, certificates of deposit, banker's acceptances, and commercial paper). The term of these investments is generally short but may vary depending upon the requirements of each trust and its investment plan.

Investment of sinking funds for State bond issues is controlled by the resolution authorizing issuance of a particular series of bonds. The Board of Administration's investment policy with respect to such sinking funds is that only U.S. Treasury securities, and repurchase agreements backed thereby, be used.

Environmental Risk Mitigation and Resiliency

With more than 2,000 linear miles of coastline and relatively low elevations, weather and natural resources affect the State's economy in a variety of ways. Economic activity attributable to in-migration and tourism represents a significant part of the State's economy, and the State's warm weather and beaches attract seasonal and permanent residents and tourists. In addition, a majority of the State's residents live and work in coastal counties. Because of the State's reliance on its natural resources to generate business and sustain in-migration, its economy and financial condition may be vulnerable to the impacts of environmental events, including hurricanes and inland and coastal flooding, as well as long-term environmental risks associated with climate change.

The State has dedicated leadership and a variety of resources that have enabled it to effectively respond to environmental events. The State has a demonstrated history of protecting and preserving valuable natural resources, mitigating the impacts of environmental risks on public and private property, and providing funding for projects to improve the State's resilience. However, the frequency of environmental events, such as hurricanes, may increase on an annual basis according to models and forecasts. The State's demographic and economic growth have steadily increased the value of property at risk from any single environmental event even as improvements in building codes, innovations in construction, and mitigation and resiliency efforts have reduced disaster mortality. Consequently, the magnitude of the impact from environmental risks on the State's operations, economy, or financial condition is indeterminate and is unpredictable for future environmental events. There can be no assurance that such risks will not have an adverse effect on the operations, economy, or financial condition of the State.

Environmental resiliency efforts are a joint responsibility of local government and state leadership. The State is taking a coordinated approach to maximize the benefit of mitigation efforts and to improve the State's resilience to weather events, such as hurricanes, flooding, and sea level rise. Statewide resiliency efforts are directed and coordinated by the Statewide Office of Resilience within the Executive Office of the Governor, the Department of Environmental Projection ("DEP"), and the Division of Emergency Management ("DEM"). Additionally, the Chief Science Officer, housed within DEP, is charged with coordinating and prioritizing scientific data, research, monitoring, and analysis needs to ensure alignment with current and emerging environmental concerns most pressing to the State.

The State has financial reserves available to cover response-related expenditures, and, in most cases, the State can request reimbursement from federal relief funds to pay for a portion of such expenditures. Further, upon a declaration of a state of emergency, State law provides the Governor broad spending authority to meet financial needs resulting from a disaster, including access to a $500 million Emergency Preparedness and Response Fund. Notwithstanding multiple hurricanes, State finances and the economy have only experienced temporary economic disruption.

The State can respond to the impacts of environmental events through DEM which provides comprehensive, statewide planning for and response to both natural and manmade disasters, including floods and hurricanes. DEM coordinates its efforts with the federal government, State agencies, local governments, and private sector organizations. In addition to coordinating the State's operational response activities during emergencies and disasters, DEM prepares and implements a statewide Comprehensive Emergency Management Plan that describes the basic strategies, assumptions, operational objectives, and mechanisms through which resources are mobilized and disaster assistance is provided. DEM routinely conducts extensive exercises to test State and county emergency response capabilities.

The State has a singular, statewide, standard building code, which establishes requirements for all public and private buildings, structures, and facilities across the State. It is the minimum standard that all counties and municipalities are required to enforce. The code includes flood provisions that meet or exceed the federal flood insurance requirements and imposes more stringent requirements on construction in areas that are more susceptible to adverse impacts from hurricanes. State law limits development and imposes strict construction standards for most activities along the coastline and requires DEP to regulate coastal construction to protect the State's coastline from construction that would be overly susceptible to environmental impacts. State law also requires local governments in coastal areas to have a "Peril of Flood" coastal management element in their comprehensive plans to reduce flood risk and eliminate unsafe development. Public entities are also required to conduct Sea Level Impact Projection ("SLIP") studies before undertaking building projects within the coastal building zones. Each SLIP study assesses the project's risks of flooding, inundation, and wave damage based on appropriate flood mitigation strategies.

The State works to reduce the impact of environmental events through a number of targeted programs. DEP and DEM administer several programs that offer technical assistance and funding related to flooding, sea level rise, and environmental impacts to Florida's coastline. DEM also works with local governments to administer their local flood damage reduction regulations and provides technical assistance to improve their administration of local floodplain management and building code requirements and ensure compliance with development regulations.

Information Technology Security

Similar to other large organizations, the State and the University rely on electronic systems and information technologies ("IT") to conduct operations. Protecting the State's IT infrastructure and data is essential to delivering government services. The State and the University maintain a security posture designed to protect data, deter attacks on IT infrastructure, and respond to security incidents to minimize the impact on operations. The State has also historically maintained reserve funds and a liquidity position that provide the ability to respond to potential threats, breaches, and incidents.

The State has defended against cyber attacks in the past, and cyber attacks are an ongoing risk to the State's IT infrastructure and data. Despite the State's robust cybersecurity policies and procedures designed to protect their data and IT infrastructure, no assurance is given that such security measures will prevent cyber attacks, nor can any assurance be given that any cyber attacks, if successful, will not have a material impact on State operations.

The Information Technology Management Act, which includes the State Cybersecurity Act and Local Government Cybersecurity Act, provides the legal framework for the State's cybersecurity policies. The Florida Digital Service (the "FLDS"), created within the Department of Management Services, is the lead entity for cybersecurity for the State and is led by the State Chief Information Officer who is charged with implementing the State's comprehensive framework for addressing cybersecurity and establishing standards and processes consistent with best practices for IT security across all State agencies. The FLDS is responsible for assessing cybersecurity risks and determining appropriate security measures for State agencies and local governments; creating and annually updating the statewide cybersecurity strategic plan, including security goals and objectives and performance monitoring; and annually reviewing each State agency's IT security plans. The FLDS is also responsible for maintaining the framework used by State agencies and local governments to conduct risk assessments and reporting of security incidents. State law requires State agencies to designate information security managers to administer their cybersecurity programs, establish cybersecurity response teams, and develop processes for detecting, reporting, and responding to cybersecurity incidents based on the framework established by the FLDS. The FLDS operates the Cybersecurity Operation Center (the "CSOC"), a centralized threat clearinghouse and site for incident response coordination. The CSOC is primarily virtual, operates 24-hour, seven days per week, and is staffed by cybersecurity experts that help to monitor threats and vulnerabilities faced by State agencies and local governments during emergency and regular operations. Within the State's emergency response capabilities through the Division of Emergency Management, the FLDS leads the cybersecurity emergency support function, ESF CYBER, under the State's comprehensive emergency management plan, providing consultation and support to the State Emergency Response Team and the State Emergency Operations Center during cybersecurity incidents as well as during events caused by a cybersecurity incident or events that create the potential for cybersecurity incidents. The FLDS also works with the Florida Cybersecurity Advisory Council (the "Council"), to identify long term strategies to improve the State's cybersecurity and protect Floridians' personal information from cyber threats. The Council, comprised of State officials, including the Lieutenant Governor, the State Chief Information Officer, and the State Chief Information Security Officer, and cybersecurity experts from outside of State government, serves as an additional resource to assist State agencies and local governments by reviewing their cybersecurity policies, assessing ongoing and potential risks, assisting the FLDS in developing cybersecurity best practices; and examining inconsistencies between state and federal law regarding cybersecurity. The Council also makes legislative recommendations that it considers necessary to address cybersecurity to the President of the Senate and the Speaker of the House of Representatives on an annual basis.

he University's cybersecurity program is managed by the Information Security and Privacy Office ("ISPO"). ISPO is responsible for developing and administering information security and privacy strategies that protect the confidentiality, integrity, and availability of the University's IT assets, technology resources including, but not limited to, computers, networks, servers, applications, databases, software, and operating systems. ISPO has implemented a comprehensive framework of risk-based safeguards, proactive

defense, effective incident response, and community engagement to protect the University's IT assets from cyberattacks and threats. ISPO consists of three main organizational areas that implement this framework: Enterprise Security Architecture, Security Programs and Operations, and Privacy, Risk, and Compliance. The Enterprise Security Architecture team is responsible for establishing security architecture, designing defense-in-depth security strategy, implementing standards based on National Institute of Standards and Technology ("NIST") guidelines, establishing baseline configurations that eliminate as many security risks as possible and reduce vulnerabilities, providing security consulting and project management of security projects. The Security Programs and Operations team is responsible for managing the Security Operations Center and the Intrusion Detection and Prevention Systems; monitoring for threats from malware and phishing, performing investigations, and issuing security alerts and advisories about cybersecurity risks and vulnerabilities; and providing incident and vulnerability management. The Privacy, Risk and Compliance team oversees compliance with data protection laws, NIST guidelines, and the Payment Card Industry's payment security standards; it also operates an IT risk management assessment program, maintains a risk register, and provides enterprise disaster recovery, security and privacy education, audit remediation, and other follow-up and support for completed risk assessments.

The Board of Administration acts as the fiscal agent for the bonds issued by the Division of Bond Finance on behalf of the State and its agencies. As trustee for the Division of Bond Finance's bond programs, the Board of Administration protects its data and IT infrastructure, including data and information related to bond programs, through a multifaceted cybersecurity strategy. The Board of Administration's cybersecurity strategy includes a comprehensive set of security policies and procedures, which are designed to guide staff in their cybersecurity responsibilities; a security awareness program, which educates staff on active cybersecurity threats and security best practices; a risk-based threat and vulnerability management program; and a managed threat detection and incident response service which is continuously monitored by a third-party service provider. Additionally, the Board of Administration has implemented access and authentication protocols, which include multi-factor authentication and industry standard encryption to protect data in transit and at rest. As a further precaution, the Board of Administration's cybersecurity program is subjected to routine internal audits to evaluate the effectiveness of the program, as well as annual external audits and penetration testing to identify opportunities to improve its security posture. Bond Ratings

Fitch Ratings, Moody's Ratings, and S&P Global Ratings (herein referred to collectively as "Rating Agencies"), have assigned their municipal bond ratings of AA (stable outlook), As2 (stable outlook) and AA (stable outlook), respectively, to the 2026A Bonds. Such ratings reflect only the respective views of such Rating Agencies at the time such ratings were issued, and an explanation of the significance of such ratings may be obtained from any of the respective rating agencies.

The University furnished to such Rating Agencies certain information and material in respect to the University, the Housing System, and the 2026A Bonds. Generally, Rating Agencies base their ratings on such information and materials and on investigations, studies and assumptions made by the Rating Agencies. There is no assurance that such ratings will be maintained for any given period of time or that they may not be lowered, suspended or withdrawn entirely by the Rating Agencies, or any of them, if in their or its judgment, circumstances warrant. Any such downward change in, suspension of or withdrawal of such ratings may have an adverse effect on the market price of the 2026A Bonds.

Litigation

There is no litigation pending, or to the knowledge of the University, the Board of Governors, or the Division threatened, which if successful would have the effect of restraining or enjoining the issuance or delivery of the 2026A Bonds or the fixing or collection of the revenues pledged thereto. Nor is there any litigation pending, or to the knowledge of the University, the Board, or the Division threatened, which questions or affects the validity of the 2026A Bonds, the proceedings and authority under which the 2026A Bonds are to be issued or the corporate existence of the Board of Governors or the title of the present officers to their respective offices. The University, the Board of Governors, and the Division from time to time engage in and/or defend against certain routine litigation the outcome of which would not be expected to have any material adverse effect on the issuance and delivery of the 2026A Bonds.

Legal Opinion and Closing Certificates

A certificate, executed by appropriate State officials, will be provided on the date of delivery of the 2026A Bonds to the effect that to the best of their knowledge the Official Statement, as of its date and as of the date of delivery of the 2026A Bonds, does not contain an untrue statement of a material fact or omit to state a material fact which should be included herein for the purpose for which the Official Statement is intended to be used, or which is necessary to make the statements contained herein, in the light of the

circumstances under which they were made, not misleading. The legal opinion of Bryant Miller Olive, P.A., bond counsel, will be provided on the date of delivery of the 2026A Bonds, the proposed form of which is attached hereto as Appendix I.

Continuing Disclosure

The Board of Governors and the University will undertake, for the benefit of the beneficial owners and the Registered Owners of the 2026A Bonds to provide, or cause to be provided, certain financial information and operating data and to provide notices of certain material events. Such financial information and operating data will be transmitted to the Municipal Securities Rulemaking Board (the "MSRB") using its Electronic Municipal Market Access System ("EMMA"). Any notice of material events will also be transmitted to the MSRB using EMMA. This undertaking is being made in order to assist the underwriters in complying with Rule 15c2-12 of the Securities and Exchange Commission. Additionally, the Division has policies and procedures in place to assist the Board of Governors and the University in complying with disclosure undertakings. The form of the undertaking is set forth in Appendix H, Form of Continuing Disclosure Agreement. Neither the Board of Governors, the University, nor the Division has failed, in the previous five years, to comply in all material aspects with any prior disclosure undertakings.

From time to time, the Board of Governors or the University may voluntarily submit additional information that is not required by any of the Board of Governors and the University's continuing disclosure undertakings on EMMA or the Division's website. Although the Board of Governors and the University may provide additional information from time to time regarding the matters in such voluntary submissions, they are not required to do so. Further, the information on the Division's website is not incorporated by reference into this Official Statement and the Division is not obligated to provide or update such information at any time in the future. Neither the Board of Governors, the University, nor the Division will have any obligation to update such information or include it in any future submission.

Underwriting

_____ (the "Underwriter") has agreed to purchase the 2026A Bonds at an aggregate purchase price of $_____ (which represents the par amount of the 2026A Bonds [plus][less] an original issue [premium] [discount] of $_____ and minus the Underwriter's discount of $_____). The Underwriter may offer and sell the 2026A Bonds to certain dealers (including dealers depositing bonds into investment trusts) and others at prices lower than the offering price stated on the inside front cover.

The Bonds may be sold at one time or in Series from time to time as the Division of Bond Finance may determine by resolution. If issued in Series, each Series shall be dated and have an identifying number or letter. All of such Bonds, when issued, will rank equally as to source and security for payment.

Interest shall be paid on the Interest Payment Dates to the Registered Owner whose name appears on the books of the Bond Registrar/Paying Agent (the "Registered Owner") as of 5:00 p.m. (local time, Tallahassee, Florida) on the Record Date next preceding such Interest Payment Date by check or draft mailed (or transferred by a mode at least equally as rapid as mailing) from the Bond Registrar/Paying Agent to the Registered Owner, except for Capital Appreciation Bonds which shall bear interest as described under the defined term Accreted Value, payable only upon redemption, acceleration or maturity thereof.

SECTION 2.05. PRIOR REDEMPTION OF THE BONDS. The Bonds shall be subject to redemption as provided in this Resolution and in the Notice of Bond Sale, provided that the Director or the Secretary or an Assistant Secretary of the Governing Board is authorized to amend the redemption provisions of the Bonds in such manner as he may determine to be in the best interest of the State.

Unless waived by any Registered Owner of Bonds to be redeemed, a notice of the redemption prior to maturity of any of the Bonds shall be mailed by first class mail (postage prepaid) at least thirty (30) days prior to the date of redemption to the Registered Owner of the Bonds to be redeemed, of record on the books of the Bond Registrar, as of forty-five days prior to the date of redemption. Such notice of redemption shall specify the serial or other distinctive numbers or letters of the Bonds to be redeemed, if less than all, the date fixed for redemption, and the redemption price thereof and, in the case of Bonds to be redeemed in part only, the principal amount thereof to be redeemed. Failure to give any such notice by mailing to any Registered Owner of Bonds, or any defect therein, shall not affect the validity of the proceedings for the redemption of any Bond or portion thereof with respect to which no such failure has occurred. Any notice mailed as provided above shall be conclusively presumed to have been given, whether or not the Registered Owner of such Bond receives such notice.

The privilege of transfer or exchange of any of the Bonds is suspended during a period beginning at the opening of business on the 15th business day next preceding the date fixed for redemption and ending at the close of business on the date fixed for redemption.

Notice having been given in the manner and under the conditions hereinabove provided, the Bonds or portions of Bonds so called for redemption shall, on the redemption date designated in such notice, become and be due and payable at the redemption price provided for redemption of such Bonds or portions of Bonds on such date. Any and all Bonds redeemed prior to maturity shall be duly cancelled by the Bond Registrar/Paying Agent and shall not be reissued.

In addition to the foregoing notice, further notice shall be given by the Bond Registrar/Paying Agent as set out below, but no defect in said further notice nor any failure to give all or a portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed above.

(a) Each further notice of redemption given hereunder shall contain the information required above for an official notice of redemption plus (i) the CUSIP numbers of all Bonds being redeemed; (ii) the date of issue of the Bonds as originally issued; (iii) the rate of interest borne by each Bond being redeemed; (iv) the maturity date of each Bond being redeemed; (v) the publication date of the official notice of redemption; (vi) the name and address of the Bond Registrar/Paying Agent; and (vii) any other descriptive information needed to identify accurately the Bonds being redeemed.

(b) Each further notice of redemption shall be sent at least thirty-five (35) days before the redemption date by certified mail or overnight delivery service or telecopy to all registered securities depositories then in the business of holding substantial amounts of obligations of types comprising the Bonds (such depositories now being The Depository Trust Company, New York, New York, Midwest Securities Trust Company, Chicago, Illinois, and Philadelphia Depository Trust Company, Philadelphia, Pennsylvania) and to one or more national information services that disseminate notices of redemption of obligations such as the Bonds.

(d) Upon the payment of the redemption price of Bonds being redeemed, each check or other transfer of funds issued for such purpose shall bear the CUSIP number identifying the Bonds redeemed with the proceeds of such check or other transfer.

In case part but not all of an Outstanding Bond shall be selected for redemption, the Registered Owner thereof shall present and surrender such Bond to the Bond Registrar/Paying Agent for payment of the principal amount thereof so called for redemption, and the Bond Registrar/Paying Agent shall execute and deliver to or upon the order of such Registered Owner, without charge therefor, for the unredeemed balance of the principal amount of the Bond so surrendered, a Bond or Bonds fully registered as to principal and interest.

SECTION 2.06. EXECUTION OF BONDS. The Bonds shall be executed in the name of the Board of Regents by its Chairman and attested to by its Vice-Chairman, or such other member of the Board of Regents as may be designated pursuant to subsequent resolution of the Governing Board of the Division of Bond Finance, and the corporate seal of the Board of Regents or a facsimile thereof shall be affixed thereto or reproduced thereon. The Bond Registrar/Paying Agent's certificate of authentication shall appear on the Bonds, signed by an authorized signatory of said Bond Registrar/Paying Agent. Any of the signatures required hereinabove may be a facsimile signature imprinted or reproduced on the Bonds, provided that at least one signature required shall be manually subscribed. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Board of Regents before the Bonds so signed and sealed shall have been actually sold and delivered, the Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bond may be signed and sealed on behalf of the Board of Regents by such person as to the actual time of the execution of such Bond shall hold the proper office, although at the date of such Bond, such person may not have held such office or may not have been so authorized.

A certificate as to Circuit Court validation, in the form hereinafter provided, shall be executed with the facsimile signature of any present or future Chairman of the Governing Board of the Division of Bond Finance.

A certificate as to the approval of the issuance of the Bonds pursuant to the provisions of the State Bond Act, in the form provided herein, shall be executed by the facsimile signature of the Comptroller of the State of Florida, as Secretary of the Governing Board of the Division of Bond Finance.

SECTION 2.07. NEGOTIABILITY. The Bonds shall have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code - Investment Securities Law of the State of Florida. The original Registered Owner and each successive Registered Owner of any of the Bonds shall be conclusively deemed by his acceptance thereof to have agreed that the Bonds shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code - Investment Securities Law of the State of Florida.

SECTION 2.08. REGISTRATION AND TRANSFER. The Bonds shall be issued only as fully registered bonds without coupons. The Bond Registrar/Paying Agent shall be responsible for maintaining the books for the registration of and for the transfer of the Bonds in compliance with its agreement with the State.

Upon surrender to the Bond Registrar/Paying Agent for transfer or exchange of any Bond, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his attorney duly authorized in writing, the Bond Registrar/Paying Agent shall deliver in the name of the transferee or transferees a fully registered Bond of authorized denomination of the same maturity for the aggregate principal amount which the Registered Owner is entitled to receive.

All Bonds presented for transfer, exchange, redemption or payment shall be accompanied (if so required by the Division of Bond Finance or the Bond Registrar/Paying Agent) by a written instrument or instruments of transfer or authorization for exchange, in form and with guaranty of signature satisfactory to the Division of Bond Finance and the Bond Registrar/Paying Agent, duly executed by the Registered Owner or by his duly authorized attorney.

Neither the Division of Bond Finance nor the Bond Registrar/Paying Agent may charge the Registered Owner or his transferee for any expenses incurred in making any exchange or transfer of the Bonds. However, the Division of Bond Finance and the Bond Registrar/Paying Agent may require payment from the Registered Owner of such Bond of a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in relation thereto. Such governmental charges and expenses shall be paid before any such new Bond shall be delivered.

New Bonds delivered upon any transfer or exchange shall be valid obligations of the Board of Regents evidencing the same debt as the Bonds surrendered, shall be secured by this Resolution, and shall be entitled to all of the security and benefits hereof to the same extent as the Bonds surrendered.

The Board of Regents and the Bond Registrar/Paying Agent may treat the Registered Owner of any Bond as the absolute owner thereof for all purposes, whether or not such Bond shall be overdue, and shall not be bound by any notice to the contrary. The person in whose name any Bond is registered may be deemed the owner thereof by the Board of Regents and the Bond Registrar/Paying Agent, and any notice to the contrary shall not be binding upon the Division of Bond Finance or the Bond Registrar/Paying Agent.

Notwithstanding the foregoing provisions of this Section 2.08, the Division of Bond Finance reserves the right, on or prior to the delivery of the Bonds, to amend or modify the foregoing provisions relating to registration of the Bonds in order to comply with all applicable laws, rules, and regulations of the United States Government and the State of Florida relating thereto.

SECTION 2.09. AUTHENTICATION. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Resolution unless and until a certificate of authentication on such Bond substantially in the form herein set forth shall have been duly executed by the manual signature of the Bond Registrar/Paying Agent, and such executed certificate of the Bond Registrar/Paying Agent upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Resolution. The Bond Registrar/Paying Agent's certificate of authentication on any Bond shall be deemed to have been executed by it if signed by an authorized officer or signatory of the Bond Registrar/Paying Agent, but it shall not be necessary that the same officer or signatory sign the certificate of authentication on all of the Bonds issued hereinafter.

SECTION 2.10. DISPOSITION OF BONDS PAID OR EXCHANGED. Whenever any Bond shall be delivered to the Bond Registrar/Paying Agent for cancellation, upon payment of the principal amount thereof or for replacement or transfer or exchange, such Bond shall either be cancelled and retained by the Bond Registrar/Paying Agent for a period of time specified in writing by the Division of Bond Finance or the Board of Administration, or, at the option of the Division of Bond Finance or the Board of Administration, shall be cancelled and destroyed by the Bond Registrar/Paying Agent and counterparts of a certificate of destruction evidencing such destruction shall be furnished to the Division of Bond Finance or the Board of Administration.

SECTION 2.11. BONDS MUTILATED, DESTROYED, STOLEN OR LOST. In case any Bond shall become mutilated, or be destroyed, stolen or lost, the Division of Bond Finance may in its discretion issue and deliver a new Bond of like tenor as the Bond so mutilated, destroyed, stolen, or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Registered Owner furnishing the Division of Bond Finance proof of his ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Division of Bond Finance may prescribe and paying such expense as the Division of Bond Finance may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar/Paying Agent. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Division of Bond Finance may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Any such duplicate Bond issued pursuant to this Section 2.11 shall constitute original, additional, contractual obligations on the part of the Board of Regents, whether or not the lost, stolen or destroyed Bond be at any time found by anyone and such duplicate Bond shall be entitled to equal and proportionate benefits and rights as to lien, source and security for payment, pursuant to this Resolution from the Pledged Revenues.

SECTION 2.12. FORM OF BONDS. The text of the Bonds, together with the validation certificate to be endorsed thereon, shall be substantially of the following tenor, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted by this Resolution or any subsequent resolution adopted prior to the issuance thereof:

ARTICLE III

APPLICATION OF PROCEEDS

SECTION 3.01. CONSTRUCTION OF THE 1993 PROJECT. The Board of Regents is authorized to construct the 1993 Project from the proceeds of the sale of the 1993 Bonds and other legally available funds, subject to the provisions of this Resolution and the applicable laws of Florida.

SECTION 3.02. APPLICATION OF 1993 BOND PROCEEDS. (A) Upon receipt of the proceeds of the sale of the 1993 Bonds, and after reserving an amount sufficient to pay all costs and expenses incurred in connection with the preparation, issuance and sale of the 1993 Bonds, including a reasonable charge for the Division of Bond Finance's services, the Division of Bond Finance shall transfer and deposit the remainder of the 1993 Bond proceeds as follows:

(1) An amount which together with other moneys available therefor and on deposit in the Reserve Account is equal to the Debt Service Reserve Requirement, shall be transferred to the Board of Administration and deposited in the Reserve Account in the Sinking Fund to be used solely for the purpose of the Reserve Account. Alternatively, the Division of Bond Finance, as provided in Section 4.02(B), may elect at any time to provide in lieu of all or a portion of such funds a Reserve Account Credit Facility in an amount equal to the difference between the Debt Service Reserve Requirement and the sums then on deposit in the applicable sub-account in the Reserve Account.

(2) Any accrued interest or amounts to be used to pay interest for a specified period of time shall be transferred to the Board of Administration and deposited in the Sinking Fund, created by this Resolution, and used for the payment of interest on the 1993 Bonds.

(3) After making the transfers provided for in subsections (1) and (2) above, the balance of the proceeds of the 1993 Bonds shall be transferred to and deposited in the 1993 Project Construction Fund, which is hereby created in the State Treasury.

Any unexpended balance remaining in the 1993 Project Construction Fund, after a consulting architect shall certify that the 1993 Project has been completed and all costs thereof paid or payment provided for, shall be deposited in the Sinking Fund created by this Resolution.

In addition to the aforementioned proceeds of the 1993 Bonds, the Board of Regents covenants that it will deposit in the 1993 Project Construction Fund additional funds legally available for such purpose which, together with the proceeds of the 1993 Bonds, will be sufficient to finance the total 1993 Project Costs. Any such additional funds, other than the proceeds of the 1993 Bonds or Completion Bonds, shall be derived from sources and in a manner which will not jeopardize the security of the Bonds issued pursuant to this Resolution.

All moneys in said 1993 Project Construction Fund, or in any other construction fund hereafter created for any project hereafter financed in whole or in part from the proceeds of Additional Parity Bonds as provided herein, shall constitute a trust fund for such purposes and there is hereby created a lien upon such funds in favor of the Registered Owners of Bonds issued pursuant to this Resolution, until such funds are applied as provided herein, except to the extent such moneys are required for the payment of any Rebate Amount, and all moneys in such funds shall be continuously secured in the manner now provided by the laws of the State for securing deposits of state funds.

SECTION 3.03. INVESTMENT OF 1993 PROJECT CONSTRUCTION FUND. Any moneys in the 1993 Construction Fund not immediately needed for the purposes provided in this Resolution, may be temporarily invested and reinvested as provided in Section 18.10, Florida Statutes.

ARTICLE IV

APPLICATION AND ADMINISTRATION OF PLEDGED REVENUES

SECTION 4.01. BONDS SECURED BY PLEDGED REVENUES. (A) The payment of principal of and interest on the Bonds shall be secured forthwith equally and ratably by a valid and enforceable senior lien on the Pledged Revenues as provided for in Section 6.01 of this Resolution and to be received under this Resolution, and such Pledged Revenues, except as may be required for payment of Rebate Amounts, are hereby irrevocably pledged to the payment of the principal of and interest on the Bonds, as the same become due.

(B) The Bonds shall not be or constitute an indebtedness of the State, or any political subdivision thereof or any instrumentality thereof, but shall be payable solely from the Pledged Revenues, as provided herein. No Registered Owner or Owners of the Bonds shall ever have the right to compel the exercise of the taxing power of the State, or any political subdivision thereof, to pay such Bonds or the interest thereon, or be entitled to payment of such principal and interest from any other funds except such payments consisting of the Pledged Revenues, in the manner provided herein.

SECTION 4.02. APPLICATION OF HOUSING SYSTEM REVENUES. Upon collection the Housing System Revenues shall be deposited by the University in a separate account in a bank approved by the Board of Regents and the State Treasurer. This separate account shall be known as the "Florida State University Housing Revenue Fund" (hereinafter referred to as the "Revenue Fund") which is hereby created. Said fund constitutes a trust fund for the purposes provided in this Resolution, and shall be kept separate and distinct from all other funds of the University and the Board of Regents and used only for the purposes and in the manner provided in this Resolution. All revenues on deposit at any time in the Revenue Fund shall be applied only in the following manner and order of priority:

(A) First, for payment of Current Expenses of the Housing System for the current month, and to maintain on deposit a sufficient amount of moneys for payment of the next months's Current Expenses of the Housing System, as determined in the annual budget of the University.

(B) Second, the remaining moneys not needed for the purpose of (A) above shall be transferred to the Board of Administration to be used as follows:

(i) for payment of the Administrative Expenses;

(ii) for deposit into the Sinking Fund, which is hereby created, until there is accumulated in said Sinking Fund an amount sufficient to pay the next installments of principal and interest to become due during the then current Fiscal Year, including Amortization Installments for any Term Bonds which funds shall be deposited into the Bond Amortization Account which is hereby created;

(iii) for the maintenance and establishment, if necessary, together with other moneys available for such purposes, of the Reserve Account, or sub-accounts therein, in the Sinking Fund in an amount equal to the Debt Service Reserve Requirement.

The moneys in the Reserve Account shall be used for the payments provided for in (ii) above when the other moneys in the Sinking Fund are insufficient therefor, any withdrawals from the Reserve Account shall be restored from the first moneys available therefor in the Sinking Fund after the required payments under (ii) above have been made or provided for. Any unused portion of the Reserve Account may be used by the Board of Regents to reduce the final installments of the Annual Debt Service Requirement becoming due. If the funds on deposit in the Reserve Account exceed the Reserve Requirement with respect to the Series of Bonds secured thereby, such excess shall remain in the Sinking Fund to be used for the purposes thereof.

Notwithstanding the foregoing provisions, in lieu of the required deposits into the Reserve Account, the Board of Regents may at any time cause to be deposited into one or more sub-accounts in the Reserve Account, a Reserve Account Credit Facility for the benefit of the Registered Owner for which such sub-account has been established, in an amount which, together with sums on deposit, equals the Debt Service Reserve Requirement. The Reserve Account Credit Facility shall be payable or available to be drawn upon, as the case may be, on or before any Interest Payment Date or Principal Payment Date on which a deficiency exists which cannot be cured by funds in any other account held for such Bonds pursuant to this Resolution and available for such purpose. In no event shall the use of such Reserve Account Credit Facility be permitted if it would cause, at the time of acquisition of such Reserve Account Credit Facility, an impairment in any existing rating on the Bonds or any Series of Bonds. If a disbursement is made under the Reserve Account Credit Facility, the Board of Regents shall be obligated, from the first Pledged Revenues available, to either reinstate such Reserve Account Credit Facility, immediately following such disbursement to the amount required to be maintained in the Reserve Account or to deposit into the applicable sub-account in the Reserve Account from the Pledged Revenues, as herein provided, funds in the amount of the disbursement made under such Reserve Account Credit Facility plus any amounts required to reimburse the Reserve Account Credit Facility provider for previous disbursements made pursuant to such Reserve Account Credit Facility, or a combination of such alternatives as shall equal the amount required to be maintained.

In the event that any moneys shall be withdrawn by the Board of Administration from the Reserve Account for the payment of interest, principal or Amortization Installments, such withdrawals shall be subsequently restored from the first Pledged Revenues available after all required payments have been made as provided in paragraph (ii) of this section, including any

deficiencies for prior payments, unless restored by a reinstatement under a Reserve Account Credit Facility of the amount withdrawn.

Moneys in the Reserve Account shall be used only when the other moneys in the Sinking Fund available for such purpose are insufficient therefor.

The Division of Bond Finance shall cause to be established and the Board of Administration shall establish one or more specific sub-accounts in the Reserve Account. Each sub-account may be established for one or more Series of Bonds. Each sub-account shall be available only to cure deficiencies in the accounts in the Sinking Fund with respect to the Series of Bonds for which such sub-account has been established, and no amounts in the other sub-accounts in the Reserve Account shall be available for such purpose. Such separate sub-account shall be established and designated in the resolution authorizing such Series of Bonds. Such resolution may also specify the method of valuation of the amounts held in such separate sub-account.

Any moneys in a sub-account in the Reserve Account in excess of the amount required to be maintained therein shall first be used to cure any deficiency in any other sub-account in the Reserve Account and any remaining monies shall be deposited into the Revenue Fund; and

(iv) for deposit to the Rebate Fund created by Section 6.04(B) of this Resolution, an amount of moneys sufficient to pay the Rebate Amount.

(C) Third, as soon as the required balances have been accumulated in each Fiscal Year in the Sinking Fund, including the Reserve Account, and deficiencies have been restored for prior payments, moneys remaining in the Sinking Fund shall be transferred by the Board of Administration to the University for deposit in the Building Maintenance and Equipment Reserve Fund to be established by the University in a separate account in a bank approved by the Board of Regents and the State Treasurer. Amounts required by this Resolution to be deposited in the Building Maintenance and Equipment Reserve Fund shall be as approved in the annual budget of the University pursuant to Section 8.12 hereof. Such deposits shall continue to be made in each Fiscal Year in amounts necessary to maintain a balance of deposits in such amounts as are required to be deposited by the Board of Regents.

The moneys in said Building Maintenance and Equipment Reserve Fund may be drawn on and used by the Board of Regents or the University for the purpose of paying the cost of unusual or extraordinary maintenance or repairs, renewals and replacements, and the renovating or replacement of the equipment not paid as part of the ordinary and normal expense of the operation and maintenance of said 1993 Project.

In the event the moneys in the Sinking Fund and Reserve Account therein on any Interest Payment Date or Principal Payment Date shall be insufficient to pay the next maturing installment of principal or interest on the Bonds, then moneys in said Building Maintenance and Equipment Reserve Fund may be transferred to the Sinking Fund to the extent necessary to eliminate such deficiencies and to avoid a default or to the Rebate Fund to pay the Rebate Amount.

(D) Fourth, the balance of any money not needed for the payments provided in (A), (B) and (C) above, shall be applied in the sole discretion of the University for:

1. Optional redemption or purchase of Bonds; or
2. Any lawful purpose of the University.

(E) If on any payment date the revenues are insufficient to place the required amounts in any of the funds as above provided, the deficiency shall be made up in subsequent payments in addition to the payments which would otherwise be required to be made into such funds on the subsequent payment dates.

(F) The Revenue Fund and the Sinking Fund shall constitute trust funds for the purposes provided herein for such funds. All of such funds shall be continuously secured in the same manner as deposits of state funds are required to be secured by the laws of the State.

Except insofar as such funds may be needed for any payment required to be made by the terms of this Resolution or the Bonds, moneys in any of the funds authorized or required by this Resolution may be invested and reinvested at any time as provided by Section 18.10, Florida Statutes. When so invested or reinvested, the interest income derived from the investment or reinvestment of such obligations shall be deposited in the Revenue Fund and used for the purposes therein. The proceeds derived from the investment or reinvestment of such obligations shall be held for and credited to the fund for which said

obligations were purchased except as otherwise provided in this Resolution; provided, however, that any such obligations purchased as investments for moneys in the Sinking Fund shall mature not later than the dates upon which such moneys will be needed for the payment of maturing principal and interest to be paid from said Sinking Fund.

ARTICLE V

ADDITIONAL PARITY BONDS AND REFUNDING REQUIREMENTS

SECTION 5.01. ISSUANCE OF ADDITIONAL PARITY BONDS. The Division of Bond Finance is authorized to issue Additional Parity Bonds after the issuance of the 1993 Bonds authorized by this Resolution, but only upon the following terms, restrictions and conditions:

(A) The proceeds from such Additional Parity Bonds shall be used to acquire and construct capital additions or improvements to the Housing System.

(B) All previously authorized certificates or bonds shall have been issued and delivered, or authority for the issuance and delivery of any unissued portion thereof shall have been cancelled.

(C) The Board of Regents shall authorize the issuance of such Additional Parity Bonds.

(D) The Board of Administration shall approve the fiscal sufficiency of such Additional Parity Bonds.

(E) Certificates shall be executed by the Board of Regents or other appropriate State official setting forth:

(1) the average amount of Pledged Revenues from the two Fiscal Years immediately preceding the issuance of the proposed Additional Parity Bonds, and;

(2) the Maximum Annual Debt Service on the Bonds then Outstanding and the Additional Parity Bonds then proposed to be issued.

(F) The Board of Regents must be current in all deposits into the various funds and accounts and all payments theretofore required to have been deposited or made by it under the provisions of this Resolution and the Board of Regents must be currently in compliance with the covenants and provisions of this Resolution and any supplemental resolution hereafter adopted for the issuance of Additional Parity Bonds; unless upon the issuance of such Additional Parity Bonds the Board of Regents will be in compliance with all such covenants and provisions.

(G)(1) The average amount of Pledged Revenues for the two immediately preceding Fiscal Years adjusted as hereinafter provided, as certified by the Board of Regents or other appropriate State official pursuant to Section 5.01(E)(1), will be at least equal to one hundred thirty percent (130%) of the Maximum Annual Debt Service on (i) the Bonds then Outstanding, and (ii) the Additional Parity Bonds then proposed to be issued;

(2) The Pledged Revenues calculated pursuant to the foregoing subsection (G)(1) may be adjusted, at the option of the Board of Regents as follows:

(a) If the Board of Regents or the University, prior to the issuance of the proposed Additional Parity Bonds, shall have increased the rates, fees, rentals or other charges for the services or facilities of the Housing System, the average amount of Pledged Revenues for the two immediately preceding Fiscal Years prior to the issuance of said Additional Parity Bonds shall be adjusted to show the Pledged Revenues which would have been derived from the Housing System as if such increased rates, fees, rentals or other charges for the services or facilities of the Housing System had been in effect during all of such two preceding Fiscal Years.

(b) If the Board of Regents or the University shall have acquired or has contracted to acquire, or desires to add any housing facility to the Housing System, any privately or publicly owned existing housing facility, then the average amount of Pledged Revenues derived from the Housing System during the two immediately preceding Fiscal Years prior to the issuance of said Additional Parity Bonds as certified by the Board of Regents or other appropriate State official, shall be increased by adding to the Pledged Revenues for said two preceding Fiscal Years the net revenues which would have been derived from the existing housing facility so acquired as if such existing housing facility had been a part of the Housing System during such two Fiscal Years. For the purposes of this paragraph, the revenues derived from said existing housing facility during such two preceding

Fiscal Years shall be adjusted to determine such net revenues by deducting the cost of operation and maintenance of said existing housing facility from the gross revenues of said housing facility in the same manner provided in the Resolution for the determination of Pledged Revenues. The revenues from such facilities may also be adjusted for any increase in rates as though they had been in effect during all of such two preceding Fiscal Years.

(c) Should the Board of Regents or the University be constructing or acquiring additions, extensions or improvements to the Housing System from the proceeds of such Additional Parity Bonds or from sources other than Additional Parity Bonds and if the Board of Regents or the University shall have established rates, fees, rentals or other charges to be charged and collected from users of such facilities when service is rendered, the average amount of Pledged Revenues for the two immediately preceding Fiscal Years prior to the issuance of such Additional Parity Bonds, as certified by the Board of Regents, shall be adjusted to show the Pledged Revenues estimated by the Board of Regents to be received from the users of the facilities to be financed, during the first twelve (12) months of operation after completion of the construction or acquisition of said additions, extensions and improvements as if such rates, fees, rentals or other charges for such services or facilities had been in effect during all of such two Fiscal Years.

SECTION 5.02. REFUNDING BONDS. All of the Bonds originally issued pursuant to this Resolution then Outstanding, together with all Additional Parity Bonds theretofore issued and then Outstanding, may be refunded as a whole or in part. This section shall not be construed as a limitation on the Division of Bond Finance's authority to issue refunding obligations that are junior to the Bonds or refunding Bonds for the purpose of refunding junior obligations. If the Annual Debt Service Requirement of the refunding Bonds in each Fiscal Year is equal to or less than the Annual Debt Service Requirement of the refunded Bonds, then the provisions of Section 5.01(G) of this Resolution shall not apply to the issuance of the refunding Bonds.

SECTION 5.03. ISSUANCE OF OTHER OBLIGATIONS OR CREATION OF ENCUMBRANCES. The Division of Bond Finance covenants that it will not issue any other obligations, except Additional Parity Bonds provided for in Section 5.01 hereof, refunding Bonds provided for in Section 5.02 hereof, or Completion Bonds provided for in Section 5.04 hereof, payable from the Pledged Revenues nor voluntarily create or cause to be created any other debt, lien, pledge, assignment, encumbrance or other charge, having priority to or being on a parity with the lien of the Bonds issued pursuant to this Resolution, upon the Pledged Revenues securing the Bonds provided for in this Resolution. Any such other obligations hereafter issued by the Board of Regents, in addition to the Bonds authorized by this Resolution and such Additional Parity Bonds and parity refunding bonds or Completion Bonds provided for in Sections 5.01, 5.02, or 5.04 hereof, shall contain an express statement that such obligations are junior and subordinate to the Bonds issued pursuant to this Resolution, and any Additional Parity Bonds thereafter issued, as to lien on and source and security for payment from such Pledged Revenues.

SECTION 5.04. COMPLETION BONDS. The Board of Regents and the Division of Bond Finance need not comply with Section 5.01 of this Resolution in the issuance of Completion Bonds, provided that the net proceeds of such Completion Bonds available for deposit into the 1993 Project Construction Fund for such costs shall be equal to or less than 20% of the original estimated cost of the 1993 Project at the time of the original issuance of the 1993 Bonds.

COVENANTS

SECTION 6.01. PLEDGE OF PLEDGED REVENUES. The Board of Regents hereby covenants and agrees with the Registered Owners of 1993 Bonds that, so long as any of the Bonds, or interest thereon, are Outstanding and unpaid, all of the Pledged Revenues provided for in this Resolution shall be pledged to the payment of the principal of and interest on the Bonds and the payment of Rebate Amounts, if any, in the manner provided in this Resolution and the Registered Owners of the Bonds shall have a valid and enforceable senior lien on such Pledged Revenues in the manner provided herein.

SECTION 6.02. PLEDGED REVENUE COVENANTS. The Board of Regents covenants:

(A) That it will punctually pay the Pledged Revenues provided for in Section 6.01 of this Resolution in the manner and at the times provided in this Resolution and that it will duly and punctually perform and carry out all the covenants of the Board of Regents made herein and the duties imposed upon the Board of Regents by this Resolution.

(B) That in preparing, approving and adopting any budget controlling or providing for the expenditures of its funds for each budget period it will allocate, allot and approve from its Housing System Revenues and other available funds the amounts sufficient to pay the Pledged Revenues due under this Resolution.

(C) That it will from time to time recommend, fix and include in its budgets such revisions in the amounts of rentals, fees and other charges to be levied upon and collected from each person using the facilities of the Housing System which will produce sums sufficient to pay, when due, the requirements as set forth under this Resolution.

(D) That it will continue to collect the fines, fees, rentals and other amounts charged all students, faculty members and tenants of the facilities of the Housing System.

SECTION 6.03. FEES, RENTALS OR OTHER CHARGES. (A) The Board of Regents covenants that it will fix, establish and collect such fees, rentals or other charges from students, faculty members and others using or being served by, or having the right to use, or having the right to be served by the Housing System, and revise the same from time to time whenever necessary, so that the Housing System Revenues shall be sufficient in each Fiscal Year to pay at least one hundred percent (100%) of an amount equal to the Current Expenses and Administrative Expenses, and so that the Pledged Revenues shall be sufficient in each Fiscal Year to pay at least one hundred percent (100%) of an amount equal to the Annual Debt Service Requirement for the Bonds and at least one hundred percent (100%) of all other payments required by the terms of this Resolution.

(B) The Board of Regents will increase such fees, rentals or other charges as shall be necessary to comply with the provisions of subsection (A), provided that such increase will not result in a reduction of the number of students living in the Housing System, or a reduction of Housing System Revenues for the then current or any future Fiscal Year.

(C) Whenever in any year the amounts of Housing System Revenues stated in the annual budget, as provided hereafter, for the ensuing Fiscal Year shall be insufficient to comply with the requirements of the above paragraph for such Fiscal Year, then it shall be the duty of the Board of Regents to increase such fees, rentals or other charges for the ensuing Fiscal Year in an amount sufficient to comply with the provisions of the above paragraph for such ensuing Fiscal Year, and any deficiencies in prior years.

SECTION 6.04. COMPLIANCE WITH TAX REQUIREMENTS: REBATE FUND. (A) In addition to any other requirement contained in this Resolution, the Division of Bond Finance, the Board of Regents, and the Board of Administration hereby covenant and agree, for the benefit of the Registered Owners from time to time of the Bonds, that each will comply with the requirements contained in Section 103 and Part IV of Subchapter B of Chapter 1 of the Internal Revenue Code of 1986, as amended, and temporary, proposed or permanent implementing regulations promulgated thereunder (the "Code") as shall be set forth in the non-arbitrage certificate of the Board of Regents dated and delivered on the date of original issuance and delivery of each series of Bonds. Specifically, without intending to limit in any way the generality of the foregoing, the Division of Bond Finance and Board of Regents covenant and agree:

(i) to pay or cause to be paid to the United States of America from the Housing System Revenues and any other legally available funds, at the times required pursuant to Section 148(f) of the Code, the excess of the amount earned on all nonpurpose investments (as defined in Section 148(f)(6) of the Code) over the amount which would have been earned if such nonpurpose investments were invested at a rate equal to the yield on the Bonds, plus any income attributable to such excess (the "Rebate Amount");

(ii) to maintain and retain or cause to be maintained and retained all records pertaining to and to be responsible for making or causing to be made all determinations and calculations of the Rebate Amount and required payments of the Rebate Amount as shall be necessary to comply with the Code;

(iii) to refrain from using proceeds from the Bonds in a manner that might cause the Bonds or any of them, to be classified as private activity bonds under Section 141(a) of the Code; and

(iv) to refrain from taking any action that would cause the Bonds, or any of them to become arbitrage bonds under Section 148 of the Code.

The Board of Regents, the Division of Bond Finance and the Board of Administration understand that the foregoing covenants impose continuing obligations that will exist throughout the term of the issue to comply with the requirements of the Code.

(B) The Division of Bond Finance and Board of Regents covenant and agree that they shall maintain and retain or cause to be maintained and retained all records pertaining to and they shall be responsible for making and having made all determinations and calculations of the Rebate Amount for each Series of Bonds issued hereunder for each Rebate Year within thirty (30) days after the end of such Rebate Year and within thirty (30) days after the final maturity of each such Series of Bonds. On or before the expiration of each such thirty (30) day period, the Board of Regents shall deposit or direct the Board of

Administration to deposit into the Rebate Fund which is hereby created and established in the Board of Administration, from investment earnings or moneys deposited in the other funds and accounts created hereunder, or from any other legally available funds of the Board of Regents, an amount equal to the Rebate Amount for such Rebate Year. The Board of Administration shall use such moneys deposited in the Rebate Fund only for the payment of the Rebate Amount to the United States as required by subsection (A) of this section, and as directed by the Board of Regents, which payments shall be made in installments, commencing not more than thirty (30) days after the end of the fifth Rebate Year and with subsequent payments to be made not later than five (5) years after the preceding payment was due except that the final payment shall be made within thirty (30) days after the final maturity of the last obligation of the Series of Bonds issued hereunder. In complying with the foregoing, the Division of Bond Finance and the Board of Regents may rely upon any instructions or opinions from a nationally recognized bond/tax counsel.

Notwithstanding anything in this Resolution to the contrary, to the extent moneys on deposit in the Rebate Fund are insufficient for the purpose of paying the Rebate Amount and other funds of the Board of Regents are not available to pay the Rebate Amount, then the Board of Administration shall pay the Rebate Amount first from Pledged Revenues and, to the extent the Pledged Revenues be insufficient to pay the Rebate Amount, then from moneys on deposit in any of the funds and accounts created hereunder.

If at any time the Division of Bond Finance or the Board of Regents determines that the amount of money on deposit in the Rebate Fund is in excess of the Rebate Amount, the Division of Bond Finance or the Board of Regents may direct the Board of Administration to transfer the amount of money in excess of the Rebate Amount to the University, for deposit in the Revenue Fund.

If any amount shall remain in the Rebate Fund after payment in full of all Bonds issued hereunder and after payment in full to the United States in accordance with the terms hereof, such amounts shall be paid over to the Board of Regents and may be used for other purposes authorized by law.

The Rebate Fund shall be held separate and apart from all other funds and accounts of the Board of Regents and shall be subject to a lien in favor of the Registered Owners, but only to secure payment of the Rebate Amount, and the moneys in the Rebate Fund shall be available for use only as herein provided.

The Division of Bond Finance, the Board of Administration, and the Board of Regents shall not be required to continue to comply with the requirements of this section in the event that the Division of Bond Finance and the Board of Administration receive an opinion of nationally recognized bond/tax counsel that (i) such compliance is no longer required in order to maintain the exclusion from gross income for federal income tax purposes of interest on the Bonds or (ii) compliance with some other requirement will comply with the provisions of the Code in respect of arbitrage rebate, or in the event that any other agency is subsequently designated by proper authority to comply with the requirements of this section.

SECTION 6.05. ANNUAL FINANCIAL STATEMENT. (A) Annually, within ninety days after the end of the Fiscal Year, the University will prepare a financial statement of the Housing System for the preceding Fiscal Year, reflecting in reasonable detail the financial condition and record of operation of the Housing System, and other Pledged Revenue sources, including particularly the University's enrollment, the occupancy or degree of use and rates charged for the use of, and the insurance on, the Housing System and the status of the several accounts and funds established in this Resolution.

(B) Should the University fail to comply with subsection (A) of this section, upon request of at least 5% of the Registered Owners an audit shall be completed by a certified public accountant or firm of certified public accountants. The cost of this audit shall be borne by the University.

ARTICLE VII

REMEDIES

SECTION 7.01. ENFORCEABILITY BY REGISTERED OWNERS. (A) This Resolution, including the pledge of the Pledged Revenues, shall be deemed to have been made for the benefit of the Registered Owners from time to time of the Bonds, as defined herein, and that such pledge and all the provisions of this Resolution shall be enforceable in any court of competent jurisdiction by any Registered Owner or Owners of such Bonds, against either the Board of Regents or the Board of Administration or any other agency of the State, or instrumentality thereof having any duties concerning collection, administration and disposition of the Pledged Revenues. The Board of Regents does hereby consent to the bringing of any proceedings in any court of competent jurisdiction by any Registered Owner or Owners of the Bonds for the enforcement of all provisions of this

Resolution and does hereby waive, to the extent permitted by law, any privilege or immunity from suit which it may now or hereafter have as an agency of the State. However, no covenant or agreement contained in this Resolution or any Bond issued pursuant hereto shall be deemed to be the covenant or agreement of any officer or employee of the State in his or her or individual capacity, and neither the officers nor employees of the State nor any official executing any of the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

(B) Any Registered Owner of the Bonds, or any trustee acting for the Registered Owners of such Bonds, may by civil action in any court of competent jurisdiction, protect and enforce any and all rights, including the right to the appointment of a receiver, existing under the laws of the State, or granted and contained in this Resolution, and may enforce and compel the performance of all duties required by this Resolution, and by any applicable Statutes, to be performed by the Division of Bond Finance, the Board of Regents, the University, or the Board of Administration, or by any officer thereof, including the payment of the Pledged Revenues payable under this Resolution. Nothing herein, however, shall be construed to grant to any Registered Owner of the Bonds any lien on the Housing System or any other facility or funds of the University, or the Board of Regents, or the Division of Bond Finance.

ARTICLE VIII

MISCELLANEOUS

SECTION 8.01. RESOLUTION NOT ASSIGNABLE. This Resolution shall not be assignable by the Division of Bond Finance or the Board of Administration, except for the benefit of the Registered Owners; provided, however, the Board of Regents may lease, from time to time, to other tenants such portion or portions of the Housing System as are not needed by the Board of Regents, to the extent that any such lease would not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes.

SECTION 8.02. MODIFICATION OR AMENDMENT. Except as otherwise provided in the second and third paragraph hereof, no material modification or amendment of this Resolution, or of any resolution amendatory thereof or supplemental thereto, may be made without the consent in writing of (i) the Registered Owners of more than fifty percent in principal amount of the Bonds then Outstanding or (ii) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, the Registered Owners of more than fifty percent in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given; provided, however, that no modification or amendment shall permit a change in the maturity of such Bonds or a reduction in the rate of interest thereon, or affecting the promise to pay the interest of and principal on the Bonds, as the same mature or become due, or reduce the percentage of Registered Owners of Bonds required above for such modification or amendments, without the consent of the Registered Owners of all the Bonds.

For purposes of this section, to the extent any Series of Bonds is insured by a Bond Insurance Policy and such Series of Bonds is then rated in as high a rating category as the rating category in which such Series of Bonds was rated at the time of initial issuance and delivery thereof by a Rating Agency, then the consent of the issuer of the Bond Insurance Policy shall constitute the consent of the Registered Owners of such Series.

The Resolution may be amended, changed, modified and altered without the consent of the Registered Owners of Bonds, (i) to cure any defect, omission, conflict, or ambiguity in this Resolution or between the terms and provisions hereof and any other document executed or delivered herewith, (ii) to provide other changes including such changes as may be necessary in order to adjust the terms hereof so as to facilitate the issuance of various types of Bonds including, but not limited to, Capital Appreciation Bonds, and any other Bonds which may be issued hereunder, which will not adversely affect the interest of such Registered Owners, (iii) to provide for the issuance of Bonds in coupon form if, in the opinion of a nationally recognized bond/tax counsel, such issuance will not affect the exemption from federal income taxation of interest on the Bonds, (iv) to obtain credit enhancements or a higher rating in one of the three highest full rating categories of a Rating Agency, (v) to add to the covenants and agreements of the Division of Bond Finance or the Board of Regents in this Resolution, other covenants and agreements to be observed by the Division of Bond Finance or the Board of Regents which are not contrary to or inconsistent with this Resolution as theretofore in effect, (vi) to add to the limitations and restrictions in this Resolution, other limitations and restrictions to be observed by the Division of Bond Finance or the Board of Regents which are not contrary to or inconsistent with this Resolution as theretofore in effect, (vii) to permit the qualification hereof and thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualifications of the Bonds for sale under the securities laws of any of the states of the United States of America, (viii) to enable the Division of Bond Finance and the Board of Regents to comply with their covenants, agreements and obligations under Section 6.04 hereof, (ix) to specify and determine any matters and things relative to the Bonds which are not contrary to or inconsistent with this Resolution and which shall not adversely affect

the interests of the Registered Owners, (x) to amend or modify any provisions of this Resolution so long as such amendment or modification does not adversely affect the interests of the Registered Owners, (xi) to add any housing facility to the Housing System as long as the provisions of this Resolution are complied with, and (xii) to make any other amendments to this Resolution necessary to conform this Resolution to the loan agreement between the University and the United States Department of Education.

SECTION 8.03. SEVERABILITY OF INVALID PROVISIONS. If any one or more of the covenants or provisions of this Resolution shall be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants or provisions shall be null and void and shall be deemed separable from the remaining covenants or provisions of this Resolution or of the Bonds and shall in no way affect the validity or enforceability of any other covenants, agreements or provisions of this Resolution or of the Bonds issued hereunder.

SECTION 8.04. BONDS NOT STATE OBLIGATION. Notwithstanding any of the other provisions of this Resolution, the Bonds are not an obligation, directly or indirectly, of the State and no Registered Owner shall have the right to compel or require any appropriation by the Legislature of the State for payment of the Pledged Revenues due under this Resolution, or for the payment of the principal of or interest on the Bonds, or the making of any other payments provided for in this Resolution from State tax revenues.

The Bonds shall be revenue bonds, within the meaning of Section 11(d) of Article VII of the Florida Constitution, and shall be payable solely from funds derived directly from sources other than State tax revenues.

SECTION 8.05. NONPRESENTMENT OF BONDS: FUNDS HELD FOR BONDS AFTER DUE DATE OF BONDS. In the event any Bond shall not be presented for payment when the principal thereof becomes due, either at maturity, or otherwise, if funds sufficient to pay such Bond shall have been made available to the Board of Administration for the benefit of the Registered Owner thereof, all liability of the Board of Regents to the Registered Owner thereof for the payment of such bond shall forthwith cease, terminate, and be completely discharged, and thereupon it shall be the duty of the Board of Administration to hold such funds, without liability for interest thereon, for the benefit of the Registered Owner of such Bonds, who shall thereafter be restricted exclusively to such funds, for any claim of whatever nature on his part under this Resolution or on, or with respect to, said Bond. Any such funds held by the Board of Administration for the Registered Owners of such Bonds for seven years after the principal or Accreted Value of the respective Bonds for which such funds have been so set aside has become due and payable and remaining (whether at maturity or upon redemption or otherwise) shall be subject to the laws of the State of Florida relating to disposition of unclaimed property, and unless demand for the payment of such Bonds shall have been made, the obligation thereon shall be extinguished.

SECTION 8.06. DEFEASANCE. The covenants, liens and pledges entered into, created or imposed pursuant to this Resolution may be fully discharged and satisfied with respect to the Bonds in any one or more of the following ways:

(A) By paying the principal of and interest on Bonds when the same shall become due and payable; or

(B) By depositing with the Board of Administration, certain moneys which are irrevocably pledged to the payment of the Bonds and which, together with other moneys lawfully available therefor, shall be sufficient at the time of such deposit to pay when due the principal, redemption premium, if any, and interest due and to become due on said Bonds on or prior to the redemption date or maturity date thereof; or

(C) By depositing with the Board of Administration, moneys which are irrevocably pledged to the payment of the Bonds and which, together with other moneys lawfully available therefor when invested in Defeasance Obligations, will provide moneys (principal and interest thereof at maturity) which shall be sufficient to pay the principal, redemption premium, if any, and interest due and to become due on said Bonds on or prior to a date fixed for redemption or the maturity date thereof. Upon such payment or deposit in the amount and manner provided in this section, Bonds shall be deemed to be paid and shall no longer be deemed to be Outstanding for the purposes of this Resolution and all liability of the Board of Regents or Division of Bond Finance with respect to said Bonds shall cease, terminate and be completely discharged and extinguished, and the Registered Owners thereof shall be entitled for payment solely out of the moneys or securities so deposited.

(D) Notwithstanding the foregoing, all references to the discharge and satisfaction of Bonds shall include the discharge and satisfaction of any Series of Bonds, any portion of any Series of Bonds, any maturity or maturities of any Series of Bonds, any portion of a maturity of any Series of Bonds or any combination thereof.

(E) If any portion of the moneys deposited for the payment of the principal of and redemption premium, if any, and interest on any portion of Bonds is not required for such purpose, the Board of Regents or the Board of Administration may use the amount of such excess free and clear of any trust, lien, security interest, pledge or assignment securing said Bonds or otherwise existing under this Resolution.

(F) Nothing herein shall be deemed to require the Board of Regents or Division of Bond Finance to call any of the Bonds for redemption prior to maturity pursuant to any applicable optional redemption provisions, or to impair the discretion of the Board of Regents or Division of Bond Finance in determining whether to exercise any such option for early redemption.

SECTION 8.07. INSURANCE. The Board of Regents will carry such insurance on the Housing System as is required by the State or is ordinarily and customarily carried on similar systems as the Housing System with a reputable insurance carrier or carriers, including public liability insurance and such other insurance against loss or damage by fire, explosion, hurricane, cyclone or other hazards and risks, or the Board of Regents may establish certain minimum levels of insurance for which the Board of Regents may self-insure.

SECTION 8.08. BOND ANTICIPATION NOTES. Notwithstanding any other provision of this Resolution, if the Division of Bond Finance shall deem it advisable, short-term obligations (hereinafter "Notes") are hereby authorized to be issued by the Division of Bond Finance on behalf of the Board of Regents in anticipation of the sale and delivery of 1993 Bonds. The Notes shall be payable from the proceeds received from the sale of the 1993 Bonds and, in the interim, from the Pledged Revenues. The Notes may be issued in such denomination or denominations, in the aggregate principal amount (not to exceed $3,500,000), in the form, may bear interest at the lawful rate or rates payable on such dates (not to exceed five (5) years from the date of issue) and may be subject to such conditions and terms as the Division of Bond Finance shall deem necessary or desirable in connection with such Notes, all as shall be provided by resolution of the Division of Bond Finance adopted at or before sale of the Notes, in accordance with Section 215.68(7), Florida Statutes.

SECTION 8.09. CAPITAL APPRECIATION BONDS. For the purposes of (i) receiving payment of the redemption price if a Capital Appreciation Bond is redeemed prior to maturity, or (ii) computing the amount of the Maximum Annual Debt Service and of Bonds held by the Registered Owner of a Capital Appreciation Bond in giving any notice, consent, request or demand pursuant to this Resolution for any purpose whatsoever, the principal amount of a Capital Appreciation Bond shall be deemed to be its Accreted Value.

SECTION 8.10. TRUST FUNDS. (A) The funds and accounts established by this Resolution and all moneys on deposit therein shall constitute trust funds for their respective purposes as provided herein. The Sinking Fund shall be held and administered by the Board of Administration, and such funds shall be fully and continuously secured in the manner provided by the laws of the State for the securing of deposits of State funds. The Registered Owners shall have a lien on moneys in the Sinking Fund, except the moneys in the Rebate Fund, until such moneys are used or applied as provided herein.

(B) The designation and establishment of the various funds and accounts in and by this Resolution shall not be construed to require the establishment of any completely independent, self-balancing funds as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues as herein provided.

SECTION 8.11. FISCAL AGENT. Upon sale and delivery of the 1993 Bonds by the Division of Bond Finance on behalf of the Board of Regents, the Board of Administration shall act as the fiscal agent for the Board of Regents with respect to the 1993 Bonds.

SECTION 8.12. ANNUAL BUDGETS. The Board of Regents shall annually, at least ninety days preceding the beginning of each Fiscal Year, or at any other time as requested by the Board of Administration, prepare a detailed budget providing reasonable estimates of the estimated Current Expenses of the University during the succeeding Fiscal Year and setting forth the amount to be deposited in the Building Maintenance and Equipment Reserve Fund. The budget shall be adopted by the Board of Regents and shall not be changed during the Fiscal Year except by the same procedure by which it was adopted. Copies of the annual budget and any changes therein shall be filed with the Board of Administration and, upon request, mailed to any Registered Owner. The Board of Regents shall request sufficient funds in the annual budget adopted as required in this section to provide the payment of all Administrative Expenses, Current Expenses, and amounts required to be deposited in the Building Maintenance and Equipment Reserve Fund as set forth herein.

SECTION 8.13. VALIDATION AUTHORIZED. The attorneys for the Division of Bond Finance are hereby authorized to institute proceedings to validate the 1993 Bonds, pursuant to Chapter 75, Florida Statutes.

(A) Notwithstanding anything to the contrary in the Original Resolution or this Tenth Supplemental Resolution, or any other resolution relating to the Refunding Bonds (for the purposes of this section, collectively, the "Resolution"), the Refunding Bonds may be issued in book-entry only form utilizing the services of a Securities Depository (as used herein, "Securities Depository" means The Depository Trust Company, New York, New York, or its nominees, successors and assigns).

So long as a book-entry only system of evidence of transfer of ownership of all the Refunding Bonds is maintained in accordance herewith, any provision of the Resolution relating to the delivery of physical bond certificates shall be inapplicable, and the Resolution shall be deemed to give full effect to such book-entry system.

(4) Unless otherwise provided herein, the Division of Bond Finance, the Board of Governors, the Board of Administration and the Bond Registrar/Paying Agent (as used in this section, the "State and its agents") shall treat the Securities Depository as the sole and exclusive owner of the Refunding Bonds registered in its name for the purposes of

(a) payment of the principal of, premium, if any, and interest on the Refunding Bonds or portion thereof to be redeemed or purchased. Payments made to the Securities Depository of principal, premium, and interest shall be valid and effective to fully satisfy and discharge the Board of Governors' obligations to the extent of the sums so paid;

(b) giving any notice permitted or required to be given to Registered Owners under the Resolution; and

(c) the giving of any direction or consent or the making of any request by the Registered Owners hereunder. The State and its agents may rely conclusively upon

(i) a certificate of the Securities Depository as to the identity of the Participants with respect to the Refunding Bonds; and

(ii) a certificate of any such Participant as to the identity of, and the respective principal amount of Refunding Bonds beneficially owned by, the Beneficial Owners.

(5) The State and its agents shall have no responsibility or obligations to the Securities Depository, any Participant, any Beneficial Owner or any other person which is not shown on the Refunding Bond Register, with respect to

(a) the accuracy of any records maintained by the Securities Depository or any Participant;

(b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption or purchase price of, or interest on, any Refunding Bond;

(c) the delivery of any notice by the Securities Depository or any Participant;

(d) the selection of the Participants or the Beneficial Owners to receive payment in the event of any partial redemption of the Refunding Bonds; or

(e) any consent given or any other action taken by the Securities Depository or any Participant.

(6) The requirements in the Resolution of holding, delivering or transferring Refunding Bonds shall be deemed modified to require the appropriate person to meet the requirements of the Securities Depository as to registering or transferring the book-entry Refunding Bonds to produce the same effect. Any provision hereof permitting or requiring delivery of the Refunding Bonds shall, while the Refunding Bonds are in book-entry only form,

be satisfied by the notation thereof on the books of the Securities Depository in accordance with applicable state law.

(B) The Division of Bond Finance may discontinue the book-entry system with the then-current securities depository, subject to the terms of its agreement with such securities depository. In this event, the Division of Bond Finance shall either

(1) identify another qualified securities depository or

(2) prepare and deliver replacement Refunding Bonds in the form of fully registered bonds to each Beneficial Owner.

ARTICLE III

(E) Any balance of the proceeds of the Refunding Bonds after providing for the requirements of subsections (A) through (D) above shall be transferred to the Sinking Fund and used for the purposes set forth therein.

(C) The Director is hereby authorized to publish and distribute a Notice of Bond Sale and a proposal for the sale of the Refunding Bonds. The Notice of Bond Sale shall be in such form as shall be determined by the Director and shall contain such information as is consistent with the terms of the Resolution which the Director determines is in the best financial interest of the State. Any prior publication or distribution of a Notice of Bond Sale and proposal for sale is hereby ratified.

(D) The Director is hereby authorized to prepare and distribute preliminary and final official statements in connection with the public offering of the Refunding Bonds. The Director is further authorized and directed to amend, supplement, or complete the information contained in the preliminary official statement, as may be needed, and to furnish such certification as to the completeness and finality of the preliminary official statement as is necessary to permit the successful bidder to fulfill its obligations under any applicable securities laws. (J) The Interest Payment Dates and the Principal Payment Dates for the Refunding Bonds shall be as set forth in the Notice of Bond Sale. Interest on the Refunding Bonds shall be paid by check or draft mailed on the Interest Payment Date (or, in certain cases, may be paid by wire transfer at the election of a Registered Owner, other than a securities depository, in the manner and under the terms provided for in the State's agreement with the Bond Registrar/Paying Agent, provided that such Registered Owner advances to the Bond Registrar/Paying Agent the amount, if any, necessary to pay the wire charges or authorizes the paying agent to deduct the amount of such payment) to the Registered Owner thereof as of 5:00 p.m. Eastern time on the Record Date shown on the registration books maintained by the Bond Registrar/Paying Agent for the Refunding Bonds.

(K) The Refunding Bonds shall be dated, shall mature in such years and amounts and shall bear interest commencing on such date as set forth or provided for in the Notice of Bond Sale, a copy of which, as published, shall be retained in the files of the Division with this Twentieth Supplemental Resolution. The Refunding Bonds shall be issued in denominations of $1,000 or any integral multiple thereof unless otherwise provided in the Notice of Bond Sale. The Refunding Bonds shall be payable at the corporate trust office of the Bond Registrar/Paying Agent. The

Refunding Bonds will bear interest at the interest rate specified by the successful bidder, calculated based on a 360-day year consisting of twelve 30-day months.

(L) The Refunding Bonds shall be subject to redemption as provided in the Notice of Bond Sale. The Notice of Bond Sale shall contain such redemption provisions as shall be determined by the Director to be in the best financial interest of the State. Upon election by the successful bidder as provided in the Notice of Bond Sale, a portion of the Refunding Bonds identified in such election may be designated as Term Bonds. Additionally, in lieu of mailing the notice of redemption, the Bond Registrar/Paying Agent may elect to provide such notice by electronic means to any Registered Owner who has consented to such method of receiving notices.

(M) The incremental increase in the Reserve Requirement, if any, attributable to the Refunding Bonds shall be funded with proceeds of the Refunding Bonds, amounts previously on deposit in a reserve account on behalf of the Refunded Bonds, a Reserve Account Credit Facility, or some combination thereof, as determined by the Director. The incremental increase, if any, in the Reserve Requirement attributable to the Refunding Bonds shall be deposited in the Reserve Account which was created pursuant to Section 4.02(B) of the Original Resolution. Amounts on deposit in the Reserve Account may be commingled with the amounts deposited for Bonds of additional Series which are secured thereby, shall be held for the benefit of the Registered Owners of only such Bonds as may be specifically secured by the Reserve Account, and shall be applied in the manner provided in the Original Resolution.

Notwithstanding the provisions of the Original Resolution, the Reserve Account for the Refunding Bonds authorized by this Resolution shall be funded in an amount determined by the Director, which shall not exceed the Debt Service Reserve Requirement for the Refunding Bonds.

Such amount may be zero. The amount of the Reserve Requirement funded from the proceeds of the Refunding Bonds shall not exceed the amount permitted under the Code.

The Reserve Requirement for the Refunding Bonds, if any, shall be deposited, as determined by the Director, in either a subaccount in the Reserve Account established for any of the Outstanding Bonds or in a subaccount in such Reserve Account which is hereby established for the Refunding Bonds. Amounts on deposit in any subaccount in the Reserve Account may be commingled with the amounts deposited for Bonds of additional Series which are secured thereby, shall be held for the benefit of the Registered Owners of only such Bonds as may be specifically secured by the respective subaccount, and shall be applied in the manner provided in the Resolution.

(N) Any portion of the Refunding Bonds may be issued as a separate series, provided that the Refunding Bonds of each series shall be numbered consecutively from one upward.

(O) The Director is hereby authorized to offer for sale a lesser principal amount of Refunding Bonds than that set forth in this Twentieth Supplemental Resolution and to adjust the maturity schedule and redemption provisions for the Refunding Bonds, if necessary, to reflect the issuance of such lesser amount, and to modify the Notice of Bond Sale as may be required. Any portion of the Refunding Bonds not offered shall remain authorized to be offered at a later date.

(P) The Director is authorized to provide in the Notice of Bond Sale of the Refunding Bonds that the purchase price for the Refunding Bonds may include a discount of not to exceed 3%, excluding original issue discount, if any, of the aggregate principal amount of such Refunding Bonds offered for sale.

(Q) The Chairman, Secretary and any Assistant Secretary of the Governing Board, the Director, and such other officers and employees of the Division as may be designated by the

Governing Board as agents of the Division in connection with the issuance and delivery of the Refunding Bonds, are authorized and empowered, collectively or individually, to take all actions and steps, to execute all instruments, documents, and contracts, and to take all other action on behalf of the Division, in each case as they may deem necessary or desirable, in connection with the execution and delivery of the Refunding Bonds, including but not limited to, contracting with a consultant to verify escrow calculations of the Refunding Bonds, retaining bond counsel to render a special tax opinion relating to the use of the proceeds from the sale of the Refunding Bonds, and providing for redemption of the Refunded Bonds. Notwithstanding anything contained in the Resolution to the contrary, it is the intent of the Division that interest on the Refunding Bonds, if issued as tax-exempt Refunding Bonds, be and remain excluded from gross income for federal income tax purposes and therefore to comply with all requirements of federal tax law applicable to such tax-exempt Refunding Bonds, whether such requirements are now in effect, pending or subsequently enacted. The Division is hereby authorized and directed to take all actions necessary with respect to the Refunding Bonds to comply with such requirements of federal tax law.

SECTION 2.02. AUTHORIZATION TO EXECUTE AND DELIVER AN ESCROW DEPOSIT AGREEMENT; DESIGNATION OF ESCROW AGENT. The Chairman and Secretary or an Assistant Secretary of the Governing Board and such other officers and employees of the Division as may be designated by the Governing Board as agents of the Division are hereby each authorized to execute and deliver an escrow deposit agreement on behalf of the Division in such form as may be determined by the Director for the purpose of providing for the deposit of a portion of the proceeds of the Refunding Bonds and such other funds as determined to be necessary into an escrow deposit trust fund for the refunding of the Refunded Bonds. The escrow deposit

trust fund shall be held and administered by an escrow agent acceptable to the Director as evidenced by the Director's execution of the escrow deposit agreement.

SECTION 2.03. APPLICABILITY OF ARTICLE II OF THE ORIGINAL RESOLUTION. Except as otherwise provided in this Twentieth Supplemental Resolution, the terms, description, execution, negotiability, redemption, authentication, disposition, replacement, registration, transfer, and issuance of the Refunding Bonds shall be governed by the provisions of Article II of the Original Resolution, adjusted to the extent necessary to apply to the Refunding Bonds.

SECTION 2.04. FORM OF REFUNDING BONDS. (A) Notwithstanding anything to the contrary in the Original Resolution or this Twentieth Supplemental Resolution, or any other resolution relating to the Refunding Bonds, the Refunding Bonds may be issued in book-entry only form utilizing the services of a Securities Depository (as used herein, "Securities Depository" means The Depository Trust Company, New York, New York, or its nominees, successors, and assigns).

So long as a book-entry only system of evidence of transfer of ownership of all the Refunding Bonds is maintained in accordance herewith, any provision of the Resolution relating to the delivery of physical bond certificates shall be inapplicable, and the Resolution shall be deemed to give full effect to such book-entry system.

If the Refunding Bonds are issued in book-entry only form:

(1) The Refunding Bonds shall be issued in the name of the Securities Depository as Registered Owner of the Refunding Bonds and held in the custody of the Securities Depository or its designee.

(2) Transfers of beneficial ownership of the Refunding Bonds will be effected on the records of the Securities Depository and its Participants pursuant to rules and procedures established by the Securities Depository ("Participants" include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, as well other organizations that clear through or maintain a custodial relationship with such organizations, either directly or indirectly).

(3) Each Participant shall be credited in the records of the Securities Depository with the amount of such Participant's interest in the Refunding Bonds. Beneficial ownership interests in the Refunding Bonds may be purchased by or through Participants. The holders of these beneficial ownership interests are hereinafter referred to as the "Beneficial Owners." The Beneficial Owners shall not receive Refunding Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the Participant from which such Beneficial Owner purchased its Refunding Bonds. Transfers of ownership interests in the Refunding Bonds shall be accomplished by book entries made by the Securities Depository and, in turn, by Participants acting on behalf of Beneficial Owners.

(4) Unless otherwise provided herein, the Division, the Board of Governors, the Board of Administration, and the Bond Registrar/Paying Agent (as used in this section, the "State and its agents") shall treat the Securities Depository as the sole and exclusive owner of the Refunding Bonds registered in its name for the purposes of

(a) payment of the principal of, premium, if any, and interest on the Refunding Bonds or portion thereof to be redeemed or purchased. Payments made to the Securities Depository of principal, premium, and interest shall be valid and effective to fully satisfy and discharge the Board of Governors' obligations to the extent of the sums so paid;

(b) giving any notice permitted or required to be given to Registered Owners under the Resolution; and

(c) the giving of any direction or consent or the making of any request by the Registered Owners hereunder. The State and its agents may rely conclusively upon

(i) a certificate of the Securities Depository as to the identity of the Participants with respect to the Refunding Bonds; and

(ii) a certificate of any such Participant as to the identity of, and the respective principal amount of Refunding Bonds beneficially owned by, the Beneficial Owners.

(5) The State and its agents shall have no responsibility or obligations to the Securities Depository, any Participant, any Beneficial Owner, or any other person which is not shown on the Refunding Bond Register, with respect to

(a) the accuracy of any records maintained by the Securities Depository or any Participant;

(b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption or purchase price of, or interest on, any Refunding Bond;

(c) the delivery of any notice by the Securities Depository or any Participant;

(d) the selection of the Participants or the Beneficial Owners to receive payment in the event of any partial redemption of the Refunding Bonds; or

(e) any consent given or any other action taken by the Securities Depository or any Participant.

(6) The requirements in the Resolution of holding, delivering, or transferring Refunding Bonds shall be deemed modified to require the appropriate person to meet the requirements of the Securities Depository as to registering or transferring the book-entry Refunding Bonds to produce the same effect. Any provision hereof permitting or requiring delivery of the Refunding Bonds shall, while the Refunding Bonds are in book-entry only form, be satisfied by the notation thereof on the books of the Securities Depository in accordance with applicable state law.

(B) The Division may discontinue the book-entry system with the then-current securities depository, subject to the terms of its agreement with such securities depository. In this event, the Division shall either

(1) identify another qualified securities depository or

(2) prepare and deliver replacement Refunding Bonds in the form of fully registered bonds to each Beneficial Owner.

ARTICLE III
APPLICATION OF PROCEEDS

SECTION 3.01. APPLICATION OF REFUNDING BOND PROCEEDS. Upon receipt of the proceeds of the sale of the Refunding Bonds, the Division shall transfer and apply such proceeds as follows:

SECTION 5.05. FISCAL AGENT. Upon the sale and delivery of the Refunding Bonds by the Division on behalf of the Board of Governors, the Board of Administration shall act as the fiscal agent for the Board of Governors with respect to the Refunding Bonds.

The maturities or portions of maturities to be refunded shall be as determined by the Director to be in the best financial interest of the State. The redemption of the Refunded Bonds on or after their first call date is hereby authorized.

(B) The Director is hereby authorized to determine the most advantageous date and time of sale and to provide notice pursuant to applicable law of such sale, at a time and in such manner as determined by the Director to be appropriate to provide adequate notice to potential bidders; provided, that if no bids are received, or if all bids received are rejected, such Refunding Bonds may again be offered for sale upon reasonable notice, the timing and manner of which shall

(C) The Director is hereby authorized to publish and distribute a Notice of Bond Sale and a proposal for the sale of the Refunding Bonds. The Notice of Bond Sale shall be in such form as shall be determined by the Director and shall contain such information as is consistent with the terms of the Resolution which the Director determines is in the best financial interest of the State. Any prior publication or distribution of a Notice of Bond Sale and proposal for sale is hereby ratified.

(D) The Director is hereby authorized to prepare and distribute preliminary and final official statements in connection with the public offering of the Refunding Bonds. The Director is further authorized and directed to amend, supplement, or complete the information contained in the preliminary official statement, as may be needed, and to furnish such certification as to the completeness and finality of the preliminary official statement as is necessary to permit the successful bidder to fulfill its obligations under any applicable securities laws. The Chairman and Secretary of the Governing Board and the Director are hereby authorized to execute the final official statement in connection with the public offering of the Refunding Bonds, and the execution thereof by any of the authorized individuals shall be conclusive evidence that the Governing Board has approved the form and content of the final official statement and that the final official statement is complete as of its date.

(E) The Director is hereby authorized to cause as many copies as he determines to be necessary of the preliminary and final official statements relating to the public offering of the Refunding Bonds prepared and distributed; to contract with national rating services and providers

Interest on the Refunding Bonds shall be paid by check or draft mailed on the Interest Payment Date (or, in certain cases, may be paid by wire transfer at the election of a Registered Owner, other than a securities depository, in the manner and under the terms provided for in the State's agreement with the Bond Registrar/Paying Agent, provided that such Registered Owner advances to the Bond Registrar/Paying Agent the amount, if any, necessary to pay the wire charges or authorizes the paying agent to deduct the amount of such payment) to the Registered Owner thereof as of 5:00 p.m. Eastern time on the Record Date shown on the registration books maintained by the Bond Registrar/Paying Agent for the Refunding Bonds.

(K) The Refunding Bonds shall be dated, shall mature in such years and amounts and shall bear interest commencing on such date as set forth or provided for in the Notice of Bond Sale, a copy of which, as published, shall be retained in the files of the Division with this Twenty-First Supplemental Resolution. The Refunding Bonds shall be issued in denominations of $1,000 or any integral multiple thereof unless otherwise provided in the Notice of Bond Sale. The Refunding Bonds shall be payable at the corporate trust office of the Bond Registrar/Paying Agent.

The Refunding Bonds will bear interest at the interest rate specified by the successful bidder, calculated based on a 360-day year consisting of twelve 30-day months.

(L) The Refunding Bonds shall be subject to redemption as provided in the Notice of Bond Sale. The Notice of Bond Sale shall contain such redemption provisions as shall be determined by the Director to be in the best financial interest of the State. Upon election by the successful bidder as provided in the Notice of Bond Sale, a portion of the Refunding Bonds identified in such election may be designated as Term Bonds. Additionally, in lieu of mailing the notice of redemption, the Bond Registrar/Paying Agent may elect to provide such notice by electronic means to any Registered Owner who has consented to such method of receiving notices.

(M) The incremental increase in the Reserve Requirement, if any, attributable to the Refunding Bonds shall be funded with proceeds of the Refunding Bonds, amounts previously on deposit in a reserve account on behalf of the Refunded Bonds, a Reserve Account Credit Facility, or some combination thereof, as determined by the Director. The incremental increase, if any, in the Reserve Requirement attributable to the Refunding Bonds shall be deposited in the Reserve Account which was created pursuant to Section 4.02(B) of the Original Resolution. Amounts on deposit in the Reserve Account may be commingled with the amounts deposited for Bonds of additional Series which are secured thereby, shall be held for the benefit of the Registered Owners of only such Bonds as may be specifically secured by the Reserve Account, and shall be applied in the manner provided in the Original Resolution.

Notwithstanding the provisions of the Original Resolution, the Reserve Account for the Refunding Bonds authorized by this Resolution shall be funded in an amount determined by the Director, which shall not exceed the Debt Service Reserve Requirement for the Refunding Bonds.

Such amount may be zero. The amount of the Reserve Requirement funded from the proceeds of the Refunding Bonds shall not exceed the amount permitted under the Code.

The Reserve Requirement for the Refunding Bonds, if any, shall be deposited, as determined by the Director, in either a subaccount in the Reserve Account established for any of the Outstanding Bonds or in a subaccount in such Reserve Account which is hereby established for the Refunding Bonds. Amounts on deposit in any subaccount in the Reserve Account may be commingled with the amounts deposited for Bonds of additional Series which are secured thereby, shall be held for the benefit of the Registered Owners of only such Bonds as may be specifically secured by the respective subaccount, and shall be applied in the manner provided in the Resolution.

(N) Any portion of the Refunding Bonds may be issued as a separate series, provided that the Refunding Bonds of each series shall be numbered consecutively from one upward.

(O) The Director is hereby authorized to offer for sale a lesser principal amount of Refunding Bonds than that set forth in this Twenty-First Supplemental Resolution and to adjust the maturity schedule and redemption provisions for the Refunding Bonds, if necessary, to reflect the issuance of such lesser amount, and to modify the Notice of Bond Sale as may be required. Any portion of the Refunding Bonds not offered shall remain authorized to be offered at a later date.

(P) The Director is authorized to provide in the Notice of Bond Sale of the Refunding Bonds that the purchase price for the Refunding Bonds may include a discount of not to exceed 3%, excluding original issue discount, if any, of the aggregate principal amount of such Refunding Bonds offered for sale.

(Q) The Chairman, Secretary and any Assistant Secretary of the Governing Board, the Director, and such other officers and employees of the Division as may be designated by the Governing Board as agents of the Division in connection with the issuance and delivery of the Refunding Bonds, are authorized and empowered, collectively or individually, to take all actions and steps, to execute all instruments, documents, and contracts, and to take all other action on behalf of the Division, in each case as they may deem necessary or desirable, in connection with the execution and delivery of the Refunding Bonds, including but not limited to, contracting with a consultant to verify escrow calculations of the Refunding Bonds, retaining bond counsel to render a special tax opinion relating to the use of the proceeds from the sale of the Refunding Bonds, and providing for redemption of the Refunded Bonds. Notwithstanding anything contained in the Resolution to the contrary, it is the intent of the Division that interest on the Refunding Bonds, if issued as tax-exempt Refunding Bonds, be and remain excluded from gross income for federal income tax purposes and therefore to comply with all requirements of federal tax law applicable to such tax-exempt Refunding Bonds, whether such requirements are now in effect, pending or subsequently enacted. The Division is hereby authorized and directed to take all actions necessary with respect to the Refunding Bonds to comply with such requirements of federal tax law.

SECTION 2.02. AUTHORIZATION TO EXECUTE AND DELIVER AN ESCROW DEPOSIT AGREEMENT; DESIGNATION OF ESCROW AGENT. The Chairman and Secretary or an Assistant Secretary of the Governing Board and such other officers and employees of the Division as may be designated by the Governing Board as agents of the Division are hereby each authorized to execute and deliver an escrow deposit agreement on behalf of the Division in such form as may be determined by the Director for the purpose of providing for the deposit of a portion of the proceeds of the Refunding Bonds and such other funds as determined to be necessary

into an escrow deposit trust fund for the refunding of the Refunded Bonds. The escrow deposit trust fund shall be held and administered by an escrow agent acceptable to the Director as evidenced by the Director's execution of the escrow deposit agreement.

SECTION 2.03. APPLICABILITY OF ARTICLE II OF THE ORIGINAL RESOLUTION. Except as otherwise provided in this Twenty-First Supplemental Resolution, the terms, description, execution, negotiability, redemption, authentication, disposition, replacement, registration, transfer, and issuance of the Refunding Bonds shall be governed by the provisions of Article II of the Original Resolution, adjusted to the extent necessary to apply to the Refunding Bonds.

SECTION 2.04. FORM OF REFUNDING BONDS. (A) Notwithstanding anything to the contrary in the Original Resolution or this Twenty-First Supplemental Resolution, or any other resolution relating to the Refunding Bonds, the Refunding Bonds may be issued in book-entry only form utilizing the services of a Securities Depository (as used herein, "Securities Depository" means The Depository Trust Company, New York, New York, or its nominees, successors, and assigns).

So long as a book-entry only system of evidence of transfer of ownership of all the Refunding Bonds is maintained in accordance herewith, any provision of the Resolution relating to the delivery of physical bond certificates shall be inapplicable, and the Resolution shall be deemed to give full effect to such book-entry system.

If the Refunding Bonds are issued in book-entry only form:

(1) The Refunding Bonds shall be issued in the name of the Securities Depository as Registered Owner of the Refunding Bonds and held in the custody of the Securities Depository or its designee.

(2) Transfers of beneficial ownership of the Refunding Bonds will be effected on the records of the Securities Depository and its Participants pursuant to rules and procedures established by the Securities Depository ("Participants" include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, as well other organizations that clear through or maintain a custodial relationship with such organizations, either directly or indirectly).

(3) Each Participant shall be credited in the records of the Securities Depository with the amount of such Participant's interest in the Refunding Bonds. Beneficial ownership interests in the Refunding Bonds may be purchased by or through Participants. The holders of these beneficial ownership interests are hereinafter referred to as the "Beneficial Owners." The Beneficial Owners shall not receive Refunding Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the Participant from which such Beneficial Owner purchased its Refunding Bonds. Transfers of ownership interests in the Refunding Bonds shall be accomplished by book entries made by the Securities Depository and, in turn, by Participants acting on behalf of Beneficial Owners.

(4) Unless otherwise provided herein, the Division, the Board of Governors, the Board of Administration, and the Bond Registrar/Paying Agent (as used in this section, the "State and its agents") shall treat the Securities Depository as the sole and exclusive owner of the Refunding Bonds registered in its name for the purposes of

(a) payment of the principal of, premium, if any, and interest on the Refunding Bonds or portion thereof to be redeemed or purchased. Payments made to the Securities Depository of principal, premium, and interest shall be valid and effective to fully satisfy and discharge the Board of Governors' obligations to the extent of the sums so paid;

(b) giving any notice permitted or required to be given to Registered Owners under the Resolution; and

(c) the giving of any direction or consent or the making of any request by the Registered Owners hereunder. The State and its agents may rely conclusively upon

(i) a certificate of the Securities Depository as to the identity of the Participants with respect to the Refunding Bonds; and

(ii) a certificate of any such Participant as to the identity of, and the respective principal amount of Refunding Bonds beneficially owned by, the Beneficial Owners.

(5) The State and its agents shall have no responsibility or obligations to the Securities Depository, any Participant, any Beneficial Owner, or any other person which is not shown on the Refunding Bond Register, with respect to

(a) the accuracy of any records maintained by the Securities Depository or any Participant;

(b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption or purchase price of, or interest on, any Refunding Bond;

(c) the delivery of any notice by the Securities Depository or any Participant;

(d) the selection of the Participants or the Beneficial Owners to receive payment in the event of any partial redemption of the Refunding Bonds; or

(e) any consent given or any other action taken by the Securities Depository or any Participant.

(6) The requirements in the Resolution of holding, delivering, or transferring Refunding Bonds shall be deemed modified to require the appropriate person to meet the requirements of the Securities Depository as to registering or transferring the book-entry Refunding Bonds to produce the same effect. Any provision hereof permitting or requiring delivery of the Refunding Bonds shall, while the Refunding Bonds are in book-entry only form, be satisfied by the notation thereof on the books of the Securities Depository in accordance with applicable state law.

(B) The Division may discontinue the book-entry system with the then-current securities depository, subject to the terms of its agreement with such securities depository. In this event, the Division shall either

(1) identify another qualified securities depository or

(2) prepare and deliver replacement Refunding Bonds in the form of fully registered bonds to each Beneficial Owner.

ARTICLE III
APPLICATION OF PROCEEDS

SECTION 3.01. APPLICATION OF REFUNDING BOND PROCEEDS. Upon receipt of the proceeds of the sale of the Refunding Bonds, the Division shall transfer and apply such proceeds as follows:

(A) The amount necessary to pay all costs and expenses of the Division in connection with the preparation, issuance, and sale of the Refunding Bonds, including a reasonable charge for the services of the Division for its fiscal services and for arbitrage rebate compliance program set-up, shall be transferred to the Division and deposited in the Bond Fee Trust Fund.

(B) Any accrued interest on the Refunding Bonds shall be transferred to the Board of Administration and deposited in the Sinking Fund and used for the payment of interest on the Refunding Bonds.

(C) An amount necessary to fund the incremental increase in the Reserve Requirement, if any, attributable to the Refunding Bonds, to be held in reserve, shall be transferred to the Board of Administration and deposited in the Reserve Account within the Sinking Fund. Alternatively, the Division, as provided in Section 4.02 of the Original Resolution, may elect at any time to provide in lieu of all or a portion of such funds a Reserve Account Credit Facility in an amount equal to the difference between the Reserve Requirement and the sums then on deposit in the Reserve Account.

(D) An amount together with the interest earnings thereon, and other amounts deposited therein which is anticipated to be sufficient to pay when due (1) the principal amount of the Refunded Bonds, (2) the amount of interest and redemption premium, if any, payable on the Refunded Bonds, and (3) the amount of fees and expenses estimated to be incurred in connection with the payment and retirement of the Refunded Bonds shall be either transferred and deposited in escrow pursuant to the terms of the Escrow Deposit Agreement or, at the discretion of the Director, deposited with the Bond Registrar/Paying Agent.

(E) Any balance of the proceeds of the Refunding Bonds after providing for the requirements of subsections (A) through (D) above shall be transferred to the Sinking Fund and used for the purposes set forth therein.

ARTICLE IV
SECURITY FOR THE BONDS

SECTION 4.01. REFUNDING BONDS ON A PARITY WITH THE OUTSTANDING BONDS. The Refunding Bonds shall be issued subject to the provisions of Sections 5.01 and 5.02 of the Original Resolution governing the issuance of Additional Parity Bonds thereunder. The Refunding Bonds shall be payable on a parity and rank equally as to lien on and source and security for payments from the Pledged Revenues and in all other respects, with the other Outstanding Bonds.

SECTION 4.02. REFUNDING BONDS SECURED BY ORIGINAL RESOLUTION. The Refunding Bonds shall be deemed to have been issued pursuant to the Original Resolution, as supplemented by this Twenty-First Supplemental Resolution, as fully and to the same extent as the Outstanding Bonds, and all of the covenants and agreements contained in the Original Resolution, as amended and supplemented, shall be deemed to have been made for the benefit of the Registered Owners of the Refunding Bonds as fully and to the same extent as the Registered Owners of the Outstanding Bonds.

All of the covenants, agreements, and provisions of the Original Resolution, as amended and supplemented, except to the extent inconsistent herewith, shall be deemed to be part of this Twenty-First Supplemental Resolution to the same extent as if incorporated verbatim in this Twenty-First Supplemental Resolution, and shall be fully enforceable in the manner provided in the Original Resolution, as amended and supplemented, by any of the Registered Owners of the Refunding Bonds.

ARTICLE V
MISCELLANEOUS

SECTION 5.01. RESOLUTION NOT ASSIGNABLE. This Twenty-First Supplemental Resolution shall not be assignable by the Division or the Board of Administration, except for the benefit of the Registered Owners; provided, however, the Board of Governors may lease, from time to time, to other tenants such portion or portions of the Housing System as are not needed by the Board of Governors, to the extent that any such lease would not adversely affect the Pledged Revenues or the exclusion of interest on any tax-exempt Bonds from gross income for federal income tax purposes.

SECTION 5.02. MODIFICATION OR AMENDMENT. Modification or amendment hereof shall be governed by Section 8.02 of the Original Resolution.

If any one or more of the covenants or provisions of this Twenty-First Supplemental Resolution shall be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants or provisions shall be null and void and shall be deemed separable from the

remaining covenants or provisions of this Twenty-First Supplemental Resolution or of the Refunding Bonds and shall in no way affect the validity or enforceability of any other covenants, agreements or provisions of this Twenty-First Supplemental Resolution or of the Refunding Bonds issued hereunder.

SECTION 5.05. FISCAL AGENT. Upon the sale and delivery of the Refunding Bonds by the Division on behalf of the Board of Governors, the Board of Administration shall act as the fiscal agent for the Board of Governors with respect to the Refunding Bonds.

SECTION 5.06. REPEAL OF INCONSISTENT RESOLUTIONS. All prior or concurrent resolutions or parts of resolutions inconsistent with this resolution are hereby repealed, revoked, and rescinded by this resolution, but only to the extent of any such inconsistency.

(B) The Director is hereby authorized to determine the most advantageous date and time of sale and to provide notice pursuant to applicable law of such sale, at a time and in such manner as determined by the Director to be appropriate to provide adequate notice to potential bidders; provided, that if no bids are received, or if all bids received are rejected, such 2026A Bonds may again be offered for sale upon reasonable notice, the timing and manner of which shall be determined by the Director. Any prior publication or distribution of a Notice of Bond Sale and proposal for sale is hereby ratified.

(D) The Director is hereby authorized to prepare and distribute preliminary and final official statements in connection with the public offering of the 2026A Bonds. The Director is further authorized and directed to amend, supplement, or complete the information contained in the preliminary official statement, as may be needed, and to furnish such certification as to the completeness and finality of the official statement as is necessary to permit the successful bidder to fulfill its obligations under any applicable securities laws. The Chairman and Secretary of the Governing Board and the Director are hereby authorized to execute the final official statement in connection with the public offering of the 2026A Bonds, and the execution thereof by any of the authorized individuals shall be conclusive evidence that the Governing Board has approved the form and content of the final official statement and that the final official statement is complete as of its date.

Any of the signatures required hereinabove may be a facsimile signature imprinted or reproduced on the 2026A Bonds. In case any one or more of the officers who shall have signed any of the 2026A Bonds shall cease to be such officer before the 2026A Bonds so signed and sealed shall have been actually sold and delivered, the 2026A Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such 2026A Bonds had not ceased to hold office.

(J) The Interest Payment Dates and the Principal Payment Dates for the 2026A Bonds shall be as set forth in the Notice of Bond Sale. Interest on the 2026A Bonds shall be paid by check or draft mailed on the Interest Payment Date (or, in certain cases, may be paid by wire transfer at the election of a Registered Owner, other than a securities depository, in the manner and under the terms provided for in the State's agreement with the Bond Registrar/Paying Agent, provided that such Registered Owner advances to the Bond Registrar/Paying Agent the amount, if any, necessary to pay the wire charges or authorizes the paying agent to deduct the amount of such payment) to the Registered Owner thereof as of 5:00 p.m. Eastern time on the Record Date shown on the registration books maintained by the Bond Registrar/Paying Agent for the 2026A Bonds.

(K) The 2026A Bonds shall be dated, shall mature in such years and amounts, and shall bear interest commencing on such date as set forth or provided for in the Notice of Bond Sale, a copy of which, as published, shall be retained in the files of the Division with this Twenty-second Supplemental Resolution. otherwise provided in the Notice of Bond Sale. The 2026A Bonds shall be payable at the corporate trust office of the Bond Registrar/Paying Agent. The 2026A Bonds will bear interest at the interest rate specified by the successful bidder, calculated based on a 360-day year consisting of twelve 30-day months.

(L) The 2026A Bonds shall be subject to redemption as provided in the Notice of Bond Sale. The Notice of Bond Sale shall contain such redemption provisions as shall be determined by the Director to be in the best financial interest of the State. Upon election by the successful bidder as provided in the Notice of Bond Sale, a portion of the 2026A Bonds identified in such election may be designated as Term Bonds. Additionally, in lieu of mailing the notice of redemption, the Bond Registrar/Paying Agent may elect to provide such notice by electronic means to any Registered Owner who has consented to such method of receiving notices.

(M) The incremental increase in the Reserve Requirement, if any, attributable to the 2026A Bonds shall be funded with proceeds of the 2026A Bonds, a Reserve Account Credit Facility, or some combination thereof, as determined by the Director. The incremental increase, if any, in the Reserve Requirement attributable to the 2026A Bonds shall be deposited in the Reserve Account which was created pursuant to Section 4.02(B) of the Original Resolution. Amounts on deposit in the Reserve Account may be commingled with the amounts deposited for Bonds of additional Series which are secured thereby, shall be held for the benefit of the Registered Owners of only such Bonds as may be specifically secured by the Reserve Account, and shall be applied in the manner provided in the Original Resolution.

Notwithstanding the provisions of the Original Resolution, the Reserve Account for the 2026A Bonds authorized by this Twenty-second Supplemental Resolution shall be funded in an amount determined by the Director, which shall not exceed the Debt Service Reserve Requirement for the 2026A Bonds. Such amount may be zero. The amount of the Reserve Requirement funded from the proceeds of the 2026A Bonds shall not exceed the amount permitted under the Code.

The Reserve Requirement for the 2026A Bonds, if any, shall be deposited, as determined by the Director, in either a subaccount in the Reserve Account established for any of the Outstanding Bonds or in a subaccount in the Reserve Account which is hereby established for the 2026A Bonds. Amounts on deposit in any subaccount in the Reserve Account may be commingled with the amounts deposited for Bonds of additional Series which are secured thereby, shall be held for the benefit of the Registered Owners of only such Bonds as may be specifically secured by the respective subaccount, and shall be applied in the manner provided in the Resolution.

(N) Any portion of the 2026A Bonds may be issued as a separate series, provided that the Bonds of each series shall be numbered consecutively from one upward. The 2026A Bonds referred to herein may be sold separately or combined with any other Bonds authorized to be sold by the Division.

(O) The Director is hereby authorized to offer for sale a lesser principal amount of 2026A Bonds than that set forth in this Twenty-second Supplemental Resolution and to adjust the maturity schedule and redemption provisions for the 2026A Bonds, if necessary, to reflect the issuance of such lesser amount, and to modify the Notice of Bond Sale as may be required. Any portion of the 2026A Bonds not offered shall remain authorized to be offered at a later date.

(P) The Director is authorized to provide in the Notice of Bond Sale of the 2026A Bonds that the purchase price for the 2026A Bonds may include a discount of not to exceed 3%, excluding original issue discount, if any, of the aggregate principal amount of such 2026A Bonds offered for sale.

(Q) The Chairman, Secretary and any Assistant Secretary of the Governing Board, the Director, and such other officers and employees of the Division as may be designated by the Governing Board as

agents of the Division in connection with the issuance and delivery of the 2026A Bonds, are authorized and empowered, collectively or individually, to take all actions and steps, to execute all instruments, documents, and contracts, and to take all other action on behalf of the Division, in each case as they may deem necessary or desirable, in connection with the execution and delivery of the 2026A Bonds. It is the intent of the Division that interest on the 2026A Bonds which are issued as tax-exempt Bonds, be and remain excluded from gross income for federal income tax purposes and therefore comply with all requirements of federal tax law applicable to such tax-exempt 2026A Bonds, whether such requirements are now in effect, pending or subsequently enacted. The Division is hereby authorized and directed to take all actions necessary with respect to the 2026A Bonds to comply with such requirements of federal tax law.

SECTION 2.02. APPLICABILITY OF ARTICLE II OF THE ORIGINAL RESOLUTION. Except as otherwise provided in this Twenty-second Supplemental Resolution, the terms, description, execution, negotiability, redemption, authentication, disposition, replacement, registration, transfer, and issuance of the 2026A Bonds shall be governed by the provisions of Article II of the Original Resolution, adjusted to the extent necessary to apply to the 2026A Bonds.

SECTION 2.03. FORM OF 2026A BONDS. (A) Notwithstanding anything to the contrary in the Original Resolution or this Twenty-second Supplemental Resolution, or any other resolution relating to the 2026A Bonds, the 2026A Bonds may be issued in book-entry only form utilizing the services of a Securities Depository (as used herein, "Securities Depository" means The Depository Trust Company, New York, New York, or its nominees, successors, and assigns).

So long as a book-entry only system of evidence of transfer of ownership of all the 2026A Bonds is maintained in accordance herewith, any provision of the Resolution relating to the delivery of physical bond certificates shall be inapplicable, and the Resolution shall be deemed to give full effect to such book-entry system.

If the 2026A Bonds are issued in book-entry only form:

(1) The 2026A Bonds shall be issued in the name of the Securities Depository as Registered Owner of the 2026A Bonds and held in the custody of the Securities Depository or its designee.

(2) Transfers of beneficial ownership of the 2026A Bonds will be effected on the records of the Securities Depository and its Participants pursuant to rules and procedures established by the Securities Depository ("Participants" include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, as well other organizations that clear through or maintain a custodial relationship with such organizations, either directly or indirectly).

(3) Each Participant shall be credited in the records of the Securities Depository with the amount of such Participant's interest in the 2026A Bonds. Beneficial ownership interests in the 2026A Bonds may be purchased by or through Participants. The holders of these beneficial ownership interests are hereinafter referred to as the "Beneficial Owners." The Beneficial Owners shall not receive 2026A Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the Participant from which such Beneficial Owner purchased its 2026A Bonds. Transfers of ownership interests in the 2026A Bonds shall be accomplished by book entries made by the Securities Depository and, in turn, by Participants acting on behalf of Beneficial Owners.

(4) Unless otherwise provided herein, the Division, the Board of Governors, the Board of Administration, and the Bond Registrar/Paying Agent (as used in this section, the "State and its agents") shall treat the Securities Depository as the sole and exclusive owner of the 2026A Bonds registered in its name for the purposes of

(a) payment of the principal of, premium, if any, and interest on the 2026A Bonds or portion thereof to be redeemed or purchased. Payments made to the Securities Depository of principal, premium, and interest shall be valid and effective to fully satisfy and discharge the Board of Governors' obligations to the extent of the sums so paid;

(b) giving any notice permitted or required to be given to Registered Owners under the Resolution; and

(c) the giving of any direction or consent or the making of any request by the Registered Owners hereunder. The State and its agents may rely conclusively upon

(i) a certificate of the Securities Depository as to the identity of the Participants with respect to the 2026A Bonds; and

(ii) a certificate of any such Participant as to the identity of, and the respective principal amount of 2026A Bonds beneficially owned by, the Beneficial Owners.

(5) The State and its agents shall have no responsibility or obligations to the Securities Depository, any Participant, any Beneficial Owner, or any other person which is not shown on the Bond Register, with respect to

(a) the accuracy of any records maintained by the Securities Depository or any Participant;

(b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption or purchase price of, or interest on, any 2026A Bond;

(c) the delivery of any notice by the Securities Depository or any Participant;

(d) the selection of the Participants or the Beneficial Owners to receive payment in the event of any partial redemption of the 2026A Bonds; or

(e) any consent given or any other action taken by the Securities Depository or any Participant.

(6) The requirements in the Resolution of holding, delivering, or transferring 2026A Bonds shall be deemed modified to require the appropriate person to meet the requirements of the Securities Depository as to registering or transferring the book-entry 2026A Bonds to produce the same effect. Any provision hereof permitting or requiring delivery of the 2026A Bonds shall, while the 2026A Bonds are in book-entry only form, be satisfied by the notation thereof on the books of the Securities Depository in accordance with applicable state law.

(B) The Division may discontinue the book-entry system with the then-current securities depository, subject to the terms of its agreement with such securities depository. In this event, the Division shall either

(1) identify another qualified securities depository or

(2) prepare and deliver replacement 2026A Bonds in the form of fully registered bonds to each Beneficial Owner.

ARTICLE III
APPLICATION OF PROCEEDS

SECTION 3.01. CONSTRUCTION OF THE 2026A PROJECT. The University, on behalf of the Board of Governors, is authorized to construct the 2026A Project from the proceeds of the sale of the 2026A Bonds and other legally available funds, subject to the provisions of the Original Resolution, this Twenty-second Supplemental Resolution, and the applicable laws of Florida.

SECTION 3.02. APPLICATION OF BOND PROCEEDS. Upon receipt of the proceeds of the sale of the 2026A Bonds, the Division shall transfer and apply such proceeds as follows:

(A) The amount necessary to pay all costs and expenses of the Division in connection with the preparation, issuance, and sale of the 2026A Bonds, including a reasonable charge for the services of the Division and for arbitrage rebate compliance program set-up, shall be transferred to the Division and deposited in the Bond Fee Trust Fund.

(B) Any accrued interest and capitalized interest on the 2026A Bonds shall be transferred to the Board of Administration and deposited in the Sinking Fund and used for the payment of interest on the 2026A Bonds.

(C) An amount necessary to fund the incremental increase in the Reserve Requirement, if any, attributable to the 2026A Bonds, to be held in reserve, shall be transferred to the Board of Administration and deposited in the Reserve Account within the Sinking Fund. Alternatively, the Division, as provided in Section 4.02 of the Original Resolution, may elect at any time to provide in lieu of all or a portion of such funds a Reserve Account Credit Facility in an amount equal to the difference between the Reserve Requirement and the sums then on deposit in the Reserve Account.

(D) Any balance of the proceeds of the 2026A Bonds after providing for the requirements of subsections (A) through (C) above shall be transferred to and deposited in a trust fund, known as the "2026A Project Construction Trust Fund" (or such other designation as may be determined by the Director), which is hereby created in the State Treasury, and used for payment of 2026A Project Costs. Notwithstanding the foregoing, all or a portion of the 2026A Project Construction Fund may be held within or outside of the State Treasury as determined by the Director.

Any unexpended balance remaining in the 2026A Project Construction Fund, after the University shall certify that the 2026A Project has been completed and all costs thereof paid or payment provided for, shall be either (i) applied to fixed capital outlay projects of the University's Housing System, provided that such application does not result in a violation of Section 6.04 of the Original Resolution, or (ii) deposited into the Sinking Fund created by the Original Resolution and used for the purposes set forth therein.

In addition to the aforementioned proceeds of the 2026A Bonds, the Board or the University may deposit into the 2026A Project Construction Fund additional funds legally available for the purposes of such fund which, together with the proceeds of the 2026A Bonds, will be sufficient to finance the total 2026A Project Costs. Any such additional funds, other than the proceeds of the 2026A Bonds or Completion Bonds, shall be derived from sources and in a manner which will not jeopardize the security of the 2026A Bonds issued pursuant to this Twenty-second Supplemental Resolution.

All moneys in the 2026A Project Construction Fund shall constitute a trust fund for such purposes and there is hereby created a lien upon such funds in favor of the Registered Owners of the 2026A Bonds issued pursuant to this twenty-second Supplemental Resolution, until such funds are applied as provided

herein, except to the extent such moneys are required for the payment of any Rebate Amount, and all moneys in such funds shall be continuously secured in the manner now provided by the laws of the State of Florida for securing deposits of state funds.

SECTION 3.03. INVESTMENT OF THE 2026A PROJECT CONSTRUCTION FUND. Any moneys in the 2026A Project Construction Fund not immediately needed for the purposes provided in this Twenty-second Supplemental Resolution may be temporarily invested and reinvested as provided in Section 17.57 or Section 215.47, Florida Statutes, provided that such investment will not adversely affect the exemption from federal income taxation of interest on any of the 2026A Bonds.

SECTION 3.04. REIMBURSEMENT OF CONSTRUCTION COSTS. Expenditures for the construction and equipping of the 2026A Project which are incurred by the University prior to the issuance of the 2026A Bonds may be reimbursed from the proceeds of the 2026A Bonds to the extent permitted under the Code. Such reimbursements shall be made from the 2026A Project Construction Fund.

ARTICLE IV
SECURITY FOR THE 2026A BONDS; COMPLETION BONDS

SECTION 4.01. 2026A BONDS ON A PARITY WITH THE OUTSTANDING BONDS. The 2026A Bonds shall be issued subject to the provisions of Sections 5.01 and 5.02 of the Original Resolution governing the issuance of Additional Parity Bonds thereunder. The 2026A Bonds shall be payable on a parity and rank equally as to lien on and source and security for payments from the Pledged Revenues and in all other respects, with the other Outstanding Bonds.

SECTION 4.02. 2026A BONDS SECURED BY ORIGINAL RESOLUTION. The 2026A Bonds shall be deemed to have been issued pursuant to the Original Resolution, as supplemented by this Twenty-second Supplemental Resolution, as fully and to the same extent as the Outstanding Bonds, and all of the covenants and agreements contained in the Original Resolution, as amended and supplemented, shall be deemed to have been made for the benefit of the Registered Owners of the 2026A Bonds as fully and to the same extent as the Registered Owners of the Outstanding Bonds.

All of the covenants, agreements, and provisions of the Original Resolution, as amended, except to the extent inconsistent herewith, shall be deemed to be part of this Twenty-second Supplemental Resolution to the same extent as if incorporated verbatim in this Twenty-second Supplemental Resolution, and shall be fully enforceable in the manner provided in the Original Resolution, as amended, by any of the Registered Owners of the 2026A Bonds.

SECTION 4.03. COMPLETION BONDS. The Board of Governors and the Division need not comply with Section 5.01 of the Original Resolution in the issuance of Completion Bonds, provided that the net proceeds of such Completion Bonds available for deposit into the 2026A Project Construction Fund for such costs shall be equal to or less than 20% of the original estimated cost of the 2026A Project at the time of the original issuance of the 2026A Bonds.

ARTICLE V
MISCELLANEOUS

SECTION 5.01. RESOLUTION NOT ASSIGNABLE. This Twenty-second Supplemental Resolution shall not be assignable by the Division or the Board of Administration, except for the benefit of the Registered Owners; provided, however, the Board of Governors may lease, from time to time, to other tenants such portion or portions of the Housing System as are not needed by the Board of Governors, to the extent that any such lease would not adversely affect the Pledged Revenues or the exclusion of interest on any tax-exempt Bonds from gross income for federal income tax purposes.

SECTION 5.02. MODIFICATION OR AMENDMENT. Modification or amendment hereof shall be governed by Section 8.02 of the Original Resolution.

FLORIDA STATE UNIVERSITY[1]
Tallahassee, Florida

Introduction and History

Florida State University (the "University") is a fully accredited, public educational institution operated within the State University System of Florida. The University is one of the largest and oldest of the twelve institutions of higher learning within the State University System, and its main campus in Tallahassee has been the site of an institution of higher education longer than any other site in Florida. The University was initially established as a seminary by an 1851 act of the Florida Legislature as the West Florida Seminary and first offered instruction at the postsecondary level in 1857. In 1901, the West Florida Seminary became Florida State College, a four-year institution with a student body of 252; subsequently, it was reorganized into an all-women's institution in 1905 and was renamed Florida State College for Women in 1909. In 1947, the Florida State College for Women returned to coeducational status, with a student body of 4,056, and was renamed Florida State University.

More than 44,000 students are enrolled at the University, representing all 50 states and 135 foreign countries. With 17 colleges, students may take courses of study leading to the baccalaureate degree in 97 degree programs, to the master's degree in 101 degree programs, to the advanced master's/specialist degree in six programs, to the doctorate degree in 64 degree programs, and to the professional degree in four degree programs. The academic divisions are the Colleges of Applied Sciences; Arts and Sciences; Business; Communication and Information; Criminology and Criminal Justice; Education, Health, & Human Sciences; Engineering; Fine Arts; Law; Medicine; Motion Picture Arts; Music; Nursing; Social Sciences and Public Policy; Social Work; Dedman School of Hospitality; and Jim Moran College of Entrepreneurship.

The University is designated a Research 1 (R1) University by the Carnegie Foundation, which indicates very high research spending and doctorate production. Among the special programs that have won national or international distinction in research are the John D. Fox Superconducting Linear Accelerator in nuclear research, the Florida Center for Reading Research in the science of reading, the Learning Systems Institute in learning outcomes, and the Institute of Science and Public Affairs in social, economic and governmental services.

In 1990, the National Science Foundation selected the University as the home of the National High Magnetic Field Laboratory (the "MagLab"), the largest and highest-powered magnet laboratory in the world and the first national laboratory to be located in Florida. A joint project with the University of Florida and Los Alamos National Laboratory that opened in 1994, the MagLab is the nation's top center for magnetic field research; more than 300 faculty, staff, and students from the University and visiting scientists conduct research on magnets millions of times more powerful than the Earth's magnetic field. Research at the lab is conducted in such diverse fields as biology, materials science, medicine, physics, chemistry, engineering and superconductivity.

In 2000, the Florida Legislature passed legislation funding the establishment of a medical school at the University. The University's College of Medicine has a mission centered on primary care, geriatric training, and service to rural and underserved areas. The medical school is community-integrated and provides the first two years of medical education on campus in Tallahassee and the last two years in community clinical settings around the state. In 2022, the University launched the FSU Health initiative, which aims to build a health care ecosystem that will transform health care delivery in North Florida. With support from the Florida Legislature and Gov. Ron DeSantis, the University is partnering with Tallahassee Memorial Healthcare (TMH) to build an academic health center on the TMH campus, while also developing partnerships with other health systems such as Mayo Clinic, HCA, and others across the region. These partnerships will help the University grow its biomedical research portfolio and attract some of the top medical and research talent from around the country to Tallahassee, resulting in a more robust health care system for the residents of North Florida.

The University offers a variety of overseas study opportunities for students during the regular academic year located in several centers as additional study programs around the world, including Italy, Spain, Panama, and England. Courses at the study centers are offered each semester and cover a wide range of subject areas and the study programs provide additional offerings.

Governance and Administration

Board of Governors – The Board of Governors was created in 2003, pursuant to Article IX, Section 7(d), of the Florida Constitution, to operate, regulate, control and be fully responsible for the management of the State University System. The Board of Governors defines the mission of each State University and ensures the well-planned coordination and operation of the System. The Governor appoints 14 members to the Board of Governors for staggered terms of seven years. The Commissioner of Education, the chair of the Advisory Council of Faculty Senates, and the president of the Florida Student Association, also serve as *ex-officio* members. The appointed members are subject to confirmation by the Senate.

Boards of Trustees – Each state university is governed directly by a board of trustees. The establishment of boards of trustees, created pursuant to Article IX, Section 7(c), of the Florida Constitution, has increased the individual institutions' control of academic and fiscal affairs. Each board of trustees consists of 13 members serving staggered terms of five years; six members are appointed by the Governor and five by the Board of Governors. Each state university's Chair of the Faculty Senate and the Student Body President are also *ex-officio* members of their board of trustees. The appointed members are subject to confirmation by the Senate. The Board of Governors establishes the powers and duties of the boards of trustees. The boards of trustees are responsible for setting policies for the State Universities that provide governance in accordance with the rules and policies of the Board of Governors.

Budget – The state universities have control over their budgets once State funds have been received. The State Legislature retains control of the appropriations process.

Tuition – The state universities have been granted certain powers with regard to setting tuition and the right to retain tuition revenues instead of sending them to the State for redistribution. However, tuition-setting power for in-state students remains largely in the hands of the State Legislature, with lawmakers determining the maximum allowable tuition increase and the University setting the tuition within those limits. The Florida Constitution requires a two-thirds vote of each chamber of the State Legislature to adopt legislation authorizing a new state tax or fee or raising any state tax or fee. As a result, future increases in undergraduate in-state tuition, which require legislative action, will require a two-thirds vote of each chamber of the State Legislature for approval.

Fees – The ability to set and collect certain student service fees provides State Universities a meaningful offset to limitations regarding tuition. The Florida Constitution requires a super-majority vote of any board of trustees (9 of 13 members) to raise, impose, or authorize any such student service fees.

Bonding Authority – Bond-issuing authority is retained by the Division of Bond Finance of the State Board of Administration of Florida (the "Division of Bond Finance"); however, state universities may also borrow through affiliated direct support organizations ("DSOs") outside the Division of Bond Finance. The Board of Governors authorizes and requests the issuance of revenue bonds by the Division of Bond Finance to finance or refinance capital outlay projects for the state universities, as permitted by law.

University Board of Trustees – The University's Board of Trustees (the "Board of Trustees") is comprised of the following individuals:

Members of the Florida State University Board of Trustees

University Trustees*	**Term Expires**
Peter Collins (Chair)	January 2030
Maximo "Max" Alvarez	January 2031

Tim Weisheyer	January 2030
Roxanne Hughes (Faculty Senate President)	Spring 2026

University Officials – The President serves as the executive officer and corporate secretary of the Board of Trustees and is responsible for all operations of the University. Other senior administrative officers are designated by the President. Generally, the Provost/Vice President for Academic Affairs assumes responsibility for the President during any absence and is the chief academic officer. Capital Improvement Plan

The University has numerous capital improvement projects in various stages of design and construction. Many of these projects are funded with Public Education Capital Outlay ("PECO") monies, which are generated from the collection of gross receipts taxes levied on utilities and communication services and are appropriated to state universities by the Legislature. Various other funding sources, including, but not limited to monies appropriated from General Revenue, the Educational Enhancement Trust Fund, and the Capital Improvement Trust Fund ("CITF"), carryforward of previously appropriated funds, private funds, and bond proceeds also provide funding for capital improvement projects. The table below shows capital improvement projects with construction costs of $50 million that are currently in progress.

Budgetary Process

The Board of Trustees prepares and submits an annual operating budget to the Board of Governors for review. The operating budget represents the University's plan for utilizing the resources available through direct or continuing appropriations by the State Legislature, student fees, and other local sources. The operating budget is prepared and submitted in accordance with the provisions of State law, rules of the Board of Governors, and the General Appropriations Act. The University's operating budget is comprised of the following budget entities: Educational and General, Auxiliary Enterprises, Contracts and Grants, Student Activities, Intercollegiate Athletics, Financial Aid, Technology Fee and Concessions.

Educational and General – The Education and General ("E&G") budget consists of State-appropriated funding from General Revenue (primarily funded from State sales tax revenues), the Educational Enhancement Trust Fund (funded from Florida Lottery revenues), and tuition. The University receives an allocation of E&G resources from the State Legislature. The President approves the general guidelines for the allocation E&G resources at the university level. Within the President's guidelines and the guidelines provided by the Board of Trustees, an allocation of E&G resources is made to each vice president for the functional areas under their direction. In coordination with the University Budget Office and the Division of Finance and Administration, E&G funding is distributed by account/department.

Auxiliary Enterprises, Intercollegiate Athletics, and Concessions – The Auxiliary Enterprises, Intercollegiate Athletics, and Concessions budgets each consist of University business operations that are self-supporting through user fees, payments, and charges. These budgets do not receive any General Revenue. Vice presidents and the athletics director prepare operating budget requests for these budgets based on anticipated revenues. The University Budget Office then coordinates the vice presidents' presentations and justifications of annual budget requests as required and finalizes them based on the Board of Trustees guidelines. Budget revisions required by the president are incorporated into the requests.

Student Activities – The Student Activities budget consists primarily of planned expenditures to be funded from activity and service fees which the University is authorized by the rules of the Board of Trustees to charge its students. The budget is developed and approved in accordance with Section 1009.24(8) and (9)(a)(b), Florida Statutes.

Contracts and Grants – The Contracts and Grants budget consists of estimated expenditures supported by various private businesses and federal, state, and local units of government.

Financial Aid – The Financial Aid budget consists of estimated expenditures of revenues received for loans, grants, scholarships, and other student financial aid.

Operating Budget

The University submits an annual operating budget representing the University's plan for utilizing the resources available through direct or continuing appropriation by the State Legislature, student fees, and other local sources during the Fiscal Year to the Board of Trustees for approval. The Board of Trustees reviews the proposed annual operating budget and submits it to the Board of Governors for review. Approved budgets are released for expenditures to the University. All of the colleges/campuses of the University submit budget requests for additional resources to the University Budget Office. Any new State resources are allocated to the University according to the priorities set by the President, as are any University-wide reductions. The following table sets forth the historical operating budgets for each budget entity of the University for the past five Fiscal Years.

State universities may retain a carryforward balance in excess of the 7% minimum to be spent in accordance with a spending plan approved by its board of trustees and the Board of Governors. The spending plan may include expenditures for specifically-identified public education capital outlay projects, completion of certain other types of projects, operating expenses that support the university's mission, purposes identified by the Board of Governors or the State's General Appropriations Act, commitment of funds to a contingency reserve for expenses incurred during a state of emergency, and deferred building maintenance expenses. As of July 1, 2025, the University holds $73.4 million in carryforward reserves related to the statutory 7% reserve requirement and has not designated additional carryforward funds for a contingency reserve.

History of State Appropriations – The following table sets forth the history of State appropriations to the University for the last five Fiscal Years. General Revenue appropriations are primarily funded from Florida's sales tax and include E&G funding for the University, the College of Medicine, and the College of Engineering. The University also receives performance-based and preeminence funding from the State. Historically, the majority of General Revenue appropriations are dedicated to University operations with specific allocations for capital projects provided in certain years. The University also receives appropriations for

operations from the Educational Enhancement Trust Fund ("Lottery"), which is funded by revenues of the Florida Lottery, and capital appropriations from PECO and CITF.

Historical and Current Enrollment – The following table shows the annual full-time equivalent ("FTE") enrollment of the University and total fall headcount enrollment by level for the past five academic years. The FTE calculation is a measure of instructional activity that is based on the number of student credit hours for which students enroll. FTE is based on the standard national definition, which divides undergraduate credit hours by 30 and graduate credit hours by 24. FTE enrollment is determined by dividing the total number of hours enrolled by all students in a specific category by the appropriate hour requirement. For housing and financial aid purposes, undergraduate students are considered full time if they take 12 credit hours, and graduate students are considered full-time if they take 9 credit hours.

Student Recruitment – The Office of Admissions is responsible for nationally recruiting and enrolling a student body consisting of outstanding academic talent. Students are recruited for whom intense study with faculty in seminars and tutorials will have rich personal meaning. The annual national campaign to recruit and enroll the fall class involves creating and updating publications; communicating with prospective students through direct mail and email campaigns; traveling to selected secondary schools, college fairs, Florida state colleges, and national and regional professional meetings of college placement counselors and admissions officers; and entertaining prospective students through tours, on-campus information sessions, and overnight stays in the residence halls. Affirmative action efforts include special mailings to minority students and hosting on-campus events for students and counselors.

Student Quality Indicators – The following table shows the 25^{th} – 75^{th} percentile ranges of average weighted high school grade point averages (GPA), Scholastic Aptitude Test (SAT) scores, and American College Test (ACT) scores for first-time-in-college ("FTIC") students at the University for each of the past five fall semesters.

A second measure of student quality is the University's number of National Merit Scholars. The number of National Merit Scholars attending the University has nearly doubled from 78 National Merit Scholars in Fall 2017 to 150 in Fall 2025.

Faculty and Staff

The University's faculty includes nationally and internationally recognized scholars. Faculty members have been elected to serve as members of the National Academy of Sciences and the American Academy of Arts and Sciences. Additionally, a total of six Nobel laureates have served on the staff of the University. The following table provides historical faculty information for the 2021-22 through 2025-26 academic years.

Division of Student Affairs

The University provides students with opportunities outside the classroom to promote physical well-being, intellectual expansion and spiritual and moral growth. The Division of Student Affairs works to ensure that all students are able to take advantage of the formal and informal educational experiences offered by the University.

The Vice President for Student Affairs and staff offer and coordinate programs that provide housing, career guidance, mental and physical health care, recreation, child-care, self-governance, leadership development, enhancement of academic skills to students and mentoring programs. The Student Union, with its information center, main lounge and several restaurants and banking facilities, along with one of the world's only two collegiate circuses, the Flying High Circus, are under the aegis of Student Affairs. Student Affairs is also responsible for programs and services for various student activities and organizations.

One of the goals of Student Affairs is to encourage the moral development of students so that they can make positive contributions to society. To support service-learning opportunities, the Campus-Community Partnership Program was established. The Florida Office of Campus Volunteers is hosted by the University and guided by Student Affairs staff, who also assist with the selection of the President's Humanitarian of the Year Award.

Direct Support Organizations

There are currently ten University DSOs, which are considered component units of the University, including: The Florida State University Foundation, Inc., Florida State University Alumni Association, Inc., Florida State University International Programs Association, Inc., Seminole Boosters, Inc., Florida Medical Practice Plan, Inc., Florida State University Magnet Research and Development, Inc., Florida State University College of Business Investment Fund, Inc., The Florida State University Athletics Association, Inc., The Florida State University Research Foundation, Inc., and The John and Mable Ringling Museums of Art Foundation, Inc.

Endowments and Fund Raising Efforts

The University Foundation – The University Foundation is responsible for securing and managing private voluntary contributions for the University. It is specifically responsible for receiving, investing, and administering all private gifts and bequests made to the University, except those made to The Florida State University Research Foundation, Inc. The University Foundation was organized in 1960 and is designated a charitable, tax-exempt 501(c)(3) organization under the Internal Revenue Code. It is the principal fund-management and fundraising arm of the University.

As of June 30, 2025, the total private endowment at the University Foundation was $869 million, while the total value of the assets managed by the University Foundation was approximately $1.2 billion. The University Foundation provided the University with $65.6 million in support from non-endowed gifts and spendable transfers from the endowment in Fiscal Year 2025. The table below sets forth historical financial information relating to the University Foundation for Fiscal Years 2021 through 2025. The fluctuations in revenues over the period shown are, in part, a result of market volatility.

Florida State University Foundation, Inc., Summary of Position

Fiscal Year	Assets	Liabilities	Revenues	Expenditures
2021	$971,730,123	$41,499,388	$285,116,432	$48,926,489

2025	1,357,658,416	208,059,169	178,388,961	87,760,069

Fund Raising Campaigns – Academic fundraising became a priority of the University in 1991 when the University's first capital campaign, "Investment in Learning," was launched with a goal of $200 million. When the Investment in Learning campaign ended on December 31, 1997, it had raised more than $301 million.

In the spring of 2000, the University Foundation's Board of Trustees approved the initiation of the University's second capital campaign and its five-year campaign budget. The University publicly announced the launch of the "FSU CONNECT" campaign on October 26, 2001, which was completed on December 31, 2005, and raised more than $630 million to support students, faculty, and academic programs over five years.

The University's most recent campaign, "Raise the Torch: The Campaign for Florida State," was the most ambitious fundraising campaign in University history. With receipts of $1.16 billion in gifts over the eight-year campaign, well over the goal

of $1 billion, the University will be able to implement bold ideas that will continue to distinguish the University as a preeminent university and positively affect the future for students, faculty, and alumni.

The University launched its newest comprehensive fundraising campaign on July 1, 2024, positioning it as the next phase of sustained philanthropic growth and institutional advancement. Building on the success of the "Raise the Torch" campaign, this effort is designed to expand Florida State's fundraising capacity, deepen alumni engagement, and strengthen the University's long-term financial foundation. The campaign emphasizes strategic investment in student success, faculty excellence, research innovation, and modernized technology and advancement infrastructure to support sustained growth in philanthropy, ensuring that Florida State is well-positioned to accelerate its trajectory as a preeminent national university.

Historical Giving – The level of gifts received by the University Foundation reflects the impact of the economic climate on ability to give and is subject to the overall financial markets, changes in which may influence donors. Various factors may impact the financial position of the University Foundation in the future as it relates to acquiring future contributions, as such factors impact investment performance in the overall financial markets, which in turn will influence the decision making by donors as to the level and timing of future gifts.

Gifts received by the University Foundation are shown by restriction and giving program in the table below for Fiscal Years 2021 through 2025.

THE FLORIDA STATE UNIVERSITY

MESSAGE FROM THE PRESIDENT

This past year was defined by exceptional progress, achievement, and recognition. U.S. News & World Report again placed Florida State University among the Top 25 public universities, and we climbed two spots to No. 21. Our overall ranking of No. 51 among all national universities marked a historic high for Florida State. Niche ranked FSU No. 11 among public universities, and The Princeton Review named us second in the nation for student experience.

Student achievement reached new heights. We set records in freshman retention at 97 percent and four-year graduation at 78 percent, placing us among the top universities in the country. Our transfer student graduation rate reached 80 percent, a record for FSU and the best in the history of the State University System of Florida. We expanded Honors and Presidential Scholars, strengthened support for first-generation students, and marked the 20th anniversary of our First Year Abroad program.

Our faculty continued to fuel momentum in research and innovation. We welcomed more than 200 new faculty members for the third straight year and added three new National Academy members. Research expenditures reached a record $487 million, and faculty submitted more than $1.22 billion in competitive grant proposals. We launched ICON-Health, and conducted important work in quantum science, fusion energy, materials research, pediatric rare diseases, and aerospace and advanced manufacturing. Scientists at the National High Magnetic Field Laboratory also set a new world record with a compact superconducting magnet.

We strengthened FSU Health, our bold initiative to expand health education, research, and clinical partnerships across North Florida. Our memorandum of understanding with Tallahassee Memorial HealthCare to create an academic health center represents one of the most significant milestones in the university's history. Construction is underway on the FSU Health Research Building on the TMH campus.

The arts and humanities continued to flourish. We funded the FSU Humanities Center, opened the Governor's Square theater for film students, and celebrated 25 years of FSU's stewardship of The Ringling.

Our alumni and friends continued to invest in the university's future. An extraordinary $65 million gift from Dr. Herbert Wertheim established the Herbert Wertheim Center for Business Excellence, the new home of the Herbert Wertheim College of Business. This transformational gift — the second largest in FSU's history — includes a $50 million endowment, the largest ever for the university. It will support faculty development, student scholarships, professional development opportunities, and programs that foster preeminence and innovation.

Bruce and Tracey Berkowitz and the Fairholme Foundation made a landmark $10 million gift to the College of Nursing — the largest in the college's history — to expand nursing innovation and bring the undergraduate nursing program to FSU's Panama City campus. This investment addresses the region's critical nursing shortage and supports scholarships, advanced technologies, and research to improve health care in Northwest Florida.

And, thanks to the generosity of FSU alumnus Ben Macfarland and his wife, Christina, we opened an executive education space in West Palm Beach to connect students, alumni, and industry partners and expand access to professional development for business leaders across the region.

This past year also tested our strength. The tragedy on April 17 was a painful moment for our campus. In the days that followed, faculty, staff, and students cared for one another with compassion and steadiness. We have since taken important steps to improve safety by installing new locks, panic buttons, and lockdown systems, upgrading access controls, and expanding training.

In 2026, FSU will mark its 175th anniversary, a milestone that offers the opportunity to celebrate our extraordinary legacy and look ahead with confidence to all we know we will achieve together in the future.

Richard McCullough

President, Florida State University

INTRODUCTION FROM THE SENIOR VICE PRESIDENT FOR FINANCE AND ADMINISTRATION

It is my privilege to present Florida State University's Annual Financial Report for Fiscal Year 2024–2025, a year marked by historic growth, strategic investment, and unwavering commitment to excellence. This report reflects not only our financial strength but also the values that guide our stewardship of resources in support of FSU's mission.

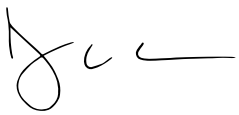
For the 2025-2026 fiscal year, FSU implemented an operating budget of $3.078 billion. This spending plan reflects our continued commitment to affordability, excellence, and growth.

The budget includes $486 million for capital projects, supporting the Academic Health Center in Tallahassee, the new Football Operations Facility, Doak Campbell Stadium, Legacy Hall, and a major new student housing, parking, and dining development in the northwest area of main campus. Altogether, FSU's operating budget contributes an estimated $14.7 billion annually to the state economy, including $8.77 billion in lifetime earnings by recent graduates.

The FY26 budget also prioritizes retaining outstanding faculty and staff, expanding student aid, and advancing research activity. Additionally, we continue to invest in FSU Health, with the goal of improving health outcomes across North Florida by expanding access to quality care, creating opportunities for clinical research, and strengthening graduate medical education programs for future health professionals.

A major highlight is our plan to build a new acute care hospital in Panama City Beach under the FSU Health name. With fully approved bond financing and land donated by The St. Joe Company, this state-of-the-art facility will serve Bay and Walton counties. In partnership with Tallahassee Memorial HealthCare, the hospital will provide up to 180 beds in its first phase, offering emergency medicine, surgery, diagnostic imaging, and specialized services such as cardiac care and neurology. Construction is set to begin soon, with a targeted opening in 2028.

Under the steadfast leadership of President McCullough, Florida State University continues its remarkable ascent, achieving milestones that are both unprecedented and transformative. Together, we will maintain our upward trajectory and build an even stronger future for our students, faculty, and the people of Florida.



Kyle C. Clark

Senior Vice President, Florida State University

UNIVERSITY OVERVIEW

Florida State University is a premier, comprehensive, graduate research university offering a broad array of academic and professional programs at all degree levels. Located in Tallahassee, Florida's capital city, and founded in 1851, FSU is the oldest of the twelve public institutions of higher learning in the State University System. The university is fully accredited by the Commission on Colleges of the Southern Association of Colleges and Schools and is officially designated as a preeminent research university in the state by the Florida Legislature.

Mission and Vision

Florida State University preserves, expands, and disseminates knowledge in the sciences, technology, arts, humanities, and professions, while embracing a philosophy of learning strongly rooted in the traditions of the liberal arts. The university is dedicated to excellence in teaching, research, creative endeavors, and service. The university strives to instill the strength, skill, and character essential for lifelong learning, personal responsibility, and sustained achievement within a community that fosters free inquiry and diverse viewpoints.

Florida State University will be among the nation's most entrepreneurial and innovative universities, transforming the lives of our students and shaping the future of our state and society through exceptional teaching, research, creative activity, and service. We will amplify these efforts through our distinctive climate—one that places a premium on interdisciplinary inquiry and draws from the rich intellectual and personal experiences of our students, faculty, staff, and alumni. These three forces—entrepreneurship, interdisciplinary, and experiential breadth—deepen FSU's impact and result in a powerful return to our students and the people of Florida for their continued support and trust.

Academics

Florida State University offers leading undergraduate, graduate, and professional programs, many of which consistently rank among the nation's top twenty-five public universities. Baccalaureate degrees are offered in 103 programs, master's degrees in 107 programs, advanced master's/specialist degrees in six programs, doctorates in 63 programs, and four professional degrees.

Students

Designated as a Carnegie Research University (designating very high research activity), Florida State awards more than 3,000 graduate and professional degrees each year, and is recognized as a national leader in the number of doctorates awarded to African-American students and in the graduation rate of African-American undergraduates.

During the Fall 2024 semester, there were 49 freshmen and 101 other undergraduate National Merit Scholars enrolled at Florida State University. The middle 50 percent high school GPA for the Fall 2024 freshman class was 4.1-4.5 and middle 50 percent SAT scores were 1350-1430.

With more than 44,000 students enrolled in Fall 2024, the student body was comprised of 73 percent undergraduates, 24.2 percent graduates, and 2.8 percent unclassified. Our student body is diverse and represents every county in Florida, all 50 states, and 130 countries. Minorities represent 38 percent, and women represent 57.8 percent of our students.

Faculty

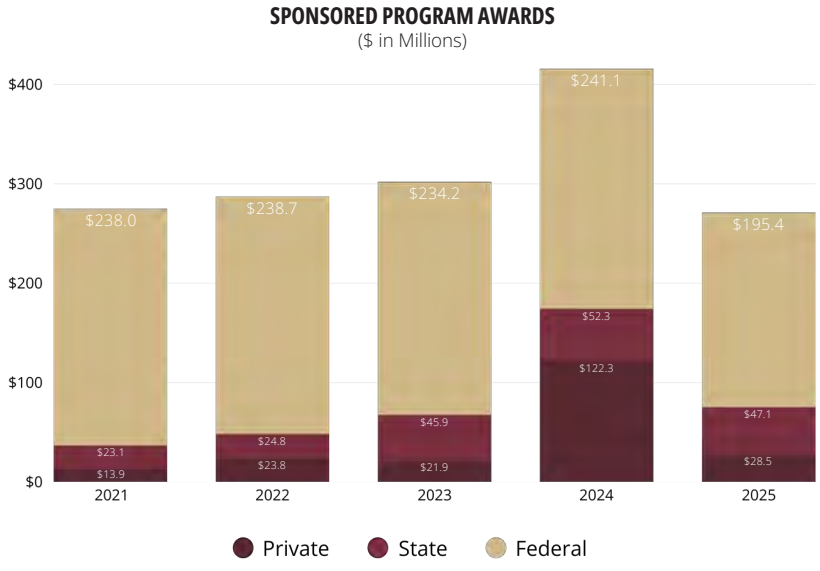
At Florida State University, we are fortunate that our faculty comprises men and women who are widely acknowledged as the finest in their fields. They have distinguished themselves in many disciplines and have gained the high regard of peers around the world. Their academic careers are marked by excellence and the excitement of discovery so important to educating the next generation.

Our faculty members continually strive to build stronger programs in critical areas of technology and science and in the arts and humanities. The result is the expansion of knowledge as well as the discovery of new inventions, products, and processes benefiting the state of Florida, our nation, and the world.

Research

Research and creative activity is about discovery. It is about having an idea and finding the right environment in which to explore that idea. At FSU, we take great pride in our ability to provide supportive environments for the exploration of all types of ideas. With more than 50 prominent research centers and institutes calling our campuses home, FSU continues to be one of the top idea-incubators in the nation.

Florida State University is also home to the National High Magnetic Field Laboratory (NHMFL), funded by the National Science Foundation. The only national lab in Florida, the NHMFL holds the most world records for the most powerful magnets on earth. Other research centers, such as the Center for Advanced Power Systems (CAPS), are supported by the U.S. Departments of Defense and Energy. The NHMFL and CAPS, among other labs, place Florida State University at the cutting edge of research and its application to industry.



Veterans

The Florida State University Veterans Alliance represents the university's campus-wide commitment to veteran support and success. The Veterans Alliance encompasses FSU's initiatives that ease the transition from military service to campus life, foster a community of past, present, and future veterans, raise awareness of veterans issues among campus and local communities, and support student veterans through graduation and into rewarding careers and graduate-education programs. It is the goal of the Veterans Alliance that FSU be the most veteran-friendly and veteran-empowering university in the country.

Endowment

The Total Endowment and Gifts comprises endowments and gifts from the following university direct support organizations: FSU Foundation, Seminole Boosters, FSU Research Foundation, and The John and Mable Ringling Museum of Art Foundation. The FSU Foundation enhances the academic vision and priorities of FSU through its organized fundraising activities and funds management. INDEPENDENT AUDITOR'S REPORT

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of Florida State University, a component unit of the State of Florida, and its aggregate discretely presented component units as of and for the fiscal year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of Florida State University and of its aggregate discretely presented component units as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the aggregate discretely presented component units, which represent 100 percent of the transactions and account balances of the aggregate discretely presented component units columns as of June 30, 2025. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards)*. Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that **MANAGEMENT'S DISCUSSION AND ANALYSIS**, the **Schedule of the University's Proportionate Share of the Net Pension Liability – Florida Retirement System Pension Plan**, **Schedule of University Contributions – Florida Retirement System Pension Plan**, **Schedule of the University's Proportionate Share of the Net Pension Liability – Health Insurance Subsidy Pension Plan**, **Schedule of University Contributions – Health Insurance Subsidy Pension Plan**, and **Schedule of the University's Proportionate Share of the Total Other Postemployment Benefits Liability**, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in this report. The other information comprises the Message from the President, Introduction from the Senior Vice President for Finance and Administration, and University Overview, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 29, 2026, on our consideration of the Florida State University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***. The purpose of that report is solely

to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Florida State University's internal control over financial reporting and compliance.

Respectfully submitted,

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the university for the fiscal year ended June 30, 2025, and should be read in conjunction with the financial statements and notes thereto. The MD&A, and financial statements and notes thereto, are the responsibility of university management. The MD&A contains financial activity of the university for the fiscal years ended June 30, 2025, and June 30, 2024.

OVERVIEW OF FINANCIAL STATEMENTS

Pursuant to GASB Statement No. 35, the university's financial report includes three basic financial statements: the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows. The financial statements, and notes thereto, encompass the university and its component units. Based upon the application of the criteria for determining component units, thirteen component units are included within the university reporting entity as discretely presented component units. Information regarding these component units, including summaries of the discretely presented component units' separately issued financial statements, is presented in the notes to financial statements. This MD&A focuses on the university, excluding the component units. The component units' MD&A information is included in their separately issued audit reports.

Statement of Net Position

The statement of net position reflects the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the university, using the accrual basis of accounting, and presents the financial position of the university at a specified time. Assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources, equals net position, which is one indicator of the university's current financial condition. The changes in net position that occur over time indicate improvement or deterioration in the university's financial condition.

The university's total assets as of June 30, 2025, increased by $378.6 million, or 9.2 percent. Current assets increased by $97 million, or 6.5 percent, driven by a $67.9 million rise in unrestricted total investments combined with increased capital appropriations due from the State of $38.6 million for new and ongoing State funded capital projects, and net accounts receivable of $18 million owed to the Athletics department and Northwest Regional Data Center. These increases were partially offset by a $29.1 million reduction in amounts due from component units which resulted from the payoff of a construction bridge loan by the FSU Athletics Association to the Athletics department. Net capital assets increased by $177.4 million, or 7.7 percent, primarily reflecting $64.6 million in additional construction in progress and $183.1 million in building additions related mainly to the capitalization of the Interdisciplinary Research and Commercialization Building, partially offset by a $75 million increase in accumulated depreciation. Other noncurrent assets increased by $104.2 million, or 30.7 percent, largely due to an increase in restricted investments of institutional funds earmarked for the construction of various capital projects including the Academic Health Center, Legacy Hall, and new on-campus housing, parking, and dining.

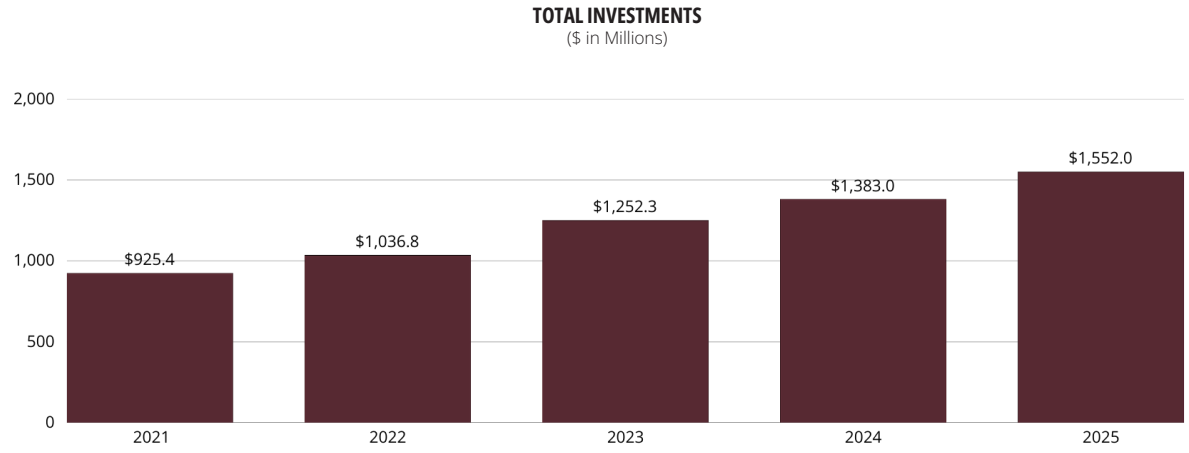
Total liabilities as of June 30, 2025, rose by $271.2 million, an increase of 19.3 percent. Current liabilities accounted for $219 million of this growth, climbing 45.3 percent, primarily due to a $134.1 million increase in amounts owed to component units for investments managed by the university in its role as fiscal agent. Additional contributing factors included increases in unearned revenues of $50.4 million for State funded capital projects and $27.1 million in construction contracts payable for ongoing campuswide construction.

Noncurrent liabilities increased by $52.2 million, or 5.6 percent, largely due to a $65.4 million increase in the university's proportional share of the State's other postemployment benefits liability and an $18.4 million increase in compensated absences liabilities, resulting mostly from the implementation of a new accounting standard discussed in the notes to financial statements. These increases were partially offset by annual debt service payments, which led to decreases in capital improvement debt payable and subscription-based information technology arrangements totaling $25.7 million. Pensions, other postemployment benefits, and leases also drove deferred outflows and deferred inflows of resources, which increased by $56.1 million and $11.8 million, respectively.

As a result, the university's overall net position increased by $151.6 million, or 5.4 percent.

Investments

As of June 30, 2025, the university had $1.13 billion of unrestricted investments plus another $424.5 million of restricted investments, for total investments of over $1.5 billion. The university maintained a significant portion of its investments in Florida PRIME to take advantage of higher short-term interest rate returns. Investments predominantly consisted of $1.15 billion in Florida PRIME, $189.5 million in Florida PALM, and $188.9 million in the State Treasury Special Purpose Investment Account.



Additional information about the university's investments is presented in Note 4 to financial statements.

Capital Assets

At June 30, 2025, the university had $4.14 billion in capital assets, less accumulated depreciation and amortization of $1.67 billion, for net capital assets of $2.47 billion. Depreciation and amortization charges for the current fiscal year totaled $114.5 million.

Other Revenues	**50,923**	**135,731**
Total Revenues	**$ 2,154,773**	**$ 2,147,732**

The university's total operating revenues were higher by $38.4 million, or 4.2 percent, over the 2023-24 fiscal year. Net tuition and fees were up $10.9 million, or 3.5 percent, primarily driven by higher student enrollment, reflecting strong demand for its academic programs. The $15.8 million, or 5.6 percent, increase in grants and contracts revenues resulted largely from an increase in this activity at the Learning Systems Institute. Sales and services of auxiliary enterprises increased slightly by $11.5 million, or 3.7 percent, with Northwest Regional Data Center and University Health Services being the main drivers.

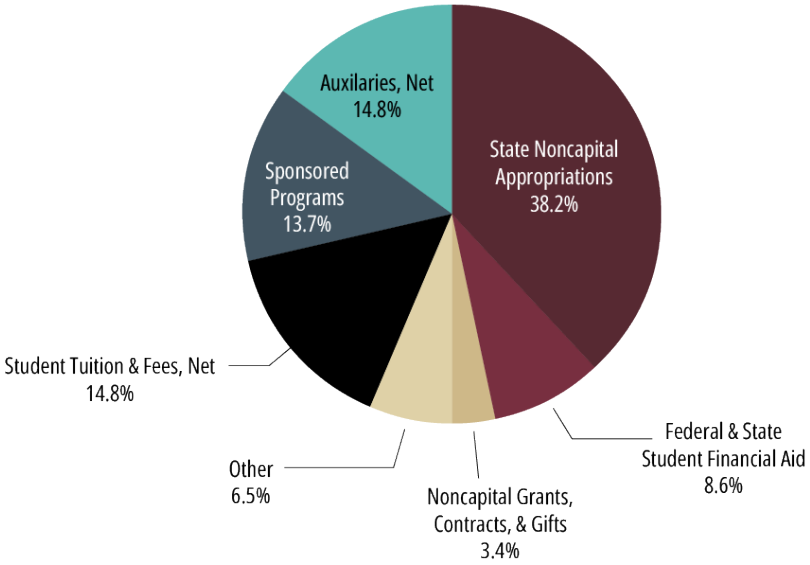
Nonoperating revenues increased by $53.4 million, or 4.8 percent, from the 2023-24 fiscal year. Significant growth in recurring General Revenue appropriations as part of the State of Florida's overall budget drove the $85.7 million, or 11.6 percent, increase in State noncapital appropriations. Federal and State student financial aid increased by $11.2 million, or 6.4 percent, mainly for Federal Pell

grants awarded to undergraduates. Noncapital grants, contracts, and gifts were lower by $15.4 million, or 17.2 percent, due to a reduction in contributions transferred in from the university's component units. Other nonoperating revenues decreased by $28 million, or 26.6 percent, mainly due to decreases in the fair value of underlying securities held in the State Treasurer's Investment pool of $24 million.

Other revenues are comprised of capital appropriations, grants, contracts, donations, and fees. These revenues had risen sharply in the prior fiscal year, driven largely by higher State capital appropriations combined with significant capital donations supporting the Legacy Hall and Doak Campbell Stadium projects. In the current year, State capital appropriations returned to more typical levels, decreasing by $53.9 million, while capital donations declined by $30.9 million, as both those major projects approached completion.

Generally, the university has a diversified revenue base. The single largest major source generated just under 40 percent of total revenues in fiscal year 2025.

2024-25 REVENUES BY MAJOR SOURCE



While revenues are well diversified, the university's largest source, State noncapital appropriations, has been steadily rising over the past five years. This increase highlights the continued and consistent support the university receives from the State of Florida.

Expenses

Expenses are categorized as operating or nonoperating. The majority of the university's expenses are operating expenses as defined by GASB Statement No. 35. GASB gives financial reporting entities the choice of reporting operating expenses in the functional or natural classifications. The university has chosen to report the expenses in their natural classification on the statement of revenues, expenses, and changes in net position and has displayed the functional classification in the notes to financial statements.

Operating expenses increased by $143.6 million, or 7.8 percent, over the 2023-24 fiscal year. Compensation and employee benefits were higher by $80.4 million, or 7.3 percent, although this increase was partially offset by a $16.6 million decrease in the university's proportional share of the State's net pension and other postemployment benefit expenses. Excluding these charges, compensation and employee benefits rose by $97 million primarily due to salary increases for university personnel, higher health insurance costs, overall staffing growth during the 2024-25 fiscal year, and recognition of additional salary expense for compensated absences resulting from the implementation of a new accounting standard. Expenses for services and supplies grew by $44.4 million, or 9.7 percent. Some of the most significant factors in this rise were increased spending at University Facilities, the Northwest Regional Data Center, University Housing, and University Health Services combined with higher IT software spending across the university. Utilities and communications expenses increased by $4.1 million, or 9.2 percent, mainly due to one-time contractual services for waste removal. Scholarships and Fellowships were higher by $11.8 million, or 9 percent, predominantly due to increases in Federal Pell grants, State Bright Future scholarships, and institutionally funded merit scholarships.

A proportional breakdown of operating expenses by functional classification follows.

Statement of Cash Flows

The statement of cash flows provides information about the university's financial results by reporting the major sources and uses of cash and cash equivalents. This statement will assist in evaluating the university's ability to generate net cash flows, its ability to meet its financial obligations as they come due, and its need for external financing. Cash flows from operating activities show the net cash used by the operating activities of the university. Cash flows from capital financing activities include all plant funds and related long-term debt activities. Cash flows from investing activities show the net source and use of cash related to purchasing or selling investments and earning income on those investments. Cash flows from noncapital financing activities include those activities not covered in other sections.

Major uses of funds were for payments made to and on behalf of employees ($1.1 billion), payments to suppliers ($549.6 million), payments to and on behalf of students for scholarships ($142.5 million), and the purchase or construction of capital assets ($258.6 million).

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

As a public institution, the condition of the State of Florida's economy is the primary factor impacting the university's future. In July 2025, the Florida Economic Estimating Conference adopted a new forecast for the State's economy, which was noticeably weaker in the near term with economic risk pointing predominantly to the downside. The State's economy was relatively stable and expanded 2.9 percent in the 2024-25 fiscal year; however, the near-term expectation of the forecast was for continued deceleration to more typical rates ranging from 1.9 to 2.0 percent over the current and next two fiscal years. Although a less certain economic environment exists going forward, General Revenue collections are expected to grow at a relatively modest rate of 1.6 percent for the fiscal year. Beginning in the 2028-29 fiscal year, the economy is projected to stabilize at its characteristic range of 2.1 to 2.2 percent per year.

The university's 2025-26 operating budget adopted by the Florida Legislature included total recurring General Revenue and Lottery funding for the university of $742 million. While the year over year growth in these appropriations is a modest one percent, the longer-term trends demonstrate the Legislature's commitment to funding FSU as these recurring appropriations have grown 64 percent in the past five years. The university remains a top performer under the State's accountability metrics, securing its position for continued strong funding support. The university's operating budget approved for 2025-26 reflects strategic investments in academic excellence, research growth, and student success – prioritizing the retention of outstanding faculty, staff, and graduate students; investment in student financial aid packages; and increasing research activity amid continuing developments in the federal funding model. The expansion of FSU Health also remains a focus with the goal of enhancing health outcomes in North Florida and beyond.

While cost pressures related to inflation, insurance, and capital needs remain, FSU is well-positioned to manage them through prudent budgeting, risk management, and operational efficiency. The university's rising national profile, including a number 11 ranking by Niche among public universities, continues to attract students and faculty, supporting enrollment stability and external funding. Florida State University and Tallahassee Memorial HealthCare have approved the structure for a historic partnership agreement to create an academic health center in Tallahassee, a development that will transform health care in North Florida and expand FSU's mission in education and research. These sorts of historic and transcendent initiatives will allow the university to be well-positioned to capitalize on opportunities in research and workforce development. With careful fiscal management and a focus on academic and research excellence, FSU is set to thrive in the 2025-26 fiscal year and beyond.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The university is a separate public instrumentality that is part of the State university system of public universities, which is under the general direction and control of the Florida Board of Governors. The university is directly governed by a Board of Trustees (Trustees) consisting of thirteen members. The Governor appoints six citizen members and the Board of Governors appoints five citizen members. These members are confirmed by the Florida Senate and serve staggered terms of five years. The chair of the faculty senate and the president of the student body of the university are also members. The Board of Governors establishes the powers and duties of the Trustees. The Trustees are responsible for setting policies for the university, which provide governance in accordance with State law and Board of Governors' Regulations. The Trustees select the University President. The University President serves as the Executive Officer and the Corporate Secretary of the Trustees and is responsible for administering policies prescribed by the Trustees.

Criteria for defining the reporting entity are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. These criteria were used to evaluate potential component units for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the primary government's financial statements to be misleading. Based on the application of these criteria, the university is a component unit of the State of Florida, and its financial balances and activities are reported in the State's Annual Comprehensive Financial Report by discrete presentation.

Discretely Presented Component Units

Based on the application of the criteria for determining component units, the following organizations met all of the financial accountability criteria necessary for inclusion as discretely presented component units and therefore are included within the university reporting entity, or are included based on the nature and significance of their relationship with the university.

These organizations and their purposes are explained as follows:

- **The Florida State University Foundation, Inc. (Foundation)** - The university's fundraising and private support programs are accounted for and reported separately by the Foundation. The Foundation revenues include unrestricted and restricted gifts and grants, rental income, and investment income. The Foundation expenses include scholarship distributions to students and departmental faculty, staff development support, various memorials and class projects, departmental research, and administrative costs of the Foundation's development program.

- **Seminole Boosters, Inc. (Boosters)** - The primary purpose of the Boosters is to stimulate and promote the education, health, and physical welfare of university students by providing financial support from the private sector for the Intercollegiate Athletic Program. Funds raised by the Boosters are utilized for scholarships, recruiting expenses, and authorized travel and entertainment in accordance with the rules and regulations of the National Collegiate Athletic Association. The Boosters' financial information includes the activities of the Florida State University Financial Assistance, Inc., as a blended component unit.

- **The Florida State University Research Foundation, Inc. (Research Foundation)** - The Research Foundation was established to promote and assist the research and training activities of the university through income from contracts, grants, and other sources, including income derived from the development and commercialization of the university's work products.

- **Florida State University International Programs Association, Inc. (International Programs Association)** - The purpose of the International Programs Association is to promote intercultural activities among students, educators, and others. It provides teaching, studying, research, and conference opportunities to U.S. students, scholars, and other professionals and community groups through Florida State University Study-Abroad Programs in England, Italy, Costa Rica, and other sites.

- **Florida State University Schools, Inc. (School)** - The School is a charter school established pursuant to Section 1002.33(5)(a), Florida Statutes. The School provides a setting where university faculty, School faculty, and graduate students can design, demonstrate, and analyze the effectiveness of new instructional materials, technological advances, and strategies under controlled conditions. It also offers an environment for the systematic research, evaluation, and development of commercial or prototype materials and techniques adaptable to other Florida public schools and is supported by School and university researchers or private sector partners.

- **Florida State University Alumni Association, Inc. (Alumni Association)** - The Alumni Association serves as a connecting link between alumni and the university. The nature and purpose of the Alumni Association is to aid, strengthen, and expand the university and its alumni. The Alumni Association utilizes private gifts, devises, other contributions, and advertising income to publish and exchange information with university alumni, to assist the university's development programs, and to provide public and community service.

- **The John and Mable Ringling Museum of Art Foundation, Inc. (Ringling Museum Foundation)** - The Ringling Museum Foundation was established to provide charitable and educational aid to the university's John and Mable Ringling Museum of Art.

- **Florida Medical Practice Plan, Inc. (FMPP)** - FMPP's purpose is to improve and support medical education in the Florida State University College of Medicine.

- **Florida State University Magnet Research and Development, Inc. (Magnet Research and Development)** - The Magnet Research and Development organization was incorporated to promote, encourage, and assist the research and training activities of faculty, staff, and students of the university and specifically to design, develop, invent, assemble, construct, test, repair, maintain, and fabricate magnets or magnet systems of any type or design.

- **The Florida State University Real Estate Foundation, Inc. (Real Estate Foundation)** – The Real Estate Foundation was established to receive, hold, manage, lease, develop, or sell real estate, and to make expenditures, grants, and contributions to or for the benefit of the university. An annual audit of each operational organization's financial statements is conducted by independent certified public accountants. The annual reports are submitted to the Auditor General and the university Board of Trustees. Additional information on the university's discretely presented component units, including copies of audit reports, is available by contacting the University Controller. Condensed financial statements for the university's discretely presented component units are disclosed in a subsequent note.

Basis of Presentation

The university's accounting policies conform with accounting principles generally accepted in the United States of America applicable to public colleges and universities as prescribed by GASB. The National Association of College and University Business Officers (NACUBO) also provides the university with recommendations prescribed in accordance with generally accepted accounting principles promulgated by GASB which allows public universities various reporting options. The university has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entity wide reporting including the following components:

- Management's Discussion and Analysis
- Basic Financial Statements:
  - Statement of Net Position
  - Statement of Revenues, Expenses, and Changes in Net Position
  - Statement of Cash Flows
  - Notes to Financial Statements
- Other Required Supplementary Information

The statement of net position is presented in a classified format to distinguish between current and noncurrent assets and liabilities. The statement of revenues, expenses, and changes in net position is presented by major sources of operating revenues, natural classifications of operating expenses, nonoperating revenues and expenses, and all other activity not otherwise classified. The statement of cash flows is presented using the direct method in compliance with GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting.*

Measurement Focus and Basis of Accounting

The university's and its discretely presented component units' financial statements are presented using the economic resources measurement focus, which aims to report all inflows, outflows, and balances affecting or reflecting an entity's net position, and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and cash in demand accounts. University cash deposits are held in banks qualified as public depositories under Florida law. All such deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes. Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other restricted assets, are classified as restricted.

Investments and Fair Value Measurement

The university categorizes its fair value measurements within the fair value hierarchy or at amortized cost as established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs. Amortized cost is considered to approximate fair value.

Other Current Assets

Other Current Assets are primarily made up of prepaid items, which represent payments for goods and services that will benefit future periods.

Capital Assets

University capital assets consist of land, works of art and historical treasures, construction in progress, buildings, infrastructure and other improvements, furniture and equipment, library resources, right-to-use assets, and computer software. These assets are capitalized and recorded at cost at the date of acquisition or at acquisition value at the date received in the case of gifts and purchases of State surplus property, except for right-to-use assets as discussed below. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The university has a capitalization threshold of $5,000 for tangible personal property, $100,000 for buildings and other improvements, and $4,000,000 for intangible assets.

Depreciation is computed on the straight-line basis over the following estimated useful lives:

- Buildings, Infrastructure and Other Improvements – 10 to 50 years
- Furniture and Equipment – 3 to 20 years
- Library Resources - 10 years
- Computer Software – 5 years

Leases

Leases consist of contracts that convey control of the right to use an underlying asset as specified in the contract for a period of time in an exchange or exchange-like transaction. The university recognizes a lease receivable and deferred inflow of resources when it is the lessor party to a contract, or an intangible right-to-use lease asset and lease liability when it is the lessee party to a contract. The expected receipts or payments are discounted using the interest rate stated in the contract, if available, or are otherwise discounted using an estimated incremental borrowing rate. The university applies a materiality threshold of $5,000 for equipment and $100,000 for space based on the present value of expected receipts or payments over the term of the contract. Lease amounts are amortized over the shorter of the contract term or the useful life of the underlying asset.

Noncurrent Liabilities

Noncurrent liabilities include capital improvement debt payable, loans and notes payable, leases payable, SBITA payable, accrued self-insurance claims, compensated absences payable, other postemployment benefits payable, revenue received in advance, net pension liability, and other noncurrent liabilities that are not scheduled to be paid within the next fiscal year. Capital improvement debt payable is reported net of unamortized premium or discount. The university amortizes debt premiums and discounts over the life of the debt using the straight-line method.

Compensated Absences

Employees earn vacation and sick leave each pay period and can carryforward unused balances up to certain amounts each calendar year. The university calculates the compensated absences liability based on recorded balances of unused leave as of the end of the fiscal year for which the university expects to compensate employees through paid time off or cash payments at termination. Upon termination of employment, employees are entitled to be paid for any accumulated unused leave up to the maximum allowable amounts.

Subscription-Based Information Technology Arrangements

Subscription-based information technology arrangements consist of contracts that convey control of the right to use another party's information technology software as specified in the contract for a period of time in an exchange or exchange-like transaction. The university recognizes an intangible right-to-use SBITA asset and liability. The expected payments are discounted using the interest rate stated in the contract, if available, or are otherwise discounted using an estimated incremental borrowing rate. The university applies a materiality threshold of $4,000,000 based on the present value of expected payments over the term of the contract. Amounts are amortized over the shorter of the contract term or the useful life of the underlying asset.

Pensions

For the purposes of measuring the net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and HIS fiduciary net positions have been determined on the same basis as they are reported by the FRS and HIS plans. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Other Postemployment Benefits

For the purposes of measuring the net postemployment benefit liability, deferred outflows of resources and deferred inflows of resources related to postemployment benefits, and benefit expense, information about the fiduciary net positions of the Florida Division of State Group Insurance Other Postemployment Benefits Plan (OPEB Plan) and additions to/deductions from the OPEB Plan fiduciary net positions have been determined on the same basis as they are reported by the OPEB Plan. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Net Position

The university's components of net position are classified as follows:

Net Investment in Capital Assets - Represents the university's total investment in capital assets, net of accumulated depreciation and net of outstanding debt obligations and deferred outflows/inflows of resources related to those capital assets.

Nonexpendable Restricted Net Position - Consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may be expendable or added to principal. All endowment and similar type funds are held by the university's component units.

Expendable Restricted Net Position - Includes resources in which the university is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Unrestricted Net Position - Represents resources derived from student tuition and fees, State appropriations, and the sales and services of auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the university and may be used at the discretion of the governing board to meet current expenses for any purpose.

When both restricted and unrestricted resources are available to fund certain programs, generally it is the university's policy to first apply the restricted resources to such programs, followed by the use of the unrestricted resources.

Operating Revenues and Expenses

The university's principal operating activities consist of instruction, research, and public service. Operating revenues include activities that have characteristics of exchange transactions, such as student fees, net of scholarship discounts and allowances; sales and services of auxiliary enterprises; and Federal, State, local and nongovernmental grants and contracts.

Operating expenses include scholarships and fellowships for students, operation and maintenance of capital assets, depreciation on capital assets, and all other fiscal transactions directly related to the university's principal operating activities as well as those related to the academic and general administration of the university.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenue from students, are reported net of scholarship discounts and allowances, which are the differences between the stated charge for goods and services provided by the university and the amount that is actually paid by a student or a third party making payment on behalf of the student. Certain governmental grants, such as Pell grants, and other Federal, State, or nongovernmental programs, such as the Florida Bright Futures Program, are recorded as nonoperating revenues in the university's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the university has recorded a scholarship discount and allowance.

The university applied the "Direct Method A" as prescribed in NACUBO Advisory Report 2023-01 to determine the reported net scholarship discounts and allowances.

Nonoperating Revenues and Expenses

Nonoperating revenues include activities that have characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*, as amended by GASB Statements Nos. 37 and 38. Nonoperating revenues include State noncapital appropriations; Federal and State student financial aid; noncapital grants, contracts, and gifts; and investment income. Nonoperating expenses include interest on capital asset-related debt and losses on the disposal of capital assets.

2. REPORTING CHANGES

The university implemented GASB Statement No. 101, *Compensated Absences*. This statement establishes accounting and financial reporting requirements for compensated absences. The cumulative effect of the change in accounting principle to beginning net position was less than one-half of one percent. Therefore, beginning net position was not restated.

3. UNRESTRICTED NET POSITION

The university had an unrestricted net position of $224,295,660 at June 30, 2025. This includes the full recognition of long-term liabilities expected to be financed in future years. The effect of these items on the university's unrestricted net position is shown below:

Description	Amount

4. INVESTMENTS

Section 1011.42(5), Florida Statutes, authorizes universities to invest funds with the State Treasury and State Board of Administration (SBA) and requires that universities comply with the statutory requirements governing investment of public funds by local governments. Accordingly, universities are subject to the requirements of Chapter 218, Part IV, Florida Statutes. The university's Board of Trustees has adopted a written investment policy providing that surplus funds of the university shall be invested in those institutions and instruments permitted under the provisions of Florida Statutes. Pursuant to Section 218.415(16), Florida Statutes, the university is authorized to invest in the Florida PRIME investment pool administered by the SBA and the Florida Public Assets for Liquidity Management (FL PALM); interest-bearing time deposits and savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; direct obligations of the United States Treasury; obligations of Federal agencies and instrumentalities; securities of, or interests in, certain open-end or closed-end management type investment companies; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and other investments approved by the university's Board of Trustees as authorized by law. Investments set aside to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital assets are classified as restricted.

External Investment Pools

The university reported investments at fair value totaling $188,864,142 at June 30, 2025, in the State Treasury Special Purpose Investment Account (SPIA) investment pool, representing ownership of a share of the pool, not the underlying securities. Pooled investments with the State Treasury are not registered with the Securities and Exchange Commission. Oversight of the pooled investments with the State Treasury is provided by the Treasury Investment Committee per Section 17.575, Florida Statutes. The authorized investment types are set forth in Section 17.57, Florida Statutes. The SPIA carried a credit rating of AA-f by Standard & Poor's, had an effective duration of 3.33 years, and fair value factor of 1.003 at June 30, 2025. Participants contribute to the Treasury Pool on a dollar basis. These funds are commingled and a fair value of the pool is determined from the individual values of the securities. The fair value of the securities is summed and a total pool fair value is determined. A fair value factor is calculated by dividing the pool's total fair value by the pool participants' total cash balances. The fair value factor is the ratio used to determine the fair value of an individual participant's pool balance. The university relies on policies developed by the State Treasury for managing interest rate risk or credit risk for this investment pool. Disclosures for the State Treasury investment pool are included in the notes to financial statements of the State's Annual Comprehensive Financial Report.

The university reported investments totaling $1,147,457,035 at June 30, 2025, in the Florida PRIME investment pool administered by the SBA pursuant to Section 218.405, Florida Statutes. The Research Foundation and Magnet Research and Development reported investments in Florida PRIME totaling $48,319,877 and $252,297, respectively, at June 30, 2025. These investments in the Florida PRIME investment pool, which the SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, at June 30, 2025, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. The Florida PRIME investment pool carried a credit rating of AAAm by Standard & Poor's and had a weighted average days to maturity (WAM) of 47 days as of June 30, 2025. A portfolio's WAM reflects the average maturity in days, based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the Florida PRIME investment pool to interest rate changes. The investments in the Florida PRIME investment pool are reported at amortized cost.

The university reported investments totaling $189,508,093 at June 30, 2025, in the FL PALM investment pool. The FL PALM investment pool carried a credit rating of AAAm by Standard & Poor's and had a WAM of 44 days as of June 30, 2025. The investments in the FL PALM investment pool are reported at amortized cost.

State Board of Administration Debt Service Accounts

The university reported investments at fair value totaling $111,047 at June 30, 2025, in the SBA Debt Service Accounts. These investments are used to make debt service payments on bonds issued by the State Board of Education for the benefit of the university. The university's investments consist of United States Treasury securities, with maturity dates of six months or less, and are reported at fair value. The university relies on policies developed by the SBA for managing interest rate risk or credit risk for these accounts. Disclosures for the Debt Service Accounts are included in the notes to financial statements of the State's Annual Comprehensive Financial Report.

Other Investments

In addition to external investment pools, the university and its discretely presented component units invested in various debt and equity securities, mutual funds, and real estate funds. The following are required risk disclosures applicable to investments of the university as well as its discretely presented component units.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The university has investments in bond mutual funds that are subject to interest rate risk. Additionally, investments of the university's discretely presented component units in debt securities, bonds and notes, and bond mutual funds are also subject to interest rate risk. These investments and their future maturities at June 30, 2025, are as follows:

		Investment Maturities (in years)		
	Fair Value	Less Than 1	1-10	Greater Than 10
University	$ 10,226,326	$ -	$ 10,226,326	$ -
Discretely Presented Component Units	$ 164,883,836	$ 2,086,334	$ 162,797,502	$ -

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Obligations of the United States government or obligations explicitly guaranteed by the United States government are not considered to have credit risk (by the GASB) and do not require disclosure of credit quality. The university and the university's discretely presented component units held bond mutual funds which have underlying investments with quality ratings by nationally recognized rating agencies at June 30, 2025, as follows:

Custodial Credit Risk: Custodial credit risk is the risk that in the event of the failure of the counterparty, the component unit will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Exposure to custodial credit risk relates to investment securities that are held by someone other than the component unit and are not registered in the component unit's name. Neither the university nor its discretely presented component units have identified any investments falling into this category as of June 30, 2025.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of the component unit's investment in a single issuer. The university's discretely presented component units manage their concentration of credit risk based on various investment policies, which may be obtained separately from the discretely presented component units.

The bonds are payable solely from housing rental income, traffic and parking fees, and assessed student transportation, student health fees, and student facility use fees, and are payable through 2042. The university has committed to appropriate each year from the housing rental income, traffic and parking fees, and assessed student transportation, student health fees, and student facility use fees amounts sufficient to cover the principal and interest requirements on the debt. Total principal and interest remaining on the debt is $194.7 million and principal and interest paid for the current year totaled $22.4 million.

Compensated Absences Payable

Employees earn the right to be compensated during absences for annual leave (vacation) and sick leave earned pursuant to Board of Governors' Regulations, university regulations, and bargaining agreements. Leave earned is accrued to the credit of the employee and records are kept on each employee's unpaid (unused) leave balance. The university reports a liability for the accrued leave; however, State noncapital appropriations fund only the portion of accrued leave that is used or paid in the current fiscal year. Although the university expects the liability to be funded primarily from future appropriations, generally accepted accounting principles do not permit the recording of a receivable in anticipation of future appropriations. At June 30, 2025, the estimated liability for compensated absences, which includes the university's share of the Florida Retirement System and FICA contributions, totaled $121,593,630. The current portion of the compensated absences liability, $8,960,557, is the amount expected to be paid in the coming fiscal year and represents a historical percentage of leave used applied to total accrued leave liability.

Other Postemployment Benefits Payable

As a participating employer in the State Employees' Group Health Insurance Plan, the university recognizes its proportionate share of the collective other postemployment benefits liability of the multiple-employer defined benefit health plan. As of June 30, 2025, the university's proportionate share of the total OPEB liability totaled $241,380,442.

Revenue Received in Advance

Long-term revenue received in advance represents funds received but not yet earned under the terms and conditions of auxiliary services contracts. Total long-term revenue received in advance at June 30, 2025, amounted to $16,444,489, with $3,135,947 expected to be earned during the 2025-26 fiscal year.

Net Pension Liability

As a participating employer in the Florida Retirement System, the university recognizes its proportionate share of the collective net pension liabilities of the FRS cost-sharing multiple-employer defined benefit plans. As of June 30, 2025, the university's proportionate share of the net pension liabilities totaled $406,643,293.

Other Noncurrent Liabilities

Other noncurrent liabilities consist of the Federal Capital Contribution (advance) provided to fund the university's Federal Perkins Loan Program. The advance amount totaling $1,212,379 will ultimately be returned to the Federal Government should the university cease making Federal Perkins Loans or if the university has excess cash in the loan program.

11. OTHER POSTEMPLOYMENT BENEFITS

General Information about Other Postemployment Benefits

The university follows GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, for certain postemployment healthcare benefits administered by the Florida Department of Management Services, Division of State Group Insurance.

Other Postemployment Benefits Plan

Plan Description – The State Employees' Group Health Insurance Plan for other postemployment benefits is a multiple-employer defined benefit health plan (OPEB Plan). Pursuant to the provisions of Section 112.0801, Florida Statutes, all employees who retire from the university are eligible to participate in the OPEB Plan. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. A retiree means any officer or employee who retires under a State retirement system or State optional annuity or retirement program or is placed on disability retirement and who begins receiving retirement benefits immediately after retirement from employment. In addition, any officer or employee who retires under the Florida Retirement System Investment Plan is considered a "retiree" if he or she meets the age and service requirements to qualify for normal retirement or has attained the age of 59.5 years and has the years of service required for vesting. The university subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because retiree healthcare costs are generally greater than active employee healthcare costs. No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75. The OPEB Plan contribution requirements and benefit terms necessary for funding the OPEB Plan each year is on a pay-as-you-go basis as established by the Governor's recommended budget and the General Appropriations Act. Retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible.

Benefits Provided – The OPEB Plan provides healthcare benefits for retirees and their dependents. The OPEB Plan only provides an implicit subsidy as described above.

Proportionate Share of the Total OPEB Liability

The university's proportionate share of the total OPEB liability of $241.4 million was measured as of June 30, 2024, and was determined by an actuarial valuation as of July 1, 2024. At June 30, 2025, the university's proportionate share, determined by its proportion of total benefit payments made, was 2.37 percent, which was an increase of 29 basis points from its proportionate share reported as of June 30, 2024.

Actuarial Assumptions and Other Inputs – The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

- Inflation 2.40 percent
- Salary Increases Varies by FRS class
- Discount Rate 4.21 percent

Healthcare cost trend rates for the Preferred Provider Option (PPO) Plan and Health Maintenance Organization (HMO) Plan, respectively, are 7.86 and 7.68 percent for the 2024-25 fiscal year, gradually decreasing to 4.00 percent after the 2073-74 fiscal year.

Retiree premium trend rates for both the PPO and HMO plans are 7.8 percent for the 2024-25 fiscal year, gradually decreasing to 4.0 percent after the 2073-74 fiscal year.

The discount rate was based on the 20-year S&P Municipal Bond Rate Index.

Mortality rates were based on the Pub-2010 mortality tables with fully generational improvement using Scale MP-2018.

The demographic actuarial assumptions for retirement, disability incidence, and withdrawal used in the July 1, 2024, valuation were based on the 2019 Experience Study prepared by Milliman.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the July 1, 2024, valuation were based on a review of recent plan experience done concurrently with the July 1, 2022, valuation.

The following changes have been made since the prior valuation:

- The census data reflects changes in status for the twenty-four month period since July 1, 2022.
- In conjunction with the passing of Senate Bill 7024, the maximum DROP participation period was extended from 60 months (5 years) to 96 months (8 years) for all groups.
- There were previously constraints on when a member could enter DROP after becoming retirement eligible. These constraints were removed. This was also implemented due to Senate Bill 7024.
- Also included in Senate Bill 7024, eligibility was updated for special risk hired on or after July 1, 2011. Previously members became eligible at age 60 with 8 years of Credited Service or with 30 years of Credited Service. Eligibility is now age 55 with 8 years of Credited Service or with 25 years of Credited Service.
- In conjunction with the plan changes above associated with Senate Bill 7024, retirement rates and DROP entry rates were updated in alignment with the actuarial valuation of the Florida Retirement System (FRS) conducted by Milliman as of July 1, 2023.
- The assumed claims and premiums reflect the actual claims information that was provided as well as the premiums that are actually being charged to participants. The recent claims experience along with changes in the demographics of the population resulted in pharmacy claims costs higher than projected and lower premium rates than expected. The net result was an increase in liabilities due to claims and premiums as of June 30, 2024.
- Age-related claims were updated to use aging factors developed in a study completed by Dale Yamamoto for the Society of Actuaries to more accurately account for the way in which claims costs vary with age.
- The medical trend assumption is updated each year based on the Getzen Model. Medical trend rates used were consistent with the August 2024 Report on Financial Outlook of the Plan along with information from the Getzen Model and actuarial judgement. The impact of the trend rate is a small increase in the liability, due primarily to higher trend rates in the first several years.
- The discount rate was updated to utilize the mandated discount rate based on a 20-year S&P Municipal Bond Rate Index as of the measurement date, as required under GASB 75. The discount rate increased from 4.13 percent to 4.21 percent.

Sensitivity of the University's Proportionate Share of the Total OPEB Liability to Changes in the Discount Rate – The following table presents the university's proportionate share of the total OPEB liability, as well as what the university's proportionate share of the total OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (3.21 percent) or 1 percentage-point higher (5.21 percent) than the current rate:

	1% Decrease 3.21%	Current Discount Rate 4.21%	1% Increase 5.21%
University's proportionate share of the total OPEB liability	$ 283,249,045	$ 241,380,442	$ 208,372,595

Sensitivity to the University's Proportionate Share of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates – The following table presents the university's proportionate share of the total OPEB liability, as well as what the university's proportionate share of the total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Current Healthcare Cost Trend Rates	1% Increase
University's proportionate share of the total OPEB liability	$ 204,383,535	$ 241,380,442	$ 289,588,194

OPEB Expense and Deferred Outflows of Resources & Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2025, the university recognized OPEB expense of $31,536,903. At June 30, 2025, the university reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Transactions subsequent to the measurement date	6,779,887	-
Total	**$ 88,714,654**	**$ 91,957,385**

Of the total amount reported as deferred outflows of resources related to OPEB, $6,779,887 resulting from transactions (e.g. benefit payments) subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the total OPEB liability and included in OPEB expense in the year ended June 30, 2026. 12. RETIREMENT PLANS – DEFINED BENEFIT PENSION PLANS

General Information about the Florida Retirement System

The Florida Retirement System was created in Chapter 121, Florida Statutes, in order to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 121, Florida Statutes, also provides for nonintegrated, optional retirement programs in lieu of the FRS to certain members of the Senior Management Service Class (SMSC) employed by the State and faculty and specified employees in the State university system. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the university are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services website (www.dms.myflorida.com).

The university's pension expense for the FRS and HIS cost-sharing multiple-employer defined benefit plans totaled $52,640,375 for the 2024-25 fiscal year.

FRS Pension Plan

Plan Description - The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Senior Management Service Class* (SMSC) – Members in senior management level positions.
- *Special Risk Class* – Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of creditable service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of creditable service. Members of the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost–of-living adjustments to eligible participants.

The Deferred Retirement Option Program, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS-participating employer. An employee may participate in DROP for a period not to exceed 96 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided - Benefits under the Plan are computed on the basis of age, and/or years of service, average final compensation, and credit service. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on retirement plan and/or the class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following table shows the percentage value for each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service	% Value
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 years of service or more	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
Senior Management Service Class	2.00
Special Risk Class	3.00

As provided in Section 121.101, Florida Statutes, if the member was initially enrolled in the Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member was initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions - The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2024-25 fiscal year were as follows:

	Percent of Gross Salary	
Class or Plan	**Employee**	**Employer (1)**
Florida Retirement System, Regular	3.00	13.63
Florida Retirement System, Senior Management Service	3.00	34.52
Florida Retirement System, Special Risk	3.00	32.79
Teachers' Retirement System, Plan E	6.25	13.90
Deferred Retirement Option Program - Applicable to Members from All of the Above Classes or Plan	0.00	21.13
Florida Retirement System, Reemployed Retiree	(2)	(2)

(1) Employer rates include 2 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include .06 percent for administrative costs of the Investment Plan.
(2) Contribution rates are dependent upon retirement class in which reemployed.

The university's contributions to the Plan totaled $46,647,577 for the fiscal year ended June 30, 2025.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2025, the university reported a liability of $295,350,641 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The university's proportionate share of the net pension liability was based on the university's 2023-24 fiscal year contributions relative to the total 2023-24 fiscal year contributions of all participating members. At June 30, 2024, the university's proportion was 0.76 percent, which was equal to its proportionate share measured as of June 30, 2023.

For the fiscal year ended June 30, 2025, the university recognized pension expense of $45,838,806. In addition, the university reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 29,838,344	$ -
Changes of assumptions	40,480,506	-
Net difference between projected and actual earnings on pension plan investments	-	19,630,540
Changes in proportion and differences between university contributions and proportionate share of contributions	7,566,494	2,685,353
University contributions subsequent to the measurement date	46,647,577	-
Total	**$ 124,532,921**	**$ 22,315,893**

The deferred outflows of resources totaling $46,647,577, resulting from university contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount
2026	$ (3,911,758)
2027	50,352,302
2028	5,437,480
2029	888,745
2030	2,802,682
Thereafter	-
Total	**$ 55,569,451**

Actuarial Assumptions - The total pension liability in the July 1, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

- Inflation 2.40 percent
- Salary Increases 3.50 percent, average, including inflation
- Investment Rate of Return 6.70 percent, net of Plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2021. This is a change from the previous valuation in which the mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2024 valuation were based on the results of an actuarial experience study for the period July 1, 2018, through June 30, 2023.

The long-term expected rate of return on Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Annual Geometric Return	Standard Deviation
Cash	1.0%	3.3%	3.3%	1.1%
Fixed Income	29.0%	5.7%	5.6%	3.9%
Global Equity	45.0%	8.6%	7.0%	18.2%
Real Estate (Property)	12.0%	8.1%	6.8%	16.6%
Private Equity	11.0%	12.4%	8.8%	28.4%
Strategic Investments	2.0%	6.6%	6.2%	8.7%
Total	**100.0%**			
Assumed Inflation - Mean			2.4%	1.5%

(1) As outlined in the Plan's investment policy

Discount Rate - The discount rate used to measure the total pension liability was 6.70 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2024 valuation was unchanged from the previous valuation.

Sensitivity of the University's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the university's proportionate share of the net pension liability calculated using the discount rate of 6.70 percent, as well as what the university's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (5.70 percent) or 1 percentage-point higher (7.70 percent) than the current rate:

	1% Decrease (5.70%)	Current Discount Rate (6.70%)	1% Increase (7.70%)
University's proportionate share of the net pension liability	$ 519,511,436	$ 295,350,641	$ 107,568,430

Pension Plan Fiduciary Net Position - Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

HIS Pension Plan

Plan Description - The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided - For the fiscal year ended June 30, 2025, eligible retirees and beneficiaries received a monthly HIS payment of $7.50 for each year of creditable service completed at the time of retirement with a minimum HIS payment of $45 and a maximum HIS payment of $225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Contributions - The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2025, the contribution rate was 2 percent of payroll pursuant to section 112.363, Florida Statutes. The university contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which HIS payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The university's contributions to the HIS Plan totaled $7,272,437 for the fiscal year ended June 30, 2025.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2025, the university reported a liability of $111,292,652 for its proportionate share of the net pension liability. The current portion of the net pension liability is the university's proportionate share of benefit payments expected to be paid within one year, net of the university's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was

measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The university's proportionate share of the net pension liability was based on the university's 2023-24 fiscal year contributions relative to the total 2023-24 fiscal year contributions of all participating members. At June 30, 2024, the university's proportion was 0.74 percent, which was an increase of 7 basis points from its proportionate share measured as of June 30, 2023.

For the fiscal year ended June 30, 2025, the university recognized pension expense of $6,801,569. In addition, the university reported deferred outflows of resources and deferred inflow of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 1,074,606	$ 213,698
Changes of assumptions	1,969,619	13,175,622
Net difference between projected and actual earnings on HIS Plan investments	-	40,250
Changes in proportion and differences between university contributions and proportionate share of contributions	15,405,770	2,128,866
University contributions subsequent to the measurement date	7,272,437	-
Total	**$ 25,722,432**	**$ 15,558,436**

The deferred outflows of resources totaling $7,272,437 was related to pensions resulting from university contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2026. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount
2026	$ 665,208
2027	254,555
2028	(327,479)
2029	904,572
2030	1,136,617
Thereafter	258,086
Total	**$ 2,891,559**

Actuarial Assumptions - The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

- Inflation 2.40 percent
- Salary Increases 3.50 percent, average, including inflation
- Municipal Bond Rate 3.93 percent

Mortality rates were based on the Generational PUB-2010, projected generationally with Scale MP-2021. This is a change from the previous valuation in which the mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

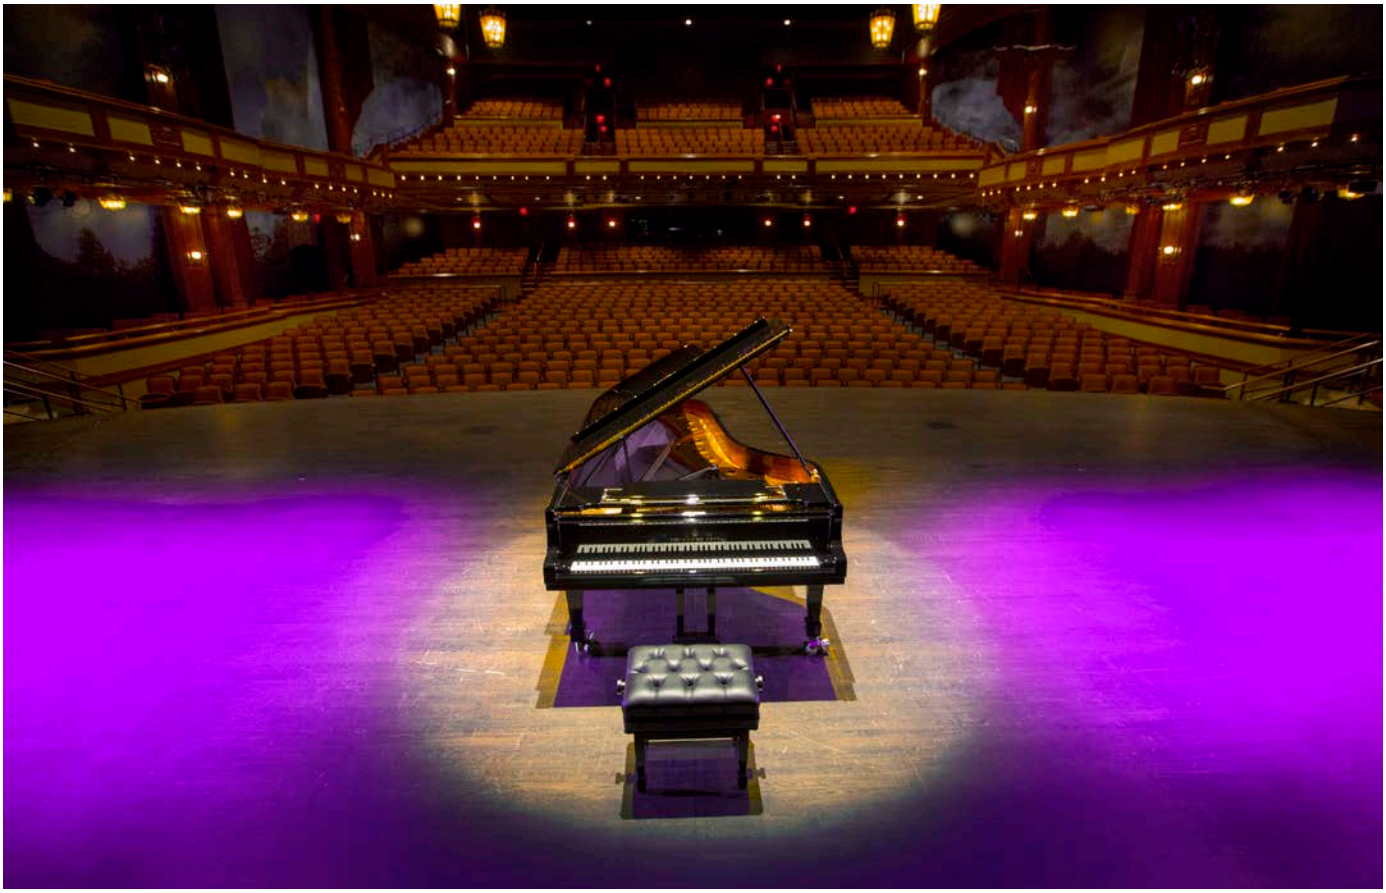
While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate - The discount rate used to measure the total pension liability was 3.93 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate used in the 2024 valuation was updated from 3.65 percent to 3.93 percent.

Sensitivity of the University's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the university's proportionate share of the net pension liability calculated using the discount rate of 3.93 percent, as well as what the university's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (2.93 percent) or 1 percentage-point higher (4.93 percent) than the current rate:

	1% Decrease (2.93%)	Current Discount Rate (3.93%)	1% Increase (4.93%)
University's proportionate share of the net pension liability	$ 126,692,381	$ 111,292,652	$ 98,508,388

Pension Plan Fiduciary Net Position - Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Annual Comprehensive Financial Report.



13. RETIREMENT PLANS – DEFINED CONTRIBUTION PENSION PLANS

FRS Investment Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State's Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. University employees already participating in the State University System Optional Retirement Program or DROP are not eligible to participate in this program. Employer and employee contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Service retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contributions, that are based on salary and membership class (Regular Class, Senior Management Service Class, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the Investment Plan member accounts during the 2024-25 fiscal year were as follows:

Class or Plan	Percent of Gross Compensation
Florida Retirement System, Regular	11.30
Florida Retirement System, Senior Management Service	12.67
Florida Retirement System, Special Risk	19.00

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the FRS Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2025, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the university.

After termination and applying to receive benefits, the member may roll over vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The university's contributions to the Investment Plan totaled $19,090,392 and employee contributions totaled $4,101,933 for the 2024-25 fiscal year.

State University System Optional Retirement Program

Section 121.35, Florida Statutes, provides for an Optional Retirement Program (ORP) for eligible university instructors and administrators. The ORP is designed to aid State universities in recruiting employees by offering more portability to employees not expected to remain in the FRS for eight or more years.

The ORP is a defined contribution plan, which provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the participant. Employees in eligible positions can make an irrevocable election to participate in the ORP, rather than the FRS, and purchase retirement and death benefits through contracts provided by certain insurance carriers. The employing university contributes 5.14 percent of the participant's salary to the participant's account, 4.84 percent to cover the unfunded actuarial liability of the FRS pension plan, and 0.01 percent to cover administrative costs, for a total of 9.99 percent, and employees contribute 3 percent of the employee's salary. Additionally, the employee may contribute, by payroll deduction, an amount not to exceed the percentage contributed by the university to the participant's annuity account. The contributions are invested in the company or companies selected by the participant to create a fund for the purchase of annuities at retirement.

The university's contributions to the ORP totaled $30,633,393 and employee contributions totaled $15,170,388 for the 2024-25 fiscal year.

15. RISK MANAGEMENT PROGRAMS

The university is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Pursuant to Section 1001.72(2), Florida Statutes, the university participates in State self-insurance programs providing insurance for property and casualty, workers' compensation, general liability, fleet automotive liability, Federal Civil Rights, and employment discrimination liability. During the 2024-25 fiscal year, for property losses, the State retained the first $2 million per occurrence for all perils except named windstorm and flood. The State retained the first $2 million per occurrence with an annual aggregate retention of $40 million for named windstorm and flood losses. After the annual aggregate retention, losses in excess of $2 million per occurrence were commercially insured up to $62.5 million for named windstorm and flood losses through February 14, 2025, and increased to $75.3 million beginning February 15, 2025. For perils other than named windstorm and flood, losses in excess of $2 million per occurrence were commercially insured up to $237.5 million through February 14, 2025, and increased to $350 million beginning February 15, 2025; and losses exceeding those amounts were retained by the State. No excess insurance coverage is provided for workers' compensation, general and automotive liability, Federal Civil Rights and employment action coverage; all losses in these categories are completely self-insured by the State through the State Risk Management Trust Fund established pursuant to Chapter 284, Florida Statutes. Payments on tort claims are limited to $200,000 per person, and $300,000 per occurrence as set by Section 768.28(5), Florida Statutes. Calculation of premiums considers the cash needs of the program and the amount of risk exposure for each participant. Settlements have not exceeded insurance coverage during the past three fiscal years.

Pursuant to Section 110.123, Florida Statutes, university employees may obtain healthcare services through participation in the State group health insurance plan or through membership in a health maintenance organization plan under contract with the State. The State's risk financing activities associated with State group health insurance, such as risk of loss related to medical and prescription drug claims, are administered through the State Employees Group Health Insurance Trust Fund. It is the practice of the State not to purchase commercial coverage for the risk of loss covered by this Fund. Additional information on the State's group health insurance plan, including the actuarial report, is available from the Florida Department of Management Services, Division of State Group Insurance.

University Self-Insurance Program

The Florida State University College of Medicine Self-Insurance Program was established pursuant to Section 1004.24, Florida Statutes on July 1, 2006. The Self-Insurance Program provides professional and general liability protection for the Florida State University Board of Trustees for claims and actions arising from the clinical activities of the College of Medicine faculty, staff and resident physicians. This includes the faculty and staff of the College of Nursing, effective July 1, 2009, and the faculty and staff of the Student Health Center, effective July 1, 2010. Liability protection is afforded to the students of each college. The Self-Insurance Program provides legislative claims bill protection.

The university is protected for losses that are subject to Section 768.28, Florida Statutes, to the extent of the waiver of sovereign immunity as described in Section 768.28(5), Florida Statutes. The Self-Insurance Program also provides $1,000,000 per legislative claims bills inclusive of payments made pursuant to Section 768.28, Florida Statutes; $250,000 per occurrence of protection for the participants that are not subject to the provisions of Section 768.28, Florida Statutes; $250,000 per claim protection for participants who engage in approved community service and act as Good Samaritans; and student protections of $200,000 for a claim arising from an occurrence for any one person, $300,000 for all claims arising from an occurrence and professional liability required by a hospital or other healthcare facility for educational purposes not to exceed a per occurrence limit of $1,000,000.

The Self-Insurance Program's estimated liability for unpaid claims at fiscal year-end is the result of management and actuarial analysis and includes an amount for claims that have been incurred but not reported. Changes in the balances of claims liability for the Self-Insurance Program during the 2024-25 fiscal year are presented in the following table:

Fiscal Year	Claims Liabilities Beginning of Year	Current Claims/Changes in Estimates	Claims Payments	Claims Liabilities End of Year
2023-24	$ 548,454	$ 91,636	$ (78,933)	$ 561,157
2024-25	561,157	62,000	(19,922)	603,235

16. FUNCTIONAL DISTRIBUTION OF OPERATING EXPENSES

The functional classification of an operating expense (instruction, research, etc.) is assigned to a department based on the nature of the activity, which represents the material portion of the activity attributable to the department. For example, activities of academic departments for which the primary departmental function is instruction may include some activities other than direct instruction such as research and public service. However, when the primary mission of the department consists of instructional program elements, all expenses of the department are reported under the instruction classification. The operating expenses on the statement of revenues, expenses, and changes in net position are presented by natural classifications. The following are those same expenses presented in functional classifications as recommended by NACUBO:

Functional Classification		Amount
Instruction	$	559,883,978

17. SEGMENT INFORMATION

A segment is defined as an identifiable activity (or grouping of activities) that has one or more bonds or other debt instruments outstanding with a revenue stream pledged in support of that debt. In addition, the activity's related revenues, expenses, gains, losses, assets, and liabilities are required to be accounted for separately. The following financial information for the university's Parking and Housing facilities represents identifiable activities for which one or more bonds are outstanding:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (Government Auditing Standards), the financial statements of the Florida State University, a component unit of the State of Florida, and its aggregate discretely presented component units as of and for the fiscal year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated January 29, 2026, included under the heading **INDEPENDENT AUDITOR'S REPORT**. Our report includes a reference to other auditors who audited the financial statements of the aggregate discretely presented component units, as described in our report on the University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control

that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the Housing System for the fiscal year ended June 30, 2025, and should be read in conjunction with the financial statements and notes thereto.

OVERVIEW OF FINANCIAL STATEMENTS

Pursuant to the Governmental Accounting Standards Board (GASB) Statement No. 35, the Housing System's financial report consists of three basic financial statements: the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows.

The Statement of Net Position

The statement of net position reflects the assets and liabilities of the Housing System, using the accrual basis of accounting, and presents the financial position at a specified time. Assets less liabilities equal net position, which is one indicator of the Housing System's current financial condition. The changes in net position that occur over time indicate improvement or deterioration in the Housing System's financial condition.

The following summarizes the Housing System's assets, liabilities, and net position at June 30:

Condensed Statement of Net Position
at June 30

	2025	2024
Assets		
Current Assets	$ 79,264,775	$ 97,211,696

Unrestricted	75,361,750	92,576,959
Total Net Position	**$ 263,695,344**	**$ 243,461,207**

The Housing System's assets totaled $381.1 million at June 30, 2025. This balance reflects an increase of $9.4 million, or 2.5 percent, as compared to the 2023-24 fiscal year. The overall increase in total assets was mainly due to a $10.2 million increase in capital assets driven by the acquisition of new student housing facilities. Liabilities decreased by $10.9 million, or 8.5 percent, primarily due to the reduction in the outstanding principal amount of bonds payable. As a result, the Housing System's net position increased by $20.2 million to a year-end balance of $263.7 million.

The Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenues, expenses, and changes in net position presents the Housing System's revenue and expense activity, categorized as operating and nonoperating. Revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

The following summarizes the Housing System's activity for the 2024-25 and 2023-24 fiscal years:

Condensed Statement of Revenues, Expenses, and Changes in Net Position
For the Fiscal Years

	2024-25	2023-24
Operating Revenues	$ 56,816,252	$ 54,284,766
Less, Operating Expenses	(40,365,819)	(37,525,464)
Operating Loss	**16,450,433**	**16,759,302**
Net Nonoperating Revenues	3,783,704	4,163,439
Net Increase in Net Position	**20,234,137**	**20,922,741**
Net Position, Beginning of Year	243,461,207	222,538,466
Net Position, End of Year	**$ 263,695,344**	**$ 243,461,207**

Operating Revenues

GASB Statement No. 35 categorizes revenues as either operating or nonoperating. Operating revenues generally result from exchange transactions where each of the parties to the transaction either gives or receives something of equal or similar value.

The following summarizes the operating revenues by source that were used to fund operating activities for the 2024-25 and 2023-24 fiscal years:

Operating Revenues
For the Fiscal Years

	2024-25	2023-24
Rental Income	$ 56,816,252	$ 54,284,766
Total Operating Revenues	**56,816,252**	**54,284,766**

Housing System operating revenues totaled $56.8 million for fiscal year 2024-25, an increase of $2.5 million or 4.7 percent over the prior year, primarily reflecting modest increases in student housing rates.

Operating Expenses

Expenses are categorized as operating or nonoperating. The majority of the Housing System's expenses are operating expenses as defined by GASB Statement No. 35. GASB gives financial reporting entities the choice of reporting operating expenses in the functional or natural classifications. The Housing System has chosen to report the expenses in their natural classification on the statement of revenues, expenses, and changes in net position.

The following summarizes operating expenses by natural classification for the 2024-25 and 2023-24 fiscal years:

Operating Expenses
For the Fiscal Years

	2024-25	2023-24
Compensation and Employee Benefits	$ 8,563,305	$ 13,284,551
Services and Supplies	11,931,628	5,412,270
Utilities and Communications	7,429,560	6,570,188
Depreciation	8,902,758	8,857,829
Administrative Overhead	3,538,568	3,400,626
Total Operating Expenses	**$ 40,365,819**	**$ 37,525,464**

Operating expenses totaled $40.4 million for the 2024-25 fiscal year representing an increase of $2.8 million, or 7.6 percent, as compared to the 2023-24 fiscal year. Compensation and employee benefits decreased by $4.7 million, or 35.5 percent, which was mainly offset by an increase in services and supplies of $6.5 million resulting primarily from a reclassification of service level agreements for custodial and maintenance services.

Nonoperating Revenues and Expenses

Certain revenue sources that the Housing System relies on to provide funding for operations, including net investment income, are defined by GASB as nonoperating. Nonoperating expenses include capital financing costs and other costs related to capital assets. The following summarizes the Housing System's nonoperating revenues and expenses for the 2024-25 and 2023-24 fiscal years:

Nonoperating Revenues (Expenses)
For the Fiscal Years

	2024-25	2023-24
Investment Income	$ 5,861,215	5,539,289
Net Increase (Decrease) in the Fair Value of Investments	141,397	2,132,567
Interest on Capital Asset-Related Debt	(3,133,390)	(3,747,297)
Other Nonoperating Revenues (Expenses)	914,482	238,880
Net Nonoperating Revenues (Expenses)	**$ 3,783,704**	**$ 4,163,439**

The Housing System's net non-operating revenues and expenses totaled $3.8 million representing a decrease of $380 thousand, or 9.1 percent, as compared to the 2023-24 fiscal year. Unrealized gains in the fair value of investments decreased due to a significant reduction in the allocation to the State Treasurer's investment pool. The increase to other nonoperating revenues was driven by the removal of the compensated absences liability due to the implementation of a university-wide fringe benefit pool.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Reporting Entity. The financial statements of the Florida State University Housing System are an integral part of the financial statements of Florida State University. The university is a part of the State University System and accordingly, is governed, regulated, and coordinated by the Florida Board of Governors and the university's Board of Trustees.

Basis of Presentation. The Housing System's accounting policies conform with accounting principles generally accepted in the United States of America applicable to public colleges and universities as prescribed by GASB. The National Association of College and University Business Officers (NACUBO) also provides recommendations prescribed in accordance with generally accepted accounting principles promulgated by GASB which allows public universities various reporting options. The Housing System has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and reporting including the following components:

- Management's Discussion and Analysis
- Basic Financial Statements:
  - Statement of Net Position
  - Statement of Revenues, Expenses, and Changes in Net Position
  - Statement of Cash Flows
  - Notes to Financial Statements

Measurement Focus and Basis of Accounting. The Housing System's financial statements are presented using the economic resources measurement focus, which aims to report all inflows, outflows, and balances affecting or reflecting an entity's net position, and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

The Housing System's principal operating activities consist of providing on campus student housing. Operating revenues and expenses generally include all fiscal transactions directly related to these activities as well as administration, operation and maintenance of capital assets, and depreciation of capital assets. Nonoperating revenues include investment income. Interest on capital asset-related debt is a nonoperating expense.

The statement of net position is presented in a classified format to distinguish between current and noncurrent assets and liabilities. When both restricted and unrestricted resources are available to fund certain programs, it is the Housing System's policy to first apply the restricted resources to such programs, followed by the use of the unrestricted resources.

The statement of revenues, expenses, and changes in net position is presented by major sources.

The statement of cash flows is presented using the direct method in compliance with GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting.*

Cash and Cash Equivalents. Cash and cash equivalents consist of cash on hand and cash in demand accounts. University cash deposits are held in banks qualified as public depositories under Florida law. All such deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes. Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other restricted assets, are classified as restricted.

Capital Assets. The Housing System's capital assets consist of land, buildings and improvements, furniture and equipment, and construction in progress. These assets are capitalized and recorded at cost at the date of acquisition or at acquisition value at the date received in the case of gifts and purchases of State surplus property. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The Housing System has a capitalization threshold of $5,000 for tangible personal property and $100,000 for buildings and other improvements.

Depreciation is computed on the straight-line basis over the following estimated useful lives:

- Buildings, Infrastructure and Other Improvements – 10 to 50 years
- Furniture and Equipment – 3 to 20 years

Noncurrent Liabilities. Noncurrent liabilities include principal amounts of capital improvement debt payable that are not scheduled to be paid within the next fiscal year. Capital improvement debt is reported net of unamortized premium or discount. The Housing System amortizes debt premiums and discounts over the life of the debt using the straight-line method.

2. Investments

The Housing System's investments are pooled with the university's investments and are not specifically identified. Section 1011.42(5), Florida Statutes, authorizes universities to invest funds with the State Treasury and State Board of Administration (SBA) and requires that universities comply with the statutory requirements governing investment of public funds by local governments. Accordingly, universities are subject to the requirements of Chapter 218, Part IV, Florida Statutes. The university's Board of Trustees has adopted a written investment policy providing that surplus funds of the university shall be invested in those institutions and instruments permitted under the provisions of Florida Statutes. Pursuant to Section 218.415(16), Florida Statutes, the university is authorized to invest in the Florida PRIME investment pool administered by the SBA; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits and savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; direct obligations of the United States Treasury; obligations of Federal agencies and instrumentalities; securities of, or interests in, certain open end or closed end management type investment companies; and other investments approved by the Board of Trustees as authorized by law.

Investments set aside to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital assets are classified as restricted.

The additional disclosures required by GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, are not applicable to the Housing System since it has no direct investments.

3. Receivables

Accounts Receivable and Allowance for Doubtful Receivables. Accounts receivable represent amounts for various sales and services provided to students and third parties. Allowances for doubtful accounts are reported based on management's best estimate as of fiscal year end considering type, age, collection history, and other factors considered appropriate.

Accounts receivable are reported net of an allowance for uncollectible accounts. An estimated allowance of $127,090 was applied to gross accounts receivable of $646,856.

4. Capital Assets

Capital assets activity for the fiscal year ended June 30, 2025, is shown in the following table:

	Beginning Balance	Additions	Reductions	Ending Balance

Proceeds from the bonds provided financing to construct student housing facilities. The bonds are payable solely from future housing rental revenues and are payable through 2040. The State Board of Education and the State Board of Administration administer the principal and interest payments, investment of sinking fund resources, and compliance with reserve requirements. Total principal and interest remaining on the debt is $133.8 million and principal and interest paid for the current year totaled $13.9 million. During the 2024-25 fiscal year, housing rental revenues totaled $56.8 million.

Annual requirements to amortize all capital improvement debt outstanding as of June 30, 2025, are as follows:

On the date of issuance of the 2026A Bonds in definitive form, Bryant Miller Olive, P.A., Bond Counsel, proposes to render its approving opinion in substantially the following form:

[Date of Delivery]

Board of Governors
Tallahassee, Florida

Division of Bond Finance of the State Board of Administration of Florida
Tallahassee, Florida

Ladies and Gentlemen:

We have served as Bond Counsel to the Division of Bond Finance of the State Board of Administration of Florida (the "Division of Bond Finance") and we have examined certified copies of the proceedings of the Board of Governors (the "Board"), the Division of Bond Finance, the State Board of Administration of the State of Florida, applicable provisions of the Constitution and laws of the State of Florida, and other proofs submitted to us relative to the issuance and sale of:

$_____
STATE OF FLORIDA
BOARD OF GOVERNORS
FLORIDA STATE UNIVERSITY
DORMITORY REVENUE BONDS
SERIES 2026A
Dated _____, 2026
(the "2026A Bonds")

The 2026A Bonds are being issued by the Division of Bond Finance in the name of and on behalf of the Board for the purposes of (i) financing a portion of the costs of the 2026A Project (as defined in the hereinafter defined Resolution), (ii) refunding certain of the outstanding State of Florida, Board of Governors, Florida State University Dormitory Revenue Bonds, Series 2014A and 2015A, and (iii) paying costs associated with the issuance of the 2026A Bonds, under the authority of and in full compliance with the Constitution and statutes of the State of Florida (the "State"), including particularly Sections 215.57-215.83, Florida Statutes, Section 1010.62, Florida Statutes, and other applicable provisions of law. The principal of, premium, if any, and interest on the 2026A Bonds will be secured by and payable solely from a pledge of the Pledged Revenues (as defined in the hereinafter defined Resolution) on a parity with the Outstanding Bonds and any Additional Parity Bonds (each as defined in the hereinafter defined Resolution).

In rendering this opinion, we have relied upon representations of the Division of Bond Finance in the Resolution and the Board in the Board Resolution (as defined herein) and in the

certified proceedings and other certifications of public officials and others furnished to us, without undertaking to verify the same by independent investigation. We have not undertaken an independent audit, examination, investigation or inspection of such matters and have relied solely on the facts, estimates, and circumstances described in such proceedings and certifications. We have assumed the genuineness of signatures on all documents and instruments, the authenticity of documents submitted as originals and the conformity to originals of documents submitted as copies.

The 2026A Bonds do not constitute a general obligation of the State or any political subdivision thereof within the meaning of any constitutional, statutory or other limitation of indebtedness and the owners thereof shall never have the right to compel the exercise of any ad valorem taxing power or taxation in any form on any real or personal property for the payment of the principal of or interest on the 2026A Bonds.

The opinions set forth below are expressly limited to, and we opine only with respect to, the laws of the State and the federal income tax laws of the United States of America.

Based on our examination, we are of the opinion that, under existing law:

1. The proceedings and proofs show lawful authority for issuance and sale of the 2026A Bonds pursuant to the Constitution and statutes of the State and pursuant to resolutions authorizing the issuance and sale of the 2026A Bonds duly adopted by the Governing Board of the Division of Bond Finance on November 17, 1992, as amended and restated on July 25, 2000, and as further amended on October 28, 2003, and on September 20, 2011, and as amended and supplemented on June 9, 2026 (collectively, the "Resolution") and a resolution of the Board adopted on June 25, 2026 (the "Board Resolution").

2. The 2026A Bonds (i) have been duly authorized, executed, and delivered by the Division of Bond Finance and the Board and (ii) are valid and binding special obligations of the Board enforceable in accordance with their terms, payable solely from the Pledged Revenues in the manner and to the extent provided in the Resolution.

3. The 2026A Bonds and the income thereon are not subject to any State tax except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

4. Interest on the 2026A Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not an item of tax preference for purposes of the federal alternative minimum tax; however, interest on the 2026A Bonds may be taken into account for the purpose of computing the alternative minimum tax imposed on certain corporations. The opinion set forth in the preceding sentence is subject to the condition that the Division of Bond Finance and the Board comply with all requirements of the Code that must be satisfied subsequent to the issuance of the 2026A Bonds

in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The Division of Bond Finance, the Board, and Florida State University have covenanted in the Resolution to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the 2026A Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the 2026A Bonds.

It is to be understood that the rights of the owners of the 2026A Bonds and the enforceability thereof may be subject to the exercise of judicial discretion in accordance with general principles of equity, to the valid exercise of the sovereign police powers of the State of Florida and of the constitutional powers of the United States of America and to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted.

For purposes of this opinion, we have not been engaged or undertaken to review and, therefore, express no opinion herein regarding the accuracy, completeness, or adequacy of the Official Statement or any other offering material relating to the 2026A Bonds. This opinion should not be construed as offering material, an offering circular, prospectus, or official statement and is not intended in any way to be a disclosure statement used in connection with the sale or delivery of the 2026A Bonds. Furthermore, we are not passing on the accuracy or sufficiency of any CUSIP numbers appearing on the 2026A Bonds. In addition, we have not been engaged to and, therefore, express no opinion as to compliance by the Division of Bond Finance, the Board, or the underwriter or underwriters with any federal or state statute, regulation or ruling with respect to the sale and distribution of the 2026A Bonds or regarding the perfection or priority of the lien on the Pledged Revenues created by the Resolution. Further, we express no opinion regarding federal income or state tax consequences arising with respect to the 2026A Bonds other than as expressly set forth herein.

Our opinions expressed herein are predicated upon present law, facts and circumstances, and we assume no affirmative obligation to update the opinions expressed herein if such laws, facts or circumstances change after the date hereof.

Respectfully submitted,

BRYANT MILLER OLIVE P.A.

APPENDIX J

PROVISIONS FOR BOOK-ENTRY ONLY SYSTEM OR REGISTERED BONDS

The Depository Trust Company and Book-Entry Only System

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE DIVISION OF BOND FINANCE (THE "DIVISION") BELIEVES TO BE RELIABLE; HOWEVER, THE DIVISION TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities and Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants" and together with Direct Participants, the "Participants"). DTC has a rating of AA+ from S&P Global Ratings. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond (a "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in Beneficial Ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Division as soon as practicable after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Bond Registrar/Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, (nor its nominee), the Bond Registrar/Paying Agent, the Division, or the Board of Governors, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest to Cede & Co. (or such other nominee as may be **requested** by an authorized representative of DTC) is the responsibility of the Bond Registrar/Paying Agent; disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services with respect to the Bonds at any time by giving reasonable notice to the Division or Bond Registrar/Paying Agent and discharging its responsibilities with respect thereto under applicable law. The Division may decide to discontinue use of the system of book-entry transfers for the Bonds through DTC (or a successor securities depository). Under such circumstances, in the event that a successor securities depository is not obtained, certificates for the Bonds will be printed and delivered as provided in the documents authorizing the issuance and sale of the Bonds.

For every transfer and exchange of beneficial interests in the Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other government charge that may be imposed in relation thereto.

So long as Cede & Co., as nominee of DTC, is the registered owner of the Bonds, references herein to the Registered Owners or Holders of the Bonds shall mean Cede & Co. and not mean the Beneficial Owners of the Bonds unless the context requires otherwise.

The Division, the Board of Governors, and the Bond Registrar/Paying Agent will not have any responsibility or obligation with respect to:

(i) the accuracy of the records of DTC, its nominee or any DTC Participant or any successor securities depository, participants thereof or nominee thereof with respect to any beneficial ownership interest in the Bonds;

(ii) the delivery to any DTC Participant or participant of any successor securities depository or any other person, other than a registered owner, as shown in the Bond Register, of any notice with respect to any Bond, including, without limitation, any notice of redemption;

(iii) the payment to any DTC Participant or participant of any successor securities depository or any other person, other than a registered owner, as shown in the Bond Register, of any amount with respect to the principal of, premium, if any, or interest on the Bonds, or the purchase price of, any Bond;

(iv) any consent given by DTC or any successor securities depository as registered owner; or

(v) the selection by DTC or any DTC Participant or by any successor depository or its participants of the beneficial ownership interests in the Bonds for partial redemption.

So long as the Bonds are held in book-entry only form, the Division, the Board of Governors, and the Bond Registrar/Paying Agent may treat DTC and any successor Securities Depository as, and deem DTC and any successor Securities Depository to be, the absolute owner of the Bonds for all purposes whatsoever, including, without limitation:

(i) the payment of the principal of, premium, if any, and interest on the Bonds;

(ii) giving notices of redemption and other matters with respect to the Bonds;

(iii) registering transfers with respect to the Bonds; and

(iv) the selection of the beneficial ownership interests in the Bonds for partial redemption.

Payment, Registration, Transfer and Exchange

The following provisions shall only be applicable if the book-entry-only system of registration is discontinued; for provisions which are applicable while the book-entry only system of registration is in effect, see "Book-Entry Only System" above.

The Division, the Board of Governors, and the Bond Registrar/Paying Agent may treat the Registered Owner of any Bond as the absolute owner for all purposes, whether or not such Bond is overdue, and will not be bound by any notice to the contrary.

Principal of and premium, if any, on the Bonds will be payable upon presentation and surrender of the Bonds when due at the corporate trust office of U.S. Bank Trust Company, National Association, as Bond Registrar/Paying Agent.

Each Bond will be transferable or exchangeable only upon the registration books by the Registered Owner or an attorney duly authorized in writing, upon surrender of such Bond to the Bond Registrar/Paying Agent together with a written instrument of transfer (if so required) satisfactory in form to the Division of Bond Finance and the Bond Registrar/Paying Agent, duly executed by the Registered Owner or a duly authorized attorney. Upon surrender to the Bond Registrar/Paying Agent for transfer or exchange of any Bond, duly endorsed for transfer or accompanied by an assignment in accordance with the Resolution, the Bond Registrar/Paying Agent will deliver in the name of the transferee(s) a fully registered Bond of authorized denomination of the same maturity for the aggregate principal amount which the Registered Owner is entitled to receive.

Neither the Division nor the Bond Registrar/Paying Agent may charge the Registered Owner or transferee for any expenses incurred in making any exchange or transfer of the Bonds. However, the Division and the Bond Registrar/Paying Agent may require payment from the Registered Owner of a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in relation thereto. Such governmental charges and expenses must be paid before any such new Bond is delivered.

The Bond Registrar/Paying Agent will not be required to issue, transfer, or exchange any Bonds on the Record Date.
